Dividend Paying Co.

THE MUTUAL FIRE INSURANCE CO.
Of Kent County

is the institution which pays its Policy-Holders a dividend each year. This dividend is credited to the policy and forms a nice saving fund. As an example::

Nathan Smith, of Stevensville, paid in Company in 27 years $58.32 on a risk of $180. Upon canceling this policy in February he was paid $31.75, making his insurance cost him an average of less than $1 per year.

B. S. Sutton, Black's, paid $376 in eleven years on $1,900 and was returned January 27th, $199.05, making his risk cost about $16 per year.

Charles H. Crowding paid $89.28 in 12 years on $1,250 and received January 13th $44.72 making his insurance cost less than $4 per year.

Conservatism and caution its motto. Nearly three million dollars' worth of property insured.

Less than one per cent of the thousands of calls sent over the wires are made to wrong numbers. Even this small percentage is annoying to you and we are constantly working to reduce it.

Wrong numbers are due to mistakes made either by the person calling or by the operator. Users may depend upon their memory instead of looking in the telephone directory; they may speak indistinctly; they may fail to talk directly into the mouthpiece. The operator, with thousands of lines before her, may plug into the wrong line; she may misunderstand the number given or she may repeat it incorrectly to the operator at another office.

In training, supervising and directing our operators WE MAKE EVERY EFFORT TO AVOID THE GIVING OF WRONG NUMBERS. And you will assist us if you will observe the following rules:

1. **Always look in the directory for the number.**
2. **In asking for a number, place your lips close to the telephone and speak slowly and distinctly.**
3. **Listen to the operator when she repeats the number so that you may correct her if necessary.**

An observance of these simple rules will help us to give you better telephone service.

PURE BRED HOLSTEIN IN KENT

The Advanced Registry Office of The Holstein Friesian Association of America reports creditable record of a purebred Holstein owned by N. E. Pennington, Kennedyville. Bess Clothilde Pontiac Burke at the age of two years and three months, produced 460.0 pounds of milk, 16.196 pounds of butter fat equivalent to 20.2 pounds of butter in seven days. A certain standard of production is required according to age and length of test before a cow is admitted to the Advanced Registry. Cows with official records of production sell easier and higher than those without as shown by a survey of sales.

MINUTE TALKS
BY THE
Business Men's Association

Every successful business is in a constant state of reorganization. It is a sign of weakness rather than of strength when the management becomes completely satisfied with methods and policies over any considerable length of time and this is true of a Business Men's Association as of any other organization of men. Who can measure the effect of disinterested public service upon the character and broadened vision of men working together for the upbuilding of the community and doing this without any thought of personal gain or desire for personal recognition. The business man, the professional man, in fact every man, needs constantly to be reminded that he is not only a man, but a citizen; not only one, but one of many. He needs to be drawn away from his isolation; to be directed from the earnestness of his pursuits. He needs to be taught the advantage which lies in mutual confidence, and in concurrent action. The whole effect of an organization of men is to socialize, to liberalize, to harmonize. It softens the asperities of competition, it reconciles apparently conflicting interests and it demonstrates that the common welfare is the best basis for individual prosperity. In this connection, therefore, the following definitions of a good citizen are appropriate.

Who Is a Good Citizen?

A good citizen must be honest, honorable and just in his relations to mankind, loyal to his friends, to family and to country and loyal to convictions and to conscience, chivalric to the weak and dependent; ready to sacrifice personal interest and personal comfort for the good of the community; fight for the right and not only pull his own weight but help raise the moral standards of his community to a higher level.. (Barton Hepbron, former Pres., N. Y. Chamber of Commerce.)

A man who does not live for himself alone, one who is concerned in the welfare of his fellow; who will if necessary make sacrifices to rectify wrongs, to eliminate evils, and make every effort for the common uplift; who will endeavor by all means within his power to see to it that these principles shall find expression in his laws and in the administration of the affairs of government of his city and his state and his country. This is a good citizen. (Samuel Gompers, Amer. Fed. of Labor.)

A good citizen is an intelligent and judicious man who loves freedom, justice and mercy and is prepared on occasions to sacrifice his own interests to the common good. The fact is, that in modern life, with its far-reaching political and industrial complications, the good citizen is not so common in free states as he used to be, because he needs to possess a high degree of intelligence and good judgment. (Dr. Chas. W. Eliot, Harvard University.)

Zealous in business, not permitting his daily task to obscure his vision of life's great problems, honestly liquidating his debt to the community by expending time, or thought, or money to elevate both social and civic standards; he, whether rich or poor, is a good citizen. (Harry A. Wheeler, former Pres. U. S. Chamber of Commerce.)

Black and orange, official colors of Maryland, will be carried next year by every automobile issued a license plates will have black numerals on an orange background, it was announced this week. The District of Columbia will decide on a color combination not in conflict with either Maryland or Virginia licenses.

To the Democratic Voters of Kent County, Maryland,

Ladies and Gentlemen:

Having recently received several letters from different sections of the county, and having been asked by a number of loyal party people, both men and women to present my name again as a candidate for the Democratic nomination for State Senator, beg to say that after careful consideration concerning this matter, I have fully concluded to do so.

While thus announcing myself I cordially ask for your assistance, and trust that you may be able and willing to give me your earnest and active support. Should I succeed in receiving the nomination at your hands and then be fortunate enough to win at the polls in November it will be my pleasure and my pride to discharge the duties of said office with promptness, uprightness and courtesy to all.

My attachment to the party which won my early allegiance has grown stronger with the passing years, and I hope to be worthy of your confidence and endorsement once more. I regard the State Senatorship as an important public trust, but am not pressing any special claims or fitness upon my fellow-citizens in this connection.

Realizing my many shortcomings and imperfections I humbly await the verdict of my party, and by this verdict I now promise to abide.

Faithfully yours,
WILLIAM F. RUSSELL.

A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber.

Firestone

CUT TIRE PRICES
10%
EFFECTIVE JUNE 11

We announce a 10% reduction in tires and tubes, effective June 11th. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousand of Gum-Dipped Cords—the best Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis Sweepstakes, May 30th, without a single tire failure.

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 194 per cent. in the past six months.

We have replaced many expensive branches with warehouses. We now have 108 distributing-points which are delivering Firestone Tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.
