CHANGE OF LIFE LOSES TERRORS

For Women Who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 95 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

Many times they state in their letters their willingness to answer women who write them. It is an offer dictated by gratitude and a desire to help others.

Washington College Defeated By Mt. St. Mary's

Washington College had an off day at football on Saturday when Mt St. Mary's defeated her by score of 14 to 0. The home team was off color in its playing and the officials gave her the most unfair decisions we have ever seen on a football field.

A large crowd was present to witness the game.

The visitors from Emmitsburg held the edge throughout and proved that they are progressing under the Notre Dame system, as instituted by Walter Halas.

The touchdowns came in the third and fourth quarters, Bonner bucking the line for each after long forward passes had brought the ball within scoring distance.

Abby's Passes Lead To Tallies.

Both passes were made by Abby and Johnson was on the receiving end each time. The first pass was for a distance of 40 yards and carried the ball to the 10-yard line, from where Bonner plunged through guard for the score. Ruiz kicked on the try for point, and made good.

The second forward pass was good for a 30-yard gain and placed the ball on Washington's 1-yard line.

In the first half there was little to choose between the two teams, although Washington gained on the exchange of kicks, while Mount St. Mary's made up for this by gaining a little more ground. When the whistle ended the first half the ball was deep in the territory of Washington and in the possession of the visitors.

Carrington Makes Long Run

Carrington got away for a long run to the goal line, but Crowe, of Washington, was charged by Duch Lentz with slugging and the ball was brought back, Washington penalized and Crowe put out of the game. This broke the spirit of the home team.

Abby, Johnson, Danker and Bonner starred for the visitors, while Reiger, Carrington and Keenan played best for the home team.

St. Mary's—Johnson, le.; H. Morey, lt.; Moore, lg.; O'Neil, c.; B. Morey, rg.; Banker, rt.; Brynes, re.; Ruiz (Capt.), qb.; Abby, lh.; Simpson, rh.; Bonner, fb.

ROAN C. TYSON KILLED WHILE GUNNING FOR DUCKS

Roan C. Tyson, agen 23 years, son of Mr. and Mrs. J. E. Tyson, of Woodlawn, while gunning for ducks off wild duck shore, a short distance from the famous Susquehanna flats Friday afternoon was instantly killed when his gun was accidentally discharged. The young man was in a small boat with his brother, John E. Tyson and Amos Cendinen, when the waves caused the boat to rock. In changing his position in the boat, young Tyson's gun was discharged, the entire load of shot hitting him in the stomach and breast, killing him almost instantly.

Coroner M. F. Magraw, of Elkton, was summoned and after making an investigation issued a certificate of accidental death.

The death of young Tyson is the first fatal gunning accident since the opening of the gunning season.

IN MEMORIAM

A very sad accident occured in Quinton Township, near Salem, N. J., on Thursday evening, October 18, at the home of Miss Nellie Wharton, when Dorothy Virginia, the eighteen months old daughter of Daisy Wells, was so severely scalded by pulling a kettle of boiling coffee from the stove that despite the best medical aid and nursing, the child grew rapidly worse developing a complicated case of kidney trouble, paralysis and inflamation, passing away Saturday evening. The child was one of the handsomest and most winning of children, having many friends during her short stay in New Jersey and is mourned by all who knew her. She was buried Monday, October 22, at Salem, N. J., in the Baptist Cemetery. The Rev. Mr. Myers officiating. The tiny casket being almost hidden with beautiful flowers.

But she is a jewel shinning bright in Heaven,
A jewel rich and rare,
Safe in the arms of the Master,
Sheltered from all sorrow and care
Just like a lily so sweet and pure,
Too lonely for this life,
God in his wisdom gathered you in
From this world of sorrow and strife.

A Friend.

TWO FARM BOYS

The careers of two boys may be interesting to hundreds of Kent county farmer lads, whose chances for advancement are quite as good as any.

The late President Harding started as a boy doing chores on the farm.

His family then moved to town, and he did chores there.

From fourteen to seventeen years of age he was in the high school.

From seventeen to nineteen he was typesetter, county school teacher, law student and insurance agent.

