WELL, WHAT'S THE NEWS?.

IT IS REPORTED

THAT

New bread machine is tried in France. Process, if successful, will revolutionize baking industry. Bread made directly from wheat, without removing husk or grinding grain into flour.

THAT

China is to set styles in United States. New York sponsors move to popularize dresses with Oriental designs—pictures of houses, geese, puppies and teacups.

THAT

Speed record is broken by Navy aviator. Rate of 265.21 miles an hour attained on one leg of course. Average of 259.15 during four trips.

THAT

Baltimore negro shucks forty-five gallons of oysters in ten hours. Is believed to have broken world's record for quantity.

THAT

Postmaster C. W. Jefferson, of Federalsburg, Md., while cleaning a five-pound rock-fish found inside the rock's stomach a 7½-inch Brar pipe, two-thirds full of tobacco, and also a herring. It is a common occurrence to find smaller fish in the stomach of larger ones, but the postmaster is at a loss to know just how the rock happened to have the pipe in its stomach.

THAT

Approximately 15,000,000 cases of tomatoes are packed annually in this country, requiring from 400,000 to 500,000 tons to produce. At present all of these tomatoes are peeled and cored by hand, having first been scalded in boiling water to make the skin easily removable. The average packing season extends over a period of six weeks, therefore the enormous amount of labor to hand-peel these tomatoes must be collected for just this period.

THAT

An invitation which, it is believed eventually will revolutionize the methods in the canning of tomatoes, has just been perfected under the supervision of Alfred I. du Pont, Delaware millionaire. It will probably eliminate the necessity of pealing tomatoes by hand. The machine makes it possible for the tomatoes to go through the various machines without being touched by a single hand. A spider spun its web; and today we have suspension bridges. Steam escaped a teakettle; and now we can cross the Atlantic Ocean in five days in steam-propelled vessels. A tomato floated stem up and as a result it is possible for us to eat canned tomatoes that are never touched by hand from the time they leave the field.

THAT

Twenty-four years ago producers of milk in the Philadelphia territory organized for the protection of their interests. The Milk Shippers' Union was formed and served a useful purpose for about seventeen years. With changing conditions it became apparent that reorganization and extension was nesessary to meet the marketing needs of the producers. More particularly was this necessary as Philadelphia reached farther and farther out into the country for its milk supply. To meet the new marketing requirements of the dairy industry in the Philadelphia Milk Shed, the present Inter-State Milk Producers' Association was formed and incorporated in 1917. Up to the present time this membership has grown to over 19,000. This great membership is drawn from four states: Pennsylvania, New Jersey, Delaware and Maryland, the radius of organization extending to from 150 miles to 250 miles from Philadelphia. Every milk producer should join this association.

Agreement by the members of the Co-operative Pure Milk Association to accept an option for the purchase of the majority stock of the French Brothers-Bauer Company of Cincinnati and its allied corporations was announced late Monday. The deal brings under the control of the purchasing concern properties valued at $3,000,000 and make it the most powerful co-operative producing and distributing agency in the United States, it was said.

FEW JOBS FOR DEMOCRATS

In the election of Governor Ritchie and the other Democratic State-wide candidates more than one political precedent will be established.

Not only was a Governor of Maryland re-elected for the first time since the people and not the General Assembly elected Governors, but the election further was distinguished by the small amount of patronage to be distributed.

Virtually the only desirable positions at the disposal of the Democratic candidates are the four Assistant Attorneys General to be filled by Thomas H. Robinson, the Democratic Attorney General who succeeds Alexander Armstrong, Republican for Governor.

Neither Governor Ritchie nor State Comptroller William S. Gordy, Jr., is expected to disturb his present appointees while James A. Young, clerk of the Court of Appeals, will it is thought, retain the present corps of assistants in that office.

HERE ARE INDUCEMENTS THAT COMPEL ACTION

OVERCOAT SALE—Here they are at unheard of prices. We guarantee the value of every overcoat, which means that the style, quality of fabrics and workmanship is far superior to any you will see this fall at like prices. If the Overcoat you buy at this sale does not measure up to standard—if you are not satisfied, then we will gladly refund your money. Buy it now—for here are values that no man can afford to miss. It means $5.00 to $10.00 to put in your savings account to get one of these. There are Ulsters, Box Coats, Chesterfields. You've heard of them all before, but you've never seen the same models that we're going to show you in this sale and which you will see on men of fashion this fall and winter. Pleated backs—patch pockets—rolling collars,—snappy belted effects—all we can do now is to tell you about them. You owe it to your own good appearance to see them, and you owe it to your bank account to buy now. We know we can save a man part of his overcoat money and we are out to do it.

Prices, $10.00, $13.50, $18.00, $19.75, $22.50, $25.00, $30.00
