A new front entrance will make the old home new. Ask for prices—many designs.

Remodel the Old Home Before Cold Weather

There is ample time yet to remodel the old home before cold weather sets in. Why, then, put it off 'till next year—prices may be higher and materials harder to get.

Stop in soon and we'll talk things over. We have men skilled in the art of making old homes new. They'll gladly help and advise you as to how you can make your money go farthest.

You'll be under no obligation. Our service department is free.

Good woodwork makes—poor woodwork breaks—the beauty of a home.

How is your woodwork? Look it over! Wouldn't a new front entrance make a wonderful improvement? And a new stairway—why you wouldn't know your own home! Windows, too, wear out, you know. Some Adkins windows—any style you wish—will make the old home look new.

Good woodwork is an investment. If you sell or rent your house, it's the woodwork that will speak loudest. People really judge a home by woodwork, just as a man is judged by his clothes and general appearance

A new stairway—what an improvement! Let us show you some Curtis stairs—you'll buy one!

A few new windows—put them in before cold weather. Curtis windows are made right and priced right.

We can make immediate delivery of Curtis Woodwork, which, we think, is the best woodwork made. It has given satisfaction since 1866—57 years.

Come in and see some Curtis Woodwork. Or, write or phone us for free booklets. We can supply plans for 350 Curtis Better Built Homes—all sizes and types. These are all homes for average families of average means.

Remember—

You can get "Everything Needed for Building" from us. No order too small to deliver—no service too great to give.

DYNAMITE WITNESS' BARN

Worcester county's wave of lawless, in the course of which there have already been flagrant cases of arson and threats of murder, flared up anew in Pocomoke City early on Wednesday when vandals dynamited the barn of Patrolman Sylvester Messick, who, with the Rev. J. R. Bickering, has been prominent in the prosecution of bootleggers in that community.

Numerous windows in the vicinity of the Messick residence, in the suburbs, were broken by the force of the blast, which was heard for miles, and which completely demolished the barn Fortunately the outbuildings were situated at a sufficient distance from the Messick residence to prevent injury to members of the family.

Reports of the outrage were brought to State's Attorney William G. Kerbin, Mr. Kerbin said an investigation is under way and intimated an arrest is imminent.

The reign of outlawry, of which the dynamiting is the latest phase, has held Pocomoke City in a grip of terror since August 18, when vandals burned the M. E. parsonage there, endangering the lives of the Rev. Mr. Bickering, his wife, daughter and two sons. Paul Bickering, the youngest son, was badly burned.

The firing of the parsonage was said to have been the retribution of bootleggers for the minister's activities against them. Messick was also prominent in prosecuting this class of law violators.

Soon after the fire citizens of Pocomoke aligned themselves either with or against the faction represented by the minister, and threats of violence flew so thick that there was talk of putting the town under martial law.

Further outbreaks are feared.

CHILDREN'S HOME CAMPAIGN NEXT WEEK
Kent Has $5,500.00 Quota

The campaign to raise $35,000.00 for the enrollment and improvement of the Chillren's Home of Eastern Shore of Maryland, at Easton, Md., will begin next Monday, the 15th, and be concluded on the following Saturday, the 20th. As the Home is non-denominational in so far as the children it receives are concerned, the public generally will be asked to contribute, as well as all members of the Episcopal Church. Pledges will be payable in five equal semi-annual installments, beginning with January 1st next and ending on January 1st, 1926.

Kent county has been asked to contribute $5,500.00. The campaign here is under the supervision of E. Thos. Massey, of Massey, who will furnish information or subscription blanks to any person interested.

The proposed additions to the Home will increase its capacity from 28 to 39 children, and as it is the only home for friendless and orphan children on the Eastern Shore, and the only organized adjunct of the Juvenile Courts of this section, it is believed that the efforts in its behalf will meet with general and liberal response.

CAUTION

All persons are hereby warned against trespassing or trapping with dog, gun or otherwise upon the lands, marshes, shores, etc., of the undersigned. MRS. E. W. DIXON and W. T. DIXON. s22-3t*

A *beautiful* floor — and so easy to keep clean

It *does* take a hardwood floor to make a room look "right"—doesn't it? Its clean lustre is almost essential to set off the furniture and the draperies. A large sweep of hardwood floor—it's really *beautiful*.

And if you install CROMAR, there won't be those widening, dust collecting, deep cracks of the ordinary hardwood floor.

CROMAR is a hardwood floor that is filled, varnished and waxed by machines at the factory. A special, rounded groove makes the cleaning easy. CROMAR is patented, and two carpenters will lay it right over an old floor in one day.

Why CROMAR costs less per room and why it can be laid and used the same day, you will find, among other advantages, in CROMAR literature. Write us for it today. In the meantime get in touch with your Retail Lumber Dealer.

CROMAR
READY FINISHED
OAK FLOORING

Aside from the speed of installation, we recommend CROMAR because it has—a beautiful finish—a durable finish—coating on back to prevent warping—cleanable surface groove, and—costs less than good carpets or other hardwood floors.

Call or phone us for prices on one room or your entire house.