At nineteen he was reporter and afterward owner and editor of the Marion Star.

At thirty-five he was State senator.

At thirty-nine, Lieutenant Governor of Ohio.

At fifty, United States Senator.

At fifty-six he was President of the United States—the highest office to which any can attain.

President Calvin Coolidge's first job was doing chores on the farm.

He attended the country school and afterward a preparatory school away from home.

Between the ages of twenty and twenty-three he attended college, working his way part of the time.

Every vacation was devoted to earning his living.

At twenty-five he was a lawyer.

At twenty-seven he was City Councilman.

At twenty-eight. City Soliciter.

At thirty-two, County Clerk.

At thirty-five, State Representative.

At thirty-eight, Mayor.

At forty, State Senator.

At forty-four, Lieutenant Governor.

At forty-seven Governor.

At forty-nine. Vice President.

At fifty-one, President of the United States.

These two careers ought to make mighty interesting reading for boys.

Here are the New Remington Game Loads

THE next time you go out hunting, stop at your dealer's and ask him for a box of Remington Game Loads for the particular kind of game you are after.

The name of the game is right on the box.

You'll note that the weight of the powder is *not* marked on the box.

It isn't shown because Remington Game Loads are *not loaded to specified weight.*

The box of shells you get is loaded to give a uniform *velocity, pattern* and *penetration.*

Remington tests showed that powder varies batch by batch—even the same kind and weight. A given weight of the same kind of powder doesn't always give the same results. So in Game Loads Remington *adjusts* the amount of powder to give exactly the right *shooting quality* for the *specific* game. Powder varies—*Remington Game Loads do not.*

Take just one box of Remington Game Loads out and use them. Notice how they shoot in your gun.

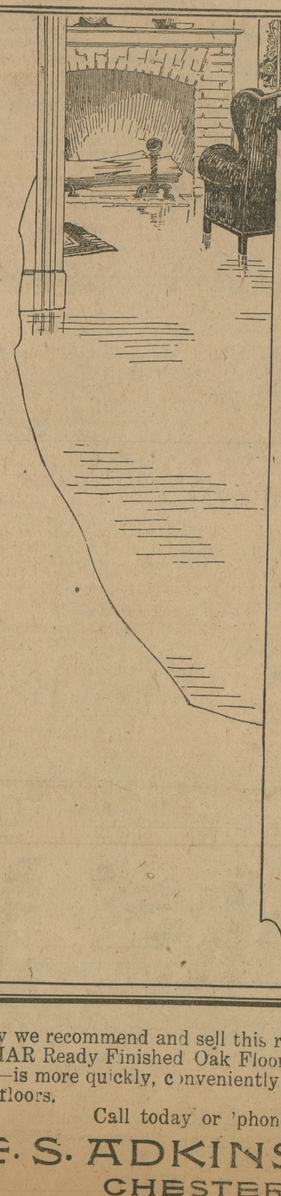

And remember this: If you go back to the store next week or next month—or go to any store in a different town—and get another box of the same kind of Remington Game Load, the shells will perform *exactly* the *same.*

CROMAR
READY FINISHED
OAK FLOORING

Substantiality—

—that's an awfully long word, but you know what it means—substantial, solid, genuine, fine. And hardwood floors express just that. A room is transformed—completely—when a hardwood floor is laid right over the "warpy" softwood boards.

Since CROMAR was invented you refloor a room a day—actually. And the cost? Less per room than with ordinary hardwood floors.

It's because CROMAR is filled, varnished and waxed at the factory. No hand-finishing *after* the laying—no days and days of waiting for scraping, finishing, drying.

There are so many other advantages in CROMAR—won't you get in touch with your Retail Lumber Dealer today? And write us for complete information—we'll mail it at once.

The Crooks-Dittmar Company
Williamsport, Pa.

Why we recommend and sell this remarkable ready finished flooring—because CROMAR Ready Finished Oak Flooring—beautifies the home—adds property value—is more quickly, conveniently and economically installed than other hardwood floors.

Call today or 'phone to us about CROMAR.
