The Ladies' Aid of Union M. E. Church met at the home of Mr. and Mrs. G. Thos. Dewberry on Wednesday evening.

PROTECT THE GAME

A movement is under way to protect the game of this section by enlisting the aid of sportsmen in shooting game destroying animals and birds before they have an opportunity to cause destruction during the nesting and mating season. Plans are being made to have every sportsman interested in game protection, spend some time ridding woods, field and marsh of predatory hawks, owls and crows, weasles and others who annually kill ten times as much game as all gunners combined. It has been stated that the red squirrel alone will kill 200 birds a season, while the great horned owl destroys annually covey after covey of quail. Special efforts are being made to enlist the aid of game lovers against the crow who is described as destroying individually more birds of all kinds, more birds' eggs and young poultry than any other bird that ever flapped a wing.

All game destroying animals and birds are classed by sportsmen and game lovers as vermin, and it is expected that vermin hunting clubs can of established gun clubs will join in the movement by going into the woods and shooting as many game destroyers as they can find.

Louis Rainore, said to be [illegible] and Anna Spence, 14 years old, both of Wilmington, were one of seven couples refused marriage licenses here last week, one or both applicants being under age. Miss Spence's parents blocked her match here. A Wilmington special to Sunday's Baltimore American says that they were put wise here, hied them to Chestertown, got a license and were married by Rev. T. J. Sard, formerly of Wilmington. They took a trip to Reading, Pa., and returned on Saturday to Wilmington, where the bride was arrested as incorrigible. She flashed her marriage certificate at the hearing, admitting that she had sworn that she was 18 year old.—Whig.

GIVE THE FACTS

Mrs. Cross Tells Of Full Restoration By Tanlac, Hoping To Help Others.

Still another who cannot resist the impulse to publicly express her feeling of gratitude for the benefits she has derived from the Tanlac treatment is Mrs. Maud M. Cross, 370 H St., Southwest, popular saleswoman in the Cunningham Deparement store at 316 7th St., Northwest, Washington, D. C. Mrs. Cross said recently:

"I can't praise Tanlac too highly, for two bottles of the medicine has given me new strength and energy, after I had reached the point where I had no appetite, felt tired and wornout all the time and in just that miserable, half-sick, rundown condition that robs life of nearly all its pleasures and makes work a burden.

"I noticed an improvement when I had finished my first bottle of Tanlac and now my appetite is fine, that tired, wornout, rundown feeling is gone entirely and I feel so much better in every way I don't hesitate to recommend Tanlac to all my friends."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—Adv.

Gasoline, to give you complete satisfaction, must be made to specifications as carefully as the motor in which it is used.

In its all-round completeness lies the strength of "Standard" Gasoline

Made In Maryland

JUST as there is a great difference in houses, automobiles and roads because of the way in which they are built so there is a marked difference in gasoline. Building good gasoline is chiefly a matter of skill, long experience and up-to-date equipment. "Standard" the Balanced gasoline, is complete because it is built to rigid specifications. It has *all* the qualities that you require in a motor fuel.

This gasoline hasn't been perfected in a week or a month or a year. Constant effort over a long period of years has made it possible. Starting with a strong foundation of abundant *power*, this company has built into its gasoline those other qualities which you usually take for granted but which are very often lacking—quick pick-up, instant starting, long mileage, full clean burning, uniform quality.

Get all the satisfaction you're entitled to from your annual gasoline investment—by using "Standard" regularly. At the red S. O. pump—everywhere.
