Dividend Paying Co.

THE MUTUAL FIRE INSURANCE CO.
Of Kent County

is the institution which pays its Policy-Holders a dividend each year. This dividend is credited to the policy and forms a nice saving fund. As an example::

Nathan Smith, of Stevensville, paid in Company in 27 years $58.32 on a risk of $180. Upon canceling this policy in February he was paid $31.75, making his insurance cost him an average of less than $1 per year.

B. S. Sutton, Black's, paid $376 in eleven years on $1,900 and was returned January 27th, $199.05, making his risk cost about $16 per year.

Charles H. Crowding paid $89.28 in 12 years on $1,250 and received January 13th $44.72 making his insurance cost less than $4 per year.

Conservatism and caution its motto. Nearly three million dollars' worth of property insured.

Then, if ever come perfect days."

PENNSYLVANIA RAILROAD SYSTEM
THE STANDARD RAILROAD OF THE WORLD

Less than one per cent of the thousands of calls sent over the wires are made to wrong numbers. Even this small percentage is annoying to you and we are constantly working to reduce it.

Wrong numbers are due to mistakes made either by the person calling or by the operator. Users may depend upon their memory instead of looking in the telephone directory; they may speak indistinctly; they may fail to talk directly into the mouthpiece. The operator, with thousands of lines before her, may plug into the wrong line; she may misunderstand the number given or she may repeat it incorrectly to the operator at another office.

In training, supervising and directing our operators WE MAKE EVERY EFFORT TO AVOID THE GIVING OF WRONG NUMBERS. And you will assist us if you will observe the following rules:

1. **Always look in the directory for the number.**
2. **In asking for a number, place your lips close to the telephone and speak slowly and distinctly.**
3. **Listen to the operator when she repeats the number so that you may correct her if necessary.**

An observance of these simple rules will help us to give you better telephone service.

PRIZES OFFERED FOR HISTORICAL SKETCHES

Eastern Shore Society Will Again Give Prize For Best Historical Sketch Of Kent County.

In 1924 the Eastern Shore Society of Baltimore City, will offer in each county on the Shore, another prize of $20.00 for the best historical sketch written by a student of that county.

Only a student of the graduating class can compete, and the conditions of the contest are as follows:

a. The article must be written in its entirety by a member of the class of 1294 of one of the high schools of that city.

b. It must deal with the period beginning with the Revolutionary War and ending with the "War of 1812."

c. It must either be a biographical sketch of one of the residents of that county or of some one very closely associated with it, or it must deal with some event or events directly concerned with the history of the county.

d. It must be between 1,000 to 1,500 words in length.

e. It must be submitted to the committee on or before November 15, 1923. Send all essays and communications concerning contest to George L. Radcliffe, chairman Historical Essay Committee, Fidelity and Deposit Co., Baltimore.

f. A special additional prize will be given for the best sketch submitted in the contest irrespective of from which county it comes.

It would be well for the prospective graduates of Kent county to do some historical research work during the vacation days.

2,000,000 FROG LEGS

The News noted last week the shipment of frogs from Betterton to Baltimore. It is of interest to note that the shipping from a plant in his back yard 500 to 600 dozen from legs every day in the year, Emil Neuenfalt, of Oshkosh, Wis., realizes a very large income and has made Oshkosh the heaviest shipping point for frog legs in the country. More than 2,000,000 frog legs are sent out annually by Neuenfeldt, who was formerly a railroad brakeman.

Mr. Neuenfeldt entered the business of raising frogs on a large scale from supplying fishermen with bait when they came out from the large cities. His business has now developed to such a magnitude that he has a business office in Chicago and leaves the local operations in the hands of his son.

The frog farm in the back yard of the Neuenfeldt, inclosed by a high board fence, is a plot of ground 70x100 feet. The frogs are kept in concrete trenches 50 feet long and six feet wide, fitted with refrigerating pipes. Running water is provided. The frogs are not raised on the lot but are brought in from creeks and marshes in this section, and in the harvest season often as many as fifty men are employed.

A small frame building serves as slaughtering and dressing quarters, and as the frogs are needed they are dipped from the trenches and placed in a tank charged with electricity. The current passing through the water not only kills the frogs but extends the legs uniformly, so that amputation is made easy.

The problem of suppressing the noise made by the frogs in their natural element is overcome by the refrigeration pipes in the trenches. They soon feel the cold after being placed in the trenches, get the idea that winter has come and hibernate. Neighbors are not disturbed in the least by the Neuenfeldt frogs, which might otherwise be objected to as a nuisance.

J. P. DUNN WINS STAY IN SUIT BY WOMAN

Fearing the jury was prejudiced in favor of Mrs. Wm. H. Sanner, No. 1846 North Chester street, Baltimore, James P. Dunn, owner of the Quinton Stock Farm, near Chestertown, won his plea to escape her suit for $5,000 Friday in the court at Easton, charging false arrest and imprisonment.

His plea for change of venue was denied, but trial of the case was postponed until November 10.

Mrs. Sanner's husband, on Thursday, was awarded $2,000 for the two days he was imprisoned when, he claimed, Dunn caused the police to raid his former home at No. 2115 E. North avenue, November 16, 1922, and to arrest him on charges of embezzlement, larceny and destruction property while he was manager of the Quinton Stock Farm two years ago. He was acquitted.

James Knox, stable boy on the farm, also filed a suit for $5,000, charging false arrest, but the case was dismissed owing to youth of Knox.

TO RELIEVE PAIN AND BACKACHE

Women May Depend upon Lydia E. Pinkham's Vegetable Compound

Minneapolis, Minn.—"I had heard so much about Lydia E. Pinkham's Vegetable Compound that when I realized I needed to take something to relieve my pains and backache, and to help build me up I began to take that. I had been sick off and on for years and barely weighed a hundred pounds, but now I have had such good results that I am recommending the Vegetable Compound to every one."—Mrs. J. J. BIEBER, 3939 18th Ave. South, Minneapolis, Minn.

Finds a True Friend

"Every woman who values her health should be proud to have a true friend like the Vegetable Compound," says Mrs. W. E. Shaw, 3227 Walnut Street, Chicago, Illinois. "I had female weakness so badly that I could not stand on my feet. Half of my time was spent in bed and I had pains in my back which were unbearable. I tried everything I could think of to help myself, and when a friend advised Lydia E. Pinkham's Vegetable Compound I began taking it at once. I recommend it without hesitation."
