Local Doctor Makes A Discovery

Dr. Louis C. Hess, of Chestertown, has secured protection at Washington, D. C., for a preparation called aneustypticide that is anesthetic, styptic and powerfully antiseptic.

Tests show it to be strongly styptic to stop bleeding and powerfully antiseptic promoting healthy granulations and rapid healing. Its anesthetic action is faster and more pronounced in its first stages when more desired than anesthesin or novesthene just as prolonged and more antiseptic. In deep retentive wounds it shows its anesthetic action for thirty hours and in case of burns, amputations, etc., could be renewed if necessary until the stage of pain had passed.

It has been used in these cases with excellent results and saving of great suffering and should save life

by preventing shock. It is non-narcotic and no feeling is shown by its application, and as far as known is the only preparation of its properties. It is said by a chemical company to be an ideal preparation, giving off iodine without irritation.

"BARNEY GOOGLES" ARE HOST TO "ANDY GUMPS"

The "Andy Gump" subscription team of the Chestertown High School were guests of the "Barney Googles" at a delightful party held in the auditorium of the school last Friday night.

This party was the payment of a bet made between the two teams about three weeks ago when the contest was on. Games were played and refreshments were served.

The Curtis Publishing Company had organized two teams at the school for the purpose of raising money to help develop athletics at the school. These two captains selected the above men for their teams. Much competition was shown by the two teams, but after the final results were read it was found that the "Andrew Gump" team lead by 14 subscriptions.

Martha Trew and Walter Barnes lead the winners while Louise Startt and Billy Usilton represented the losers.

Christmas Seals

This is the season of the year, when our people, in common with those of other towns throughout the country are asked to buy Christmas seals to aid in the nation-wide fight

against tuberculosis. Every person sending out mail from now until Christmas should attach one or more of the attractive little seals or parcels to every letter or parcel. The money derived from the sale of these little seals is put to a very good use. Thousands of sufferers from the dread disease are relieved or aided through the medium of the funds raised in this manner. Every one should buy seals, whether they are used or not, and always remember that every dollar you spend in this manner will bring one hundred cents worth of benefit to suffering humanity. Buy Christmas seals and make your Christmas a real one, true to the spirit of love the season represents!

What Territory Means to a Service Corporation

The territory a Company serves is the foundation of its business.

We look to our present success and our future prosperity in serving Gasoline and Motor Oils to that territory shown on the map opposite.....The Delmarvia Peninsula.

In a brief period of twelve years we have found it necessary to erect eight wholesale distributing stations in the towns indicated to properly serve our constantly increasing patronage.

Service and still Better Service; Dependability of our petroleum products and continued leadership is our aim.

We are more than appreciative of the support and response in our home territory, which of course has been secured on merit and service.

Dependability and Uniformity are the intrinsic virtues of our gasoline.

Stability of our Motor Oils insures Quality and Motor preservation.

Rigid tests, before Hearn Gasoline and Motor Oils are sold, assure you that you always "play safe" in their continued usage.
