

Wilmington

The Wilmington Chamber of Commerce has invited all business men, and others who care to accept, to a noon-day luncheon on Monday, July 16th. The trip will be made by motor and the visitors will be shown through the city and the magnitude of Wilmington's commercial and manufacturing interests explained by a committee of the Chamber. One of the chief points of interest will be the new three million dollar Marine Terminal. The object of the Wilmington Chamber is a proper co-operation and coordination between the respective interests of the two cities. No doubt the junket will be highly interesting and instructive and of great benefit to the Association. It is desired to have as large a number as possible on the trip and all those interested are requested to get in touch with Mr. Richard Collins, Jr., as soon as possible.

Hail And Fare Well

It is with deep regret we learn of the impending resignation of Mr. C. A. Goodwin from the Presidency of the Association. As one of the founders of the organization he early realized the importance of such a body of men to the Town and the community at large and from its inception he has taken the most active interest in its affairs. Due largely to his untiring efforts in the furtherance of its aims, he was elected to his present office and since then he has lent his best energy to the development of a wide and useful program of work. We cannot speak too highly of his laudable public spirit and of his practical application of the principles of community service.

Graduated from the Northeast Manual Training School of Philadelphia in 1912, Mr. Goodwin entered the Ford Motor Company and passed through every phase of Ford activity, being finally made a traveling agent in the territory which includes Kent County. It was then he decided to locate in Chestertown and his subsequent building up of a thriving and successful business proved the wisdom of his choice.

From the beginning he took a decided interest in matters of community betterment and spared himself no pains in doing his share of the common labor, frequently at great personal sacrifice. As a member of the Board of Town Commissioners, to which he was elected shortly over a year ago, he manifested the same generosity of public spirit characteristic of all his work.

In his new and wider field of endeavor the Association bespeaks for him the continuation of a successful and useful career. He will remain an active member of the organization and will continue his interest in Chestertown affairs.

Mr. Goodwin—Hail and Farewell!

Meeting Of Parent–Teachers Association

The Parent-Teacher Association of Chestertown Elementary School held its last meeting for the school year, June 7th, 1923, the president, Mrs. W. W. Chapman, presiding.

The following officers for the ensuing year were unanimously elected by the association:

President, Mrs. D. B. Ford; Vice President, Mrs. Hynson Rogers; Secretary, Mrs. Ella P. Robinson; Treasurer, Mrs. Hope Malin.

The summary of what the Association has accomplished during the year is given below.

Oct. 5th, 1922, the amount of $12 was spent in "First Aid Equipment" and paper towels for the school.

Oct. 17th, one hundred chairs were bought for the Assembly Hall. The amount paid for same being $137.50.

A luncheon was served the teachers and other school officials of the county, at the Teacher's meeting, held Nov. 3rd, 1922, in the Chestertown Elementary School.

A new volume, "Americana Annual 1923" was added to the Americana Encyclopedia, which encyclopedia was bought for the school, Jan. 17th, 1922, by the Association at an expense of $171.

The proceeds of the lunch and refreshments, served by the Association during the Kent County Field Day Exercises, netted $132.12.

The Treasurer, June 1923, reported $140.40 in bank to the credit of the Association.

The teachers of the C. E. S. have been much encouraged and helped by the cooperation of the parents and patrons through this organization and it is the desire of the Association that, during the next school year, there should be not only an increased membership but also a better attendance at the monthly meetings. It seems obvious, that through this cooperation of parents and teachers greater results for the good of the school may be accomplished.

Notice to the Public

Having sold my interest in the Graham & Thomas Hardware Company, I will now devote my entire time to the life insurance business, having associated myself with the Columbia National Life Insurance Company of Boston, Mass. If interested in either life, accident or health insurance, would be glad to have you consult with me before placing your business. My office is in the Parks Building, in the room formerly occupied by Mr. R. Groome Parks as a law office.

Having sold my interest in the firm of the Graham & Thomas Hardware Co. to Mr. H. F. Jefferson, the store will be closed from Monday, July 2d, until finishing an invoice of stock.

All those having bills against the firm, please present them promptly. All those in debt to the firm, we will have to ask to settle promptly, either by cash or note, so that we may close affairs of the firm up to July 1. Bills can be presented or paid to either H. R. Graham or M. W. Thomas during the next 30 days.

I wish to thank the public for the liberal patronage they have given me in the past and ask for my successor a continuance of the same.

COULD HARDLY DO ANY WORK

Since Taking Lydia E. Pinkham's Vegetable Compound This Woman Feels So Well

Keeseville, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for the good it has done me. I was so much troubled with female weakness I could hardly do any work. I saw your advertisement in the paper, and read it to my husband. He said, 'You had better try Lydia E. Pinkham's Vegetable Compound', so I bought six bottles, and by taking it I am not troubled as I was. I am gaining strength and getting fleshy. My female troubles have vanished and I have never felt so well. The Liver Pills are the best I ever took. If you think my letter will encourage other sufferers you have my permission to use it as an advertisement."—Mrs. SARAH BLAISE, Box 177, Keeseville, N. Y.

Doing the housework for the average American family is some task, and many women lose their health in so doing. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

STUDEBAKER BIG-SIX FIVE-PASSENGER COUPE $2550

The Big-Six Coupe Offers a Rare Combination of Elegance and Utility

Into the Studebaker Big-Six five-passenger Coupe have gone, without compromise, the finest design, materials, workmanship and the best of Studebaker's 71 years' experience.

Nothing has been left undone to make this big, roomy coupe as fine an enclosed car as can be built.

Certainly no car performs more brilliantly or is more reliable. None possesses greater beauty or is more luxuriously comfortable. None is more enjoyable to drive—and no other make of car is more completely equipped.

You will appreciate the generous roominess of this Big-Six Coupe, its sterling quality of body and chassis and its wealth of refinements—including the large trunk; extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers front and rear; courtesy light; motometer; flower vase; clock; aluminum-bound running boards with corrugated rubber mats and step pads; rear-view mirror, automatic windshield cleaner, glare-proof visor, and many others.

Its low price is due to large volume and to the fact that Studebaker overhead is shared by three models—all sixes. Then, too, only one manufacturing profit is included in the Big-Six price because all vital parts are manufactured in Studebaker plants.

Studebaker has been building quality vehicles for more than two generations.

Power in surplus measure to satisfy the most exacting owner
