CHESTERTOWN, MD., - JUNE 12, 1897.

Call for Democratic Primaries.

The Democratic voters of Kent county are requested to assemble at their respective polling places in each election district, on SATURDAY, the 19th day of June, 1897, at two o'clock p. m., for the purpose of selecting six delegates from their respective districts to meet in convention to be held at Stam's Hall in Chestertown, on Tuesday, the 22d day of June, 1897, at twelve o'clock noon, to select six delegates to represent the county in the Democratic Judicial Convention, which will be held at Denton on Wednesday, the 30th day of June, 1897, for the purpose of nominating one candidate for Chief Judge and two candidates for Associate Judges of the Second Judicial Circuit of the State of Maryland. Where there are two precincts each precinct will be entitled to three delegates.

RICHARD D. HYNSON,
WM. E. KEYSER,
TILGHMAN SHAFER,
Democratic State Central Committee for Kent county.

PRESIDENT MCKINLEY is visiting the South. Thousands greeted him in Lexington, Kentucky, on Thursday.

IN Talbot the Democrats have called a mass meeting in Easton to select delegates to the judicial convention.

THE Cecil Democratic primaries for the nomination of a county ticket and to select delegates to the State and Judicial conventions will be held June 19.

OUR FARMERS would like to see some sensible action by Congress upon Senator Cannon's tariff amendment for the *protection of farmers*. Every other class is to be protected. Why not the poor farmer?

THE sugar tariff is practically agreed upon by a Caucus of Republican Senators. The result is said to be altogether in favor of the sugar trust, putting over *twelve millions of dollars* in the coffers of this mammoth corporation. This is prosperity with a vengeance!

THE Republicans carried the election in Wilmington, Del., last Saturday by 500 majority. This result was no doubt due to Democratic wrangling. The folly of injecting into a local campaign every issue, real or imaginary, that troubles the brains of political managers, is never seen until the damage is done.

A JUST SENTENCE was that inflicted by the court in Hagerstown, Md., last Tuesday upon a young white man named Jack Lemon, who was convicted of attempting to ravish his young friend, Miss Elizabeth Taylor. The court gave the scoundrel twenty years in the penitentiary!

THE Democratic primaries in Queen Anne's county will be held on Saturday, June 26, to select delegates to a county convention which will meet on Tuesday, the 29th, to nominate a county ticket and delegates to the judicial convention. The factions are said to have harmonised their differences, and that there will be no primary fight.

THE hint thrown out by Mr. Stone a month ago that "the Republican leaders did not want either Supplee or Malster for mayor of Baltimore" is again suggested in the efforts reported in yesterday's dailies to get both to withdraw in favor of a Mr. Theodore Marburg. But Malster and Supplee say they will not be thus kicked out!

AT the bankers' convention in Cumberland last week a resolution was passed similar to the one of the year before re-affirming faith in the gold standard. The report states that the "ayes" were full and strong, but when the "nays" were called for one lone voice responded with a firm "No." That single vote was from Kent, and H. W. Vickers, Esq., was the man who, though alone, had the courage of his convictions.

A REPUBLICAN FARMER, who is a subscriber to the KENT NEWS, has asked of John Henry Keene, Esq., one of Baltimore's able writers, to inform him "why the farmer will not receive his share of the benefit of protection which builds up the American market?" Mr. Keene replies with an interesting article which will be given our readers next week.

IT is now believed that the New York Democrats will make the fight on local and State issues this year. The money question as a special issue will not be in it. Nor should it. The Republicans have that question on their hands. They have complete control of the government—legislative and executive—and that party is responsible for financial legislation. Give them time to make good or explode their single standard gold theories.

THE defalcation of paying-teller Wm. N. Boggs will cost the First National Bank, of Dover, Del., $100,000. The bank's capital is just that amount with a surplus of $38,000. President Richardson and the directors have deposited over $150,000 since the loss as an evidence of faith in the bank, thus preventing a run on the institution.

THE new tariff bill is expected to be a law by the first of July. So may it be. The sooner the better. Though it is a great wrong to the masses of the people of this country, and only in the interests of the protected few, it is bound to come, as it won in the last election, and the uncertainty and anticipated evil is worse than the evil itself.

WHY should the Democracy of Maryland introduce the financial question into the State campaign this fall? There would be just as much sense in making it an issue in our local county election. No more—no less. No action can be taken by the two State officers to be elected, or by the Legislature, to change in any way the money standard of the country. That is entirely with the National Legislature, and cannot be made an issue again before 1900. The silver men made a glorious fight last year, but they were defeated. The Republicans won the election and have pledged us a better condition of finance. They are now responsible. That they are burning their fingers every day—and only making matters worse the farther they go—is no good reason for the Democrats to relieve them. Our meddling with specific National questions now would only be a relief to the Republicans. No good could be done the country for the reason that we cannot touch these matters until the National legislature is reached, but it would continue the division in our ranks, and give the Republicans an advantage they would not have otherwise. Let it alone, and deal with live State and county interests.

Do the Reverse!

We stated in our last issue that if the Democrats want to be sure of doing the *right* thing in the management of the State campaign this year they have only to consider the advice of their enemies and *do exactly the reverse*. The Republicans are profuse with their advice to the Democrats as to the issues of the campaign. The Republican papers, especially the Baltimore *Sun* and *News*, are greatly concerned lest the Democrats will not be frank in the enunciation of platform principles. They say the money question is the great issue and the Democrats ought to face it. The hypocrisy of such advice is shown by their repeated appeals to "give us a rest" on that same question. The *Sun* and *News* are both in the deal with Cowan, Wellington and others to deliver the independent vote of Maryland to the Republicans in return for *pie*. The Baltimore postoffice is to go to Warfield—rather than to a straight Republican—as a part of the price. These two papers are laboring now as earnestly as the *American* for Republican success. For that reason the Democrats will be wise to do exactly the reverse of their advice.

Democrats are not ashamed of their principles. They will never repudiate them, but there is no reason for particularizing and making most prominent the very things—and the only things—in our National platform that may lose Democratic votes. All Democrats should rally under the old flag—make common cause—capture the prize first—then talk about what to do with it.

Queer Way of Dying?

The silver heresy is rapidly dying out.—*Balto. American of Tuesday.*

CHICAGO, June 8.—Over three hundred silver Republicans attended the convention to-day, representing 29 States. It was decided to organize a party nationality throughout the country with free coinage of silver as the issue. Affiliation with any party that will advocate free coinage will be the cardinal principle.

THE Denton *Journal* says the expression of the press in many counties of the State indicate the nomination of George A. Deakyne, Esq., of Caroline county by the Democratic State convention for Comptroller. It says:

"This encouraging news is very gratifying to Mr. Deakyne's numerous friends in Caroline and elsewhere; but they will remain in the field and work unceasingly until the decision of the State convention is made. Should success crown their efforts—should Caroline's pre-eminent claims be at last recognized—we will be assured of his triumphant election in November."

Pure Soap!

The season has arrived in which it is necessary to use soap in abundance. The pores of the skin are very sensitive and it is absolutely necessary to use soap to keep the body cleansed. Many disease germs are borne in the dust continually floating in the air. These germs lodge in the skin and lay the foundation for diseases. You can easily destroy the germs or preventing them from finding a lodging place by the plentiful use of soap, but the soap you use must be pure and not made from the fat of diseased animals. We have been very careful in selecting the Purest Soap and can sell it to you at the LOWEST PRICES.
