A Splendid Campaign Waged By Democratic Organization

The Primaries will be held in Kent and other counties of the State Monday. In this county there are no contests among the Republicans nor among the Democrats for State's Attorney, and Judges of Orphans Court. There are, however, many places for which there are two or more candidates.

The Judgeship fight, as was stated last week, is between Judge Keating Harry Legg, Esq., and Omar Crothers, Esq. The News advises all its readers to vote for the man who is proving himself able to fill the job and against whom cannot be named a single reason why he should not be nominated. We predicted his carrying Kent by 500 and reiterate same.

Senator William F. Russell and his fellow Democrats on the ticket have presented their cause to the people of Kent and stand on a platform whose planks are firm and steadfast. There is not a wobbly board in it.

The voters of Kent realize that all farmers and business men are in a position where they need the greatest amount of constructive legislation that can be enacted to improve the economic and agricultural status of the county.

The fact that the farmer is in need of helpful legislation is a statement which does not admit of argument. And n a community like this, when every other business is dependent upon the success achieved by the farmer, the business man necessarily is in identically the same position as the agriculturist.

The men at the head of the News column today stand for enactment of legislation beneficial to the farming industry, to work for the repeal of the reassessment law—a measure which calls for a reassessment every five years. They will work hand-in-hand with the County Commissioners to effect an honest reduction in the county tax rate, that the burden of taxation may be removed from the shoulders of the masses.

And upon these issues they deserve the support and encouragement of Kent county voters who are sincerely and unselfishly interested in the prosperity and advancement of the county and state.

The men on the Democratic Organization ticket are representative citizens of Kent county. They are clean, capable, deserving men who, if nominated, will be elected and will work whole heartedly for the good of the people.

The political situation in Queen Anne's was thrown into a flutter last week by the withdrawal of J. Fletcher Rolph as a candidate for clerk.

...Y IMPOSSIBLE

You cannot be for a thing and against it at the same time. You cannot be for two things at the same time when one is in direct opposition to the other. You cannot be for "law enforcement" and against "law enforcement" at the same time. Such things never have been done by anybody, living or dead, and it is worse than nonsense and humbuggery for any candidate to try to do them now. Such a candidate is simply deceiving himself, or trying to deceive the people when he undertakes to perform this "political impossibility."
