WEDDING NOTES

Galen Vansant, Esq., son of Mr. and Mrs. William Vansant, of Chestertown, and Miss Emily Henderson, of Danville, Va., were quietly married at the home of the bride Thursday. They arrived in Chestertown on Friday for a short visit with the groom's parents.

Mr. and Mrs. Charles E. Comegys, of Chestertown, announce the engagement of their daughter, Miss Alice Elizabeth Comegys, to James L. Chamberlain. The wedding will take place in the fall.

A COUNTY-WIDE MEETING

A county-wide meeting in the interest of Sabbath Observance will be held in Christ M. P. Church here on Sunday evening, June 17, at 6.30 o'clock. The principal speaker will be Hon. John A. McSparran, Master of the Pennsylvania State Grange and a candidate for Governor against Governor Pinchot. His subject will be "The Christian Sabbath." Other speakers are announced. Mr. McSparran is one of the greatest platform orators of these times and a fine opportunity is thus afforded the public to hear him.

A pioneer in the organization of Maryland clubs into a State federation, one of its best-loved leaders and its honorary president, Mrs. Francis Sanderson, whose death on Monday morning followed a stroke of paralysis, will be greatly missed in the city's club circles. Mrs. Sanderson had been critically ill for four weeks.

A clubwoman for many years, Mrs. Sanderson held the office of recording secretary for a series of terms. She was elected president of the Maryland Federation of Women's Clubs in 1915, serving until her resignation in 1922, at which time she was made honorary president.

It was during the last year of her presidency that the State Federation was reorganized to conform to the plan of the general federation for State auxiliaries.

John Heldmyer, Jr., has sold the "Herman Swain farm," near St. Georges, to Clyde Reburn takes possession at once. He also has sold the "Shelton farm," near BohemiaBridge (240 acres) to Henry Haley, of Kent County, Md. Mr. Haley takes possession January 1st, 1924.

COUNTY TAX RATE $1.48

At a special meeting of the County Commissioners held Thursday evening the rate for 1923 was fixed at $1.48 on the hundred dollars. This is six cents less than last year and $1.03 less than 1921. The Commissioners are to be congratulated upon their excellent management. While the basis was increased about two million there were a number of items of extra expense. Engineer Applegarth spent $6,000 above amount levied for road work, Crumpton bridge cost about $3,000, repairs to public buildings and installing heating plant about $5,000, besides other extra items of expense.

The schools last year were allowed $85,000 while this year they will get $104,000. This results from the 67 cents rate fixed by law and because of the increased basis gives them more money.

The basis last year was $12,501,329 in real and personal property whereas this year it is about fourteen million.

The State tax rate this year is 30 cents whereas last year it was 35 cents.

TO PROMOTE THE GUERNSEY BREED

Plans of a large and important nature are being formulated by the Md. Guernsey Breeders Association, to promote a more extensive breeding of this type diary cow. In order to raise sufficient funds to employ a State Feld Agent who will have charge of the Maryland, Delaware and Pennsylvania territory, the members of the association are giving bull calves instead of money contributions.

These calves are accepted only from owners of absolutely pure bred stock from government inspected herds, and all have placed on them a minimum valuation of fifty dollars.

On Tuesday, June 19th, a sale will be conducted at Centreville and all the calves now in the possession of the association will be placed on sale. The proceeds will all be turned over to the organization for the purpose of defraying the expense of maintaining a field agent. This agent will have as his duties the task of interesting dairymen in the Guernsey breed of cattle.

To prove the growing popularity of Guernsey cattle, figures are advanced showing that $3600 worth of the breed have been sold in Queen Anne's County within the last thirty days.

The Citizens Bank

—OF—

Chestertown, Maryland.

The reason we have asked the people of Kent County and Queen Anne's County to watch the growth of the Citizens Bank of Chestertown is given below. We have told you we have never known any Bank that did so well in so short a time as the Citizens Bank of Chestertown.

We have reasons for our belief that within three years we shall be

The Largest Bank in Kent Co.

It has always been admitted that the SECOND NATIONAL BANK of Chestertown was the most successful institution ever started in Kent County.

The sworn condition of the Second National by its statement MARCH 1st, 1892, showed:

Deposits $152,511.35

The Second National Bank on that day was one year and ten months old.

The Citizens Bank on June 6th, 1923, had—

Deposits $153,363.47

On that day the Citizens Bank was just exactly NINE months old. Yet in nine months it had grown to have larger Deposits than the Second National Bank when one year and ten months old.

Does not such a growth as this as seen by the above comparison satisfy you that the Citizens Bank is the COMING BANK of the future?

4½ Paid On ALL Savings Deposits

This is the only Bank on the Eastern Shore of Maryland which pays 4½ per cent. to its Savings Depositors. Write and ask for a Deposit Book. Write and ask for an active account book and for active account cheques and savings deposit cheques. We will handle your business with care and all the possible skill of conservative Bankers. All information is at your disposal. If you have any Banking business of any kind we are at your service.

To all persons who desire money for a short time or a longer time, we can accommodate them. All we ask is proper security from our borrowers. We pay interest on all Sav-ings deposits for every day it is deposited with us. If your Savings are 25c, 50c or $1.00 every week, you are a customer of our Bank and you are entitled to the same consideration as the largest depositor,

Cordially yours,
