To Preserve I. U. Church History

Rev. S. S. Hepburn, who has been rector of our I. U. parish, Kent county, for many years, has conceived a plan by which the historic interest surrounding the old church may be preserved to posterity. He is having erected around the cemetery, which contains the remains of some of the most distinguished men and women of former years in this county, a cement wall blocked off in tablets upon which are to be inscribed the names of former as well as present members of the parish, and anything else of historic interest pertaining to the family history. Each person is to buy the space and have the inscription lettered on the blocks. I. U. Church is one of the oldest parishes in the State. Organized in 1766, the church was a prosperous institution for many years when it lapsed into oblivion almost for nearly a century. Then it was reorganized by some of the leading citizens in the county, and it has been preserved to this day and at present is a prosperous congregation. The records of the church which date back to its founding in 1766, contain the names of the original vestrymen as well as much of historic interest pertaining to the parish and Rev. Hepburn proposes to preserve these archives and to give to the grounds and surroundings an additional historical significance by the erection of the cement wall around the cemetery. The members of the congregation are co-operating heartily in the enterprise and when the work is completed it will be one of the most interesting spots in Kent county. The church is situated about six miles from Chestertown and is easily accessible to tourists.

MAN STRUCK BY AUTO

Charles See, of Centreville, had a narrow escape from serious injury when he was knocked down by a car in Chestertown, one day last week. Mr. See was just stepping out of a car, when without warning, he was struck by a Ford tuoring car, driven by a negro, and dragged a distance of some 50 yards before the negro, who was just learning to drive, brought the car to a halt. He was immediately rushed to a doctor where his injuries, which consisted of numerous cuts and bruises were attended to. Mr. See was then taken to his son's home, Dorsey See, of Church Hill, where he is recuperating.

IN selecting this line of Dresses we tried to remember all our friends, and our stock looks it. The dresses we are showing are beautiful. Don't forget to look them over when at the store. Ask to see our Silk Dresses at $25.00 and Wool at $15.00. Great values.

Hats

GAGE have outclassed all others this year for style. Call and see our selection and be convinced.

Our Sport Hats are as nobby and attractive as can be. The girl that loves SPORT CLOTHES can surely find something to please.

TWO RINGS REMOVED FROM DOG'S STOMACH

"Lucky," the Boston Bull pup, which last week swallowed two diamond rings belonging to its owner, Mr. Moses Messing, of Grasonville, was operated on at Easton and the rings secured.

The dog was taken to the office of Dr. J. W. Corrigan, a veterinarian, of Easton, and put under an anesthetic. As soon as the dog was completely under its influence Dr. Corrigan immediately operated, and took from the dog's stomach, not only the two diamond rings, but also a quarter, dime, nickel, and a penny. The dog is on the road to recovery.

NETS MUST BE REMOVED

October 1, 1923.

Wm. B. Usilton's Sons,
Chestertown, Md.

Dear Sirs:

The petition of the Watermen's Protective Association of Rock Hall, Md., dated June 4, 1923, asking for an extension of fishing limits in the Chesapeake Bay between Sandy Point and Poole's Island, was discussed at a public hearing held in this city July 23rd, 1923, and thereafter forwarded to the War Department.

The petition has been returned to this office by the Chief of Engineers who has decided against making any changes in the existing regulations. The reason for this decision is that the encroachment of fishing areas on navigable channels at the locality where further extension is proposed is regarded as already as great as consistent with proper preservation and protection of the interests of navigation.

The regulations approved by the Secretary of War March 28, 1921, therefore remain in full force.

Very truly yours,
F. C. HARRINGTON,
Major, Corps of Engineers, District Engineer.

HARRISON—GRUBB

Sabor Lutheran Church, Philadelphia, was the scene of a very pretty wedding on Wednesday, October 3rd, at 3 o'clock p. m., when Miss Anna E. Grubb, daughter of Mr. and Mrs. Otto Grubb, of Eddington, Pa., became the bride of G. Roland Harrison, son of Mr. and Mrs. George I. Harrison, of Crumpton.

The church was beautifully decorated for the occasion with palms, ferns and fall flowers. Rev. Leutriecrh, the pastor, officiated.

The bride was gowned in white satin crepe with roses and lillies of the valley.

The bridesmaids, Misses Edith and Anna Harrison, of Crumpton, wore orchid and blue satin crepe and carried roses and sweet peas.

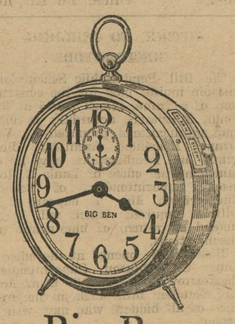

Daniel Neal, of New Jersey, was the best man and the ushers were Milton Harrington, of Suddlersville, and Fred. Grubb, of Philadelphia.

A reception followed the ceremony at the home of the bride's parents at Eddington, after which Mr. and Mrs. Harrison left for a trip to Maine and Canada. They will make their home in Columbus, Ohio, where Mr. Harrison is engaged in business.

Big Ben

the clock you've read so much about in the magazines, arrived in my store yesterday with 23 brothers.

They're the finest alarm clocks I've ever laid eyes on. They're built right and right from the ground up. I'm a practical clock man and I know.

They'll be in my window for the rest of the week and I wish you'd come in and look them over.

Last Longer-Less Adjustment

Buick Four-Wheel Brakes

Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down as quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison".
