FAIRLEE NOTES.

One of our citizens was run down by a bicycle rider last Monday morning, between 7 and 8 o'clock. He was on the sidewalk or path, near his home, with a bucket of water in either hand, when three bicycles came up after him right in the path, the foremost one running right against him, knocking him to one side and hurting him badly below the knee, and threw the *unknown* rider before the unsuspecting one that was run down. Our citizen was the first to be righted on his feet and immediately, not very graciously, poured the remaining contents of each bucket of water up and down the vertebrae of the heedless and reckless rider. A peaceful separation then resulted.

"Before I began to ride a wheel
I was all run down from head to heel."
"And now," said the man on foot, with a frown,
"The rest of the folks are all run down,"

Grant bicycles their rights, but would not advise running over people for fun.

The 5th of July passed quietly here, most of our fellow townspeople preferring the quiet of home to trips off. A steady train of vehicles passed through en route to Tolchester from 6.30 to 10.30, when they slacken off until 1.30 to 4.30. In driving from here to Chestertown on the above morning, involving 50 minutes, 95 vehicles were met and 8 bicycles, 3 ladies and 5 gentlemen.

We believe that patriotism and love of country should be instilled into the hearts of children and that, with the sacred words of "Mother, Home and Heaven," our children should be taught that our flag is the symbol of all that makes a "home" for us. We would place a flag upon every public school in our land and a Bible within, and the object lesson therein set forth should be a beacon light in every storm which threatens to engulp us. One of the declaration of principles of the Junior Order United American Mechanics, a noble organization, an order which we have with a membership of about 35. The semi-annual election of officers took place last Wednesday evening week, resulting in the following: Past Councilor, A. M. Kendall; councilor, W. H. Crosby; vice-councilor, L. J. Keyser; secretary, Harry Clark; assistant secretary, Archibald Ramage; warden, F. Leaverton; conductor, G. W. Bramble; inside sentinel, Bertie Crouch; outside sentinel, Wm. N. Lewis.

The Heptasophs held their regular meeting on last Monday evening. There are applications for membership almost every meeting. Many fail to pass the necessary medical examination, showing carefulness of the organization along the line of physical ability, accounting for its low death rate.

Mr. Frank Zenker, of Baltimore, spent the 4th at the parental home; as did also Master Oliver Payne, employed by the Standard Oil Co., Baltimore.

Mr. James Rankin, of Baltimore, spent a few days among us this week

The Fairlee W. C. T. U. will hold a "mother's meeting" at the home of Mrs. J. C. Staats on next Wednesday afternoon, at 3 o'clock. It will be a meeting of special interest, and mothers are invited to attend.

The Misses Haines, of Philadelphia, have been the guests of Mr. and Mrs. W. G. Skirven, Tulip Forest.

Mrs. Purnell Jump died a few days ago at her home near here, after a lingering illness of consumption. Every curative means was resorted to by her kind husband and everything for her comfort was granted unto her, but that dread disease which seems to be beyond being cured by medical skill had claimed her for its own, until released into the realm of the blessed ones, where pain is not known. WEST END.

Threshing wheat time has come again and some one kindly asks the loan of (our captain's) grain bags. He goes to get them, but can't find but a few over 100 out of his 300. What is the cause?

How dear to my heart are those grain bags you borrowed,
When fond recollection presents them to view;
How oft has my soul in deep penitence sorrowed,
As I think of the time when I lent them to you.

Those beautiful bags, all so carefully lettered,
That you might without spectacles easily read;
And quickly return to the one who so kindly
Supplied them to you in the time of your need.

How oft as I see them as made into bed-ticks,
Choice pillow shams, bed spreads and horse blankets, too;
I think of the time when I foolishly lent them,
Expecting to have them returned to my view.

But if in the future you'll kindly return me
Those not needed for clothing and underwear, too,
You'll merit forgiveness and full absolution,
And a beautiful chromo be granted to you.

Mr. Harry Rash commenced threshing his wheat Wednesday week, but on account of its being too wet was compelled to stop.

A CARD TO THE PUBLIC.

A rumor is being circulated that I am a candidate for the sheriffalty. I would be very grateful to those who began it if they will be as industrious to recall it, and state the fact that I am a candidate for county commissioner subject to the will of the people.
