CHESTERTOWN, MD., - JULY 24, 1897.

DEMOCRATIC EXECUTIVE COMMITTEE!

Pursuant to adjournment the Democratic Executive Committee of Kent County will meet in Chestertown TUESDAY, AUGUST 3, 1897, at 11 o'clock A. M., for the transaction of important business.

WM. S. WALKER, CHAIRMAN.
R. D. HYNSON, Sec'y.

SENATOR WELLINGTON, who has been quite sick, is now reported better.

OUR REPORTER admired Cambridge, but he "rooted" for Chestertown all the same.

A FULL report of the great ball game at Cambridge will be found on our second page. It was a close call for our boys.

TOLCHESTER is in her glory this week. Multitudes of Baltimoreans are visiting the popular resort. Capt. Eliason and Superintendent Noland keep everything going "like clock work."

CHESTERTOWN and Cambridge will again lock horns next Monday. Will our club be equal to the task? Will the unbroken list of victories be marred?

THE Democratic Executive Committee for Kent county will meet in Chestertown on Tuesday, the 3rd of August, to arrange for the county primaries. It is important that every member should be present.

DR. ROBERT M. PRICE, who has been prominently named for the Comptrollership nomination, publishes a card in the *Observer* of Thursday withdrawing his name. This leaves two candidates in the field, Messrs. Deakyne and Pattison.

GOVERNOR LOWNDES has called the attention of Judge Page to a complaint made to him that B. Palmer Keating, sentenced to a year's imprisonment in Centreville jail, is not kept in strict confinement and that he is permitted to enjoy unlawful indulgencies calculated to nullify the mandates of the court.

THE Yukon gold fields are said to be richer than those of California in 1848. Mr. George C. Adkinson, of Chestertown, is one of the few Kent countians living who ventured to "work the great California mines."

THE Baltimore *Evening News* has "tumbled to the racket" and is now for Malster for mayor. The *Sun* will be the next to flop. Though Marburg is its candidate it will not get left if it knows it! And these are the *independent reform* journals that presume to advise Democrats what to do!

ONE WM. D. BYNUM, who poses as a "gold Democrat," has had his little meeting of Wall Street sympathizers to determine how best they can continue to serve the great trusts and corporation syndicates. They consistently determined to renew their efforts in all the States to build up a hard-times-hard-gold party and to oppose all Democratic candidates. These immaculates are also opposed to the Republicans. They say they will be a party to themselves and "hold the balance of power" *a la* Cabel Bruce in the Maryland Legislature!

THE Democratic State convention meets next Wednesday. A strong ticket will be nominated without doubt. So far as the platform is concerned there can be no objection to an endorsement of the National Democratic platform in general terms, as it is the only recognized party standard, but the specific declarations—the strong and pertinent issues—should be so plain that none can mistake them—that is, the State and local issues. These alone are vital in the contest now on.

MR. JOSEPH C. KENDALL says our statement of the recent Republican primary in the fifth district in its reference to himself was misleading. He says: "The total number of votes cast was 129 of which the Kendall ticket received 105 and the Beck ticket 24. My name was erased from 4 tickets, and the whole of the white names from 2 tickets. The Beck tickets were written on paper of various colors, and were composed of names taken from our delegation, with the exception of my own, Mr. Beck's name was substituted for mine. Scarcely any two of the Beck tickets were alike in personnel,—though nearly all were the same hand writing—the names being taken at random from our ticket to make it appear that I ran behind the rest of the delegation. Of course by this means the other members of our delegation were run ahead of me but their names were so used without their consent or approval."

State Political Notes.

Local political movements are referred to elsewhere.

In State politics the situation is pretty much the same as in Kent. The interest centres most in Republican doings. They are the dominant party. They have all the offices to bestow, and are now in the very midst of this most interesting duty. Where the party will be after this work is over remains to be seen.

Kent appears not to be "in it" in the securement of official recognition. The Republicans here are regarded simply as "the hewers of wood and drawers of water." They get no more "pie" than when they were in the minority, and have to look to the local field alone for their rewards.

The meeting of the Democratic State Convention next Wednesday has awakened some interest. Most of the county conventions to elect delegates will be held to-day, and no doubt will go to Baltimore uninstructed and with the purpose only to make the best selection of candidates possible for the party. Only two candidates are to be nominated. The first in the field was brought forward by prominent Democrats of Caroline county at the meeting of the State convention. The man they named and seem enthusiastically desirous of nominating is George A. Deakyne, Esq., of that county. Mr. Deakyne is a sterling Democrat, thoroughly up in financial matters, of high personal character and great popularity. He has been for eight years the treasurer for his county, and has the support of all factions.

