ELECTION REFLECTIONS

The election of 1923 will be recorded as one of the most remarkable in the history of Maryland. The campaign was a most listless one on both sides the issues being presented almost exclusively thru the press. Mr. Armstrong was left to go it alone and as a result was snowed under by 41,000 majority, the highest ever given a candidate. He said he was wet, but his friends tried to make him dry resulting in his slipping so far behind. Governor Ritchie won because of his excellent business administration and because of the confidence the people have in his ability to govern wisely.

In Kent county the Democrats feel a just pride in the result. It proves what can be done when the forces are united. Altho some weak points like Galena are noted yet the line held fast and not a candidate on the Republican ticket made a touch down. There was considerable cutting on the head of the Democratic ticket but on the county ticket there were enough Republicans who made up for the defection.

While a large majority of voters stick to their party, it is evident that there is more independent voting today for men rather than principles than ever before. This fact is apparent all over the State and is a warning to parties to be careful of the men nominated and of their conduct in office. It looks as if people are awaking to their right to demand efficiency and service from their public servants.

Kent has the distinction of being one of the two Democratic counties on the Eastern Shore.

Harrison W. Vickers, Esq., predicted by radio at 9.30 p. m. that Kent would give Ritchie 400 majority and he got 457.

The last district to make its returns was Fairlee at 6.30 a. m. Wednesday. The Fourth District, 1st precinct N and A, were the first. One at 11 p. m. and the other at 11-20 p. m. These men are some hustlers.

E. Dale Adkins, Republican, was elected Senator from Wicomico. He married Miss Jessie Graham, daughter of the late Dr. and Mrs. W. R. Graham. Curtis Long, a former student here, was defeated for States Attorney.

Cecil elected three Democrats. Peter Wilson, well-known in Kent, was defeated for Legislature. Joshua Clayton, Esq., Republican, was elected State's Attorney.

Mrs. Don Falls made a big run but the fates decreed that George should be treasurer. She has the distinction of being the first woman to run for a public office in Kent.

My, but that man Goodman can run! He carried every precinct in Kent except Betterton and was given nearly 1200 majority.

The Old Fifth is the pride of every Democrat. Boys, you take the cake. Step up and have your plates filled to the brim.

Capt. Charles R. Kerr and T. Ringgold Jones carried their mates thru the Fifth in fine style.

Senator W. B. Copper received the largest vote of any candidate, his total being 2906. S. S. Beck, Esq., came next with 2677.

There were six candidates on the Democratic ticket who were elected at 7.10 a. m. Tuesday. They were State's Attorney Beck, Judge T. J. Keating, Senator W. B. Copper, Judges E. A. Scott, J. Henry Thompson and W. K. Hudson. One vote was all that was required to elect them. Strange to relate every man ran with the ticket and received some Republican votes.

It is indeed strange that so many voters take such little interest in an election. There were at least 2,000 voters who remained away out of a total of 6738. In Chestertown alone there were 381.

James D. Davis, Jr., cannot help but feel proud of the vote given him at home, but the voters at large decided it was best for him to stay in Galena and let S. J. Johnson serve as commissioner.

The newly elected officials will assume office next month. The Treasurer will take charge next April. The greater the trust, the greater the responsibility. The News on behalf of these officials thank the voters for their confidence and trust and feel assured that the best service of which they are capable will be given.

The bearers were Herman Heinfeld, Wm. Heinfeld, Gerhart Heinfeld, Henry Mercer, John Boulter, J. T. Kelley. Rev. Mr. Revelle officiated.

AUTO LICENSE FOR YEAR 1924 REDUCED TO 32 CTS.

Kent countians will find their automobile license fees for 1924 materially reduced, hwen they make application for new tags.

Announcement was made last week that the charge per horse-power would be thirty-two cents instead of sixty cents, as formerly. Governor Albert C. Ritchie in making known the rate for 1924, stated that figures had been furnished by Comptroller Wm. S. Gordy, Jr., showing that the rate could be substantially reduced.

The one-cent gasoline tax produced a revenue of $640-479.27 for the fiscal year ended September 30.

Figures compiled by the U. S. Department of Agriculture show that in this country there are approximately 25,000,000 dairy cows, one-fourth of all the milch cows in the world, and we consume all the product of this great herd, although we have only about one-sixth of the world's population.

The convention of the Peninsula Horticultural Society will be held at Salisbury this month.

ATHLETIC ELIGIBILITY

President Gary, of St. John's and his newly elected faculty have thrown a bomb shell into the ranks of those who compose the body which governs the Athletic department of the college.

Seven members of the football team were declared ineligible and were prohibited for two weeks from practicing with the squad, because of deficiency in their class standing.

This probably is not a popular move with the student body, but from those who have the welfare of the old institution at heart, this action will receive unstinted commendation.

The action of St. John's faculty appears. on the surface, the first step in showing the door to some athletes whose brawn is their only asset; whose sole presence at the institution is to help win victories on the Athletic field; but whose visits to the class room are few and far between. Such men as these are incapable of making any contribution to the college spirit for which old St. John's was, in the past, conspicuous; they stand in the way of a development of latent athletic ability amongst the bona fide students; are hangers-on who are, more often than otherwise, disorganizers; and if the penalized foot ball men at St. John's can be classed as such, then the faculty can not get rid of them too quickly, and other State institutions should follow suit.—Pocomoke Democrat.
