INTEGRITY Studebaker SERVICE

1924 Model
Studebaker Light-Six
Touring Car
$995

The Price of This Car Is Misleading

Some buyers take it for granted that cars which sell at about the same prices are equal in value. This is distinctly not the case. To buy on this basis would be an injustice to yourself.

You can pay several hundred dollars more than the Light-Six price and get a car that represents no greater, if as great, intrinsic value as the Studebaker Light-Six.

Or you can pay about the same price as the Light-Six, or less, and get a car that is high-priced when compared with the Light-Six because it does not represent as much for the money invested.

And in the Light-Six you enjoy all the advantages of smooth, flexible, dependable, six-cylinder performance.

You get a beautiful, substantial, well-built, roomy and comfortable car.

The practical absence of vibration in the Light-Six is a notable achievement. It is due largely to the fact that the Light-Six crankshaft and connecting rods are machined on all surfaces. This is an exclusive Studebaker practice on cars within hundreds of dollars of the Light-Six price.

Stop in and see the 1924 Model Light-Six.

Test it for yourself—drive it and make your comparisons. Driving is believing.

After seventy-one years of service the name Studebaker enjoys confidence and respect more than ever.

NEW STATE OFFICERS TO SERVE THREE YEARS

Owing to the quarennial elections amendment to the State Constitution, state and county officials elected this fall, including the Governor will serve for only three years. Judges of the Circuit Courts and of the Supreme Bench of Baltimore city are an exception.

One year will be cut from the terms of the Governor and Attorney-General elected in November. Three years will be cut from the usual six-year term of the Clerk of the Court of Appeals. The Comptroller will be elected for three years, which is one more than the previous term for that office and one year less than it will be after the elections of 1926, in which year the quadrennial plan for State elections will begin to operate.

State Senators elected in 1923 will serve for three years instead of four. Members of the House of Delegates elected this fall will serve for three years instead of two. There will be only one regular session of the General Assembly—that of 1924.

Clerks of Court and Registers of Wills elected in November will have terms of only three years—half the period hitherto customary. Sheriffs in the counties will gain a year by being elected for three years and the Sheriff of Baltimore city will lose a year.

State's Attorneys, judges of the Orphans' Court and other officials ordinarily elected for terms of four years will be elected this fall for terms of three years.

Beginning with the elections of November, 1926, all state and county officers, with the exception of judges of the Circuit Court and the Supreme Bench and the member of the Court of Appeals from Baltimore city, will be elected for terms of four years.

CLAY STORY LIVES IN PICTURE FORM

Novel Faithfully Translated In Picture Vision By Gasnier

Those lovers of the old romantic tales that cause us to catch our breath and think of the loves of our youth will be more than satisfied with the beautiful production of "Thorns and Orange Blossoms," to be shown at the Lyceum Theatre Friday and Saturday of this week.

The Bertha M. Clay story, over which every reader of fiction must have cried and laughed at some time in his or her career, has been visualized as a Preferred Picture by Gasnier, who had the added advantage of a cast that might be equaled, but certainly could not be excelled.

The work of every member of the cast already is familiar to theatre goers here. But it seldom has been the privilege of any of the company to have roles such as are offered them in this unusual story. The principal parts are played by Estelle Taylor, Kenneth Harlan, Edith Roberts, Arthur Hull, Carl Stockdale and Evelyn Selbie.

In addition to the intense heart interest supplied by the plot, the artistic effort that is exhibited by all of the players and the high sense of the dramatic exhibited in the direction, "Thorns and Orange Blossoms" profits by some of the most beautiful photographs ever thrown upon the screen. Karl Struss, well known as the winner of numerous prizes at Photographic art exhibits in years past, certainly has brought all of his cunning to the screen.

"STANDARD"
The Balanced Gasoline

MADE IN MARYLAND

The CHOICE

of a great host of motorists, motor truck drivers and taxicab owners, who use it exclusively day in and day out.

They buy it because it gives them the finest all-round service at low cost.

Satisfaction in a motor fuel is no longer a matter of chance. It is an established fact with everyone who buys "Standard", the balanced gasoline.

STANDARD OIL COMPANY
(New Jersey)

That Wonderful "Land of the Sky"

The Symbol of Service

8000 Square Miles of Picturesque Peaks

Nature has been exceedingly lavish with its majestic handiwork in Western North Carolina.

Within a radius of 50 miles of Asheville there are more than sixty forest crowned peaks over 6000 feet high, and over a hundred mountains exceeding 5000 feet in height.

Among these superb peaks is Mt. Mitchell, 6711 feet high, the highest point in Eastern America, and easily accessible by motor road. Here also are Mt. Pisgah overlooking Ashville; Chimney Rock, the towering sentinel of Hickory Nut Gap, with its marvelous outlook; Hickory Nut Falls, 900 feet high; Kanuga Lake; unique Blowing Rock and Grandfather Mountain; Lake Toxaway and the beautiful "Sapphire country."

In this great mountain playground the angler, the camper, the hiker, the golfer, the motorist and the eager lover of nature in her virgin forms will find their fondest desires abundantly met. It is an ideal country for a mountain vacation. The golf courses are numerous and excellent. The roads are good for motoring, and one-day trips may be made to numerous scenic points, passing wonderful views on the way. Mountain bridle paths invite horse back riding, a popular recreation.

Through sleeping car service is provided by the Pennsylvania Railroad in connection with the Southern Railway from New York, Philadelphia, Baltimore and Washington to Asheville.

Write to D. N. Bell, Passenger Traffic Manager, Pennsylvania Railroad, Broad Street Station, Philadelphia, for most interesting descriptive and illustrated literature of the "Land of the Sky."