Another prominent candidate, named shortly after Mr. Deakyne, is John R. Pattison, Esq., one of the ablest leaders of the Dorchester Democracy. He is a lawyer of high standing and a gentleman of admirable personal and social qualities.

The Republicans will hold their State convehtion just one month after the Democratic, and the nominee will be an Eastern Shoreman without doubt.

The Baltimore papers are apparently concerned about the Democratic platform. The dailies there are all Republican and would like very much to see our party go astray in this matter. They don't care what the deliverance of the State convention is on the money question so it is a decided declaration of some kind. They would be as well pleased to see a silver plank as a gold plank. All they want is a cudgel with which to maul us. But they will not get it. Judge Fisher's folly is amazing, if he has any Democracy left, in asking that the party shall stultify itself by declaring for gold, and our eloquent friend, Mr. Thomas C. Weeks, is equally unwise in urging a silver issue. The unwisdom of such a declaration is in the fact that the subject is foreign to the campaign, and is only an attempt to get us in a position by our enemies which will militate to their advantage.

THE wheat flirtation has been a source of perplexity to our farmers. The first who were able to thresh sold promptly—some to home dealers and others shipping—realizing about 68 cents net. For a day or two after it was 67. Then it went to 68 and 69. Many sold and were happy at the last figures, but others held for farther rise and counted themselves lucky when they realized 70 clear. But lo, and behold! two days afterwards local buyers were offering 76! And the rise continues. This shows the uncertainty of the market. The best plan to adopt, as a rule, is to get out your wheat—or corn either—at the earliest convenience, and sell. The advantage will be decidedly with the grower. He is not a speculator, and he is bound to lose when he undertakes to compete with speculators. We know of one intelligent farmer in Kent who raised a large crop of wheat last year and held it for a rise. He could have sold last winter for one dollar, but thought possibly it might do even better than this. So he held it, and added to that crop another heavy yield this year. Both are on hand awaiting the dollar rise. It may come. And then, it may not.

H. M. BROWN,
Office of Beck, Walker & Brown, KENT NEWS BUILDING. July 3, 1897.

W. S. WALKER. H. M. BROWN.

BECK, WAKLER & BROWN,
Fertilizer Manufacturers,

offer to the farmers of Kent county their well-known brands of WHEAT Fertilizers. During the past four years nearly one-fourth of the total Wheat raised in Kent county was grown with the following Brands of Fertilizers. This year a number of the larger crops and best yields have been from these goods. These facts should be a sufficient recommendation of their reliability.

TRUSTWORTHY

An absolutely Pure Bone Phosphate. Anyone wishing to use an absolutely Pure Bone Goods cannot do better than use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR

A Pure Bone and Mineral Phosphate. We have found this brand very popular with those wishing to use a Complete Fertilizer, but unwilling to pay the price of Pure Bone Goods. We can confidently recommend it.

TRY ME

High Grade Mineral Bone and Potash—no Kainit. We introduced this brand four years ago to meet the low price of wheat. It is a mixture of the Best Mineral Phosphates and High Grade Sulphate of Potash, tests very high in both soluble and insoluble phosphoric acid and in potash, and is absolutely free from anything that can sour or injure the land. One-eighth of the wheat harvested in Kent county in the years 1895, 1896 and 1897 was grown with this brand, which should be a sufficient guarantee of its merits and popularity. We consider this to be one of the Best Cheap Fertilizers on the market.

We are also prepared to put up Special Mixtures with Highest Grade of Goods at Lowest Possible Prices.

Under a State law, a Chemist of the Agricultural College have for the past three years themselves taken samples of our different brands of goods, and in all cases have found our goods to overrun our guarantee and have estimated them at a higher cash comparative value in Baltimore city than we sold them for at our factory. All our goods are prepared under the personal supervision of Mr. P. B. HOLLIS, who is well known in this community as an experienced Agricultural Chemist. Our goods will be in first-class drilling condition, and only the best materials obtainable will be used in their composition. We offer them to the public as being strictly as represented. We sell at the lowest possible price, and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our place of business is in the KENT NEWS Building, where we will be pleased to see any who may call.
