HOG CHOLERA DAYS ARE APPROACHING

The time of year is at hand when the farmer and swine raiser needs to be particularly vigilant in keeping out his arch-enemy, Mr. Hog Cholera Germ.

Statistics gathered by Dr. I. K. Atherton, in charge of hog cholera work, indicate that on the average 70 per cent of the hog cholera outbreaks in the State during the year occur in the period from August 1st to December 1st.

There is undoubtedly a reason for this and in the opinion of the specialists, it is due to the fact that a large number of farmers usually run short in their meat supply during these months and make a practice of buying market pork. The scraps of this reach the hogs through the table refuse and garbage and produce cholera in the farm heard, if the meat happens to be infected. This practice together with that of bringing in new hogs accounts for approximately 95 per cent of all primary cases of cholera.

It costs nothing to keep your herd free from cholera—stop feeding kitchen refuse which may contain scraps of raw pork.

An ounce of hog cholera prevention is worth a ton of hog cholera "cure." Beware—be careful.

HORACE B. DERRICK.
DR. W. H. WRIGHT,

CHIROPRACTIC
NOT A NEW OR UNTRIED METHOD

Discovered in 1895 by D. D. Palmer of Davenport, Iowa, the Chiropractic has grown by leaps and bounds, until today there is scarcely a community of any size without a Chiropractor, and the good word of Chiropractic is being spread to every corner of the earth.

The fact that in the past 10 or 12 years the great majority of the States of the Union have given legal recognition to Chiropractic proves that Chiropractic is advancing on its merits alone.

Chiropractic is well known in the larger towns and cities, especially in the Western States. Numerous people in Kent county have tried Chiropractic in Baltimore, Wilmington and Philadelphia with good results but generally speaking Chiropractic is comparatively new in this section of the Shore.

Being a new method of healing and differing radically from all other methods naturally there is bound to be a great deal of scepticism regarding its curative value. So overcome this scepticism and to show and prove my confidence in the curative value of Chiropractic. I am willing to make this offer.

After analyzing your case if I find that I can help you, I will agree to take your case with the understanding that if you follow my instruction and take the adjustments for a sufficient length of time you will get well or your money will be refunded.

You have all to gain; nothing to lose. You cannot now afford to hesitate to try Chiropractic and regain your health. No charge for consultation.

The New Five Passenger Buick!

A new Buick six-cylinder touring car! Buick in character—Buick in quality—yet a new Buick—a finer Buick. It has a compelling fascination that inspires you to take the wheel and, conscious of being fittingly conveyed, travel the ways of business or of pleasure.

Here, too, is power. And with this greater power is also greater safety for the proved Buick brakes are now applied to all four wheels. The new Buick 70 h. p. valve-in-head motor with its complete automatic system of lubrication contributes to that greater measure of utility and satisfaction which it is Buick's policy, year after year, to build into its cars.
