The many friends of Curtis W. Long in Kent will be pleased to learn of his success as a candidate for State's Attorney in Wicomico. He is able, fearless and conscientious in the discharge of his duties as State's Attorney.

"If you had to pay the farm wife a salary based on her actual worth, she could command at least $3,800 a year, as seamstress, laundress, cook, nurse, assistant hired man, general manager and several other tasks," declares Professor Ruby Green Smith of Cornell.

The coal miners and operators have reached a compromise, and the strike has been called off, Hard coal will still be scarce, however, and the prices will undoubtedly advance. It is up to the Government to protect the public.

To know God is the beginning of wisdom. It is a shallow knowledge that does not seek first the knowledge of God. Jesus said, "I am the truth," and no man ever came to the knowledge of full-orbed truth who did not first acquaint himself with Jesus.—Ex.

The Democratic State Convention was held Thursday, Hon, Emerson C. Harrington presiding. Kent was represented by Messrs. Elmer Jarman, Morris Cooper and Ernest D. Briscoe. The Democratic nominees for State offices are put at the head of the News columns. The platform approves the return of the saloon, but pledges the party to the old Democratic principle of State's rights. It promises to reduce tax rate, to preserve oyster beds, to aid farmers, points to achievements of administration, reductions in cost of auto licenses, etc., etc.

The last issue of the Dearborn Independent gives an interesting article on profits made by certain mercantile houses. A large Philadelphia house, well-known, is shown to have sold for $12.50 a string of beads which came from Germany to them at a cost of 76 cents, the percentage of profit being 1544. Another house sold stone blocks for $4.00 that cost them a little over 21 cents, making a profit of 1042 per cent. Stern Bros., New York, are reported in the paper to make 2588 per cent on certain vegetable ivory buttons from Germany, etc. And yet many people in the towns and county will do their shopping in the city.

Formal recommendation that the "friends of law and order in Maryland" disregard the Gubernatorial candidates of both Governor Albert C. Ritchie or Attorney General Alexander Armstrong and concentrate on the "decisive" election of "dry" Senatorial and Legislative candidates, regardless of the latters' party affiliations, was made Tuesday by the headquarters committee of the Maryland Anti-Saloon League. It was at an executive session in the office of Superintendent by six of the seven members, that the committee decided that the only effective way of expressing the will of the voters is that "all cast their votes for aspirants to the General Assembly who will uphold their oath of office by supporting the Constitution of the United States."

More Grip on the Road!

Buick Four-wheel Brakes

Buick four-wheel brakes give all 1924 Buick cars twice the amount of grip on the road, thereby doubling their braking efficiency. It is the friction or grip of the tire on the road surface that brakes or slows down the car.

Buick four-wheel brakes not only provide a greater power to stop in case of emergency but, because of this four-wheel road grip, reduce skidding dangers to a minimum.

In turning, Buick four-wheel brake construction automatically releases whichever is the outside or guiding front wheel so it is instantly responsive to the steering mechanism.

Buick four-wheel brake construction distributes braking friction over four drums and four wheels. This reduces wear on brake linings and tires, thereby assuring their longer life and greater efficiency with fewer adjustments.

Buick four-wheel brakes [on all models] together with countless other distinctive features of the 1924 cars further establish Buick as the Standard of Comparison.
