Pure Soap!

The season has arrived in which it is necessary to use soap in abundance. The pores of the skin are very sensitive and it is absolutely necessary to use soap to keep the body cleansed. Many disease germs are borne in the dust continually floating in the air. These germs lodge in the skin and lay the foundation for diseases. You can easily destroy the germs or preventing them from finding a lodging place by the plentiful use of soap, but the soap you use must be pure and not made from the fat of diseased animals. We have been very careful in selecting the Purest Soap and can sell it to you at the LOWEST PRICES.
