WELL, WHAT'S THE NEWS?

IT IS REPORTED

THAT

The great trouble with the farmer is that he is too much of an individualist. Capital has organized. Labor has organized. But most of the farmers of the United States stand each one alone. The great problem before the farming community is some sort of practical co-operation.

THAT

The anti-Klu Klux Klan bill, minus the section providing for the making public of membership lists, but making it unlawful to wear the mask was passed by the State Senate of Oklahoma. An amendment which would have charged officers of secret orders with responsibility of keeping accurate membership lists, to be produced upon court orders, was rejected.

THAT

A delegation of ministers from the Federation of Churches, of Wilmington, will meet with the Board of Education in executive session at four o'clock Thursday afternoon to discuss the question of religious training in the public schools of that city.

Two plans have been suggested—one that the children be permitted to devote one hour each week under instruction from a teacher designated by the church to go to the schools and the other that the pupils be permitted to go to the church of their own selection for such training.

THAT

New bases for the application of interestate express rates were laid down Monday by the Interstate Commerce Commission in a decision which refused the American Railway Express Company the right to make general increases which it asked. Express companies were ordered to establish new schedules on or before February 21 next, incorporating the changes. Present interstate express rates applied to food articles of nearly all kinds, the commission held, are too high and should be reduced by amounts ranging from 10 to 11 per cent. The companies were required to make the reductions by installing charges which will equal those in effect on October 12, 1920, when increases to the present levels were made.

THAT

"Wives under 50 years of age and haying no children, should be compelled to do housework three days a week for women under 50 years who have children" was the program of legislation urged upon members of Congress Monday by the Association of Overworked, Underpaid Dish-washing Housewives.

"The manifesto distributed by the Association was signed by Sara Smith, President" and claimed a membership of over four million with branches in every state. The headquarters was given as "by the cook-stove and the cradle with the wash-tub nearby."

The program included the recommendation that the immigration laws be changed to allow a supply of cheap domestic help to enter the country and closed with the parting shot:

"We believe that in the interests of public welfare the butterfly existence of the childless wife, should cease."

KENT NEWS $1.50 PER YEAR

Automobile license "war," during the 13 years since 191... tween Maryland and the District of Columbia, has been brought to an end through approval of temporary reciprocity Wednesday by Gov. Ritchie.

In the death of I. R. Leaverton Kent county has lost one of its best citizens. A man of sturdy character, sterling worth and high type of citizenship. His faith in the Redeemer of his soul stands out pre-eminent in his life and his helpfulness to others an admirable virtue.

The adoption of the Gregorian calendar by the Russian Orthodox Church through proclamation by Archbishop Tikkhon means the entire Christian world will celebrate Chrismas this year on the same date for the first time since 1581, the International Fixed Calendar League announced today. The Russian and Greek Churches for centuries followed the Julian calendar, celebrating the occasion 10 to 13 days after the others.

Congress has organized and heard the President's message Thursday. The speech was a clear-cut and vigorous—definition of the policies upon which he intends to conduct his administration and the issues upon which he will make a bid to the country for the nomination. It indorsed American entrance into the World Court, favored by the Root-Hughes-Hoover wing of the party, but opposed the soldier bonus, which is favored by all his supporters in the Congress. It urged no tinkering with railroad rates, as demanded by the farmer members, opposed recognition of Russia, urged stronger measures for national defense, adoption of the Mellon tax-reduction plan, opposed cancellation of the foreign debts and demanded selective immigration to keep out classes of aliens incapable of assimilation.

The Noblest Instrument Is An Organ

and it ought to be in every musical home, but space and cost sometimes prohibit the installation of a pipe organ. However, an

ESTEY

two manual reed organ, built on the exact principles and measurements of a pipe organ—and used in the studios of such organists as Gibson, Dethier and others—such an instrument closely approximates a pipe organ and has everywhere given great satisfaction. It can be built to the special specification of organist and to match the design of any room. Adapted for lodges. Call and hear it
