LOCAL NEWS.

THE Home Building and Loan Association of Havre de Grace, has wound up its affairs. There was distributed among its stockholders a sum approximating $40,000.

MISSES KATHERINE K. HOBBS and Roberta H. Hobbs have gone to Columbia College, New York, where they will take a special course of study for several weeks.

REV. J. H. GEOHEGAN has been transferred from Bishopville, Md., to Habnab, Md.

STATE SUPERINTENDENT M. BATES Stephens and a large party of Marylanders left Baltimore Saturday afternoon for Detroit, Michigan, to attend the National Educational Convention. They will visit Niagara and the Pan-American Exposition on their return.

REV. W. F. CORKRAN, D. D., Presiding Elder of Easton District, accompanied by Mrs. Corkran and two children, sailed from Philadelphia last Saturday for a three months' tour through Europe. Dr. Corkran will represent the Wilmington Conference at the Ecumenical Conference to be held in London in September, and will visit points in England, Ireland and France.

THE official board of Ebenezer M. E. Church of Easton met last week and tendered their pastor. Dr. C. A. Grise, a vacation. He and wife left Easton Monday morning for a trip to the mountains. They will spend part of the time among friends. During his absense Dr. A. W. Lightbourn will have charge of the pulpit. The night preaching will be dispensed with, the Sunday services closing with the Epworth League service.

$280,000,000 MORE TO GIVE.

Andrew Carnegie announces that he has yet $280,000,000 more of his fortune to give for general charitable purposes. Libraries will not get all of it, but it is believed art galleries will get a share. In twenty years he has given $40,000,000, and of this United States institutions have received $29,090,052, and foreign institutions $11,894,500. It is reported that Mr. Carnegie has said "It is a disgrace for a man to die rich." Yet, how many are struggling to do so.

MR. SKIPWITH WILMER, former President of the Second Branch of the City Council, died last night at Nahant, Mass., of Bright's disease, from which he had long been a sufferer.

Mr. Wilmer's family comes from Kent county, although he was born in Northumberland county, Virginia, on February 21, 1843. His father was Bishop Joseph Wilmer, of the Protestant Episcopal Diocese of Louisiana.

State Farmer's League.—The State Farmer's League, recently organized, promises to become an active association. Following are the officers:

President—Jas. S. Harris, Kent county.
Vice-President—Milton E. Smith, Montgomery county.
Executive Committee—Asa B. Gardiner, Jr., Baltimore county; John D. Worthington, Harford county; Jesse Weybright, Carroll county; Joseph B. Ager, Prince George's county; and the president, vice-president and secretary treasurer ex-officio.

The constitution adopted states, as a reason for organizing the league, that its promoters believe the interests of agriculture will be advanced "first, through friendly discussion and practical advice, and by learning and making public the successful methods of agriculture that are found in the different sections of the State and elsewhere as well as by advocating the formation of sectional clubs and granges where such objects are sought, and second by taking part in the framing of laws that affect our welfare, and an interest in the appointment of efficient officers for their execution." The membership of the League is to consist of one delegate and one alternate from each farmer's club, grange, live stock association or any other body interested in agriculture in this State.

Ate Green Apple and Died.—A son of Charles Jones, of Barclay, Queen Anne's, on Thursday night ate a green apple and died almost immediately.

Our Urban Population.—The census office issued a bulletin concerning the urban population of the country. It shows that 28,411,698 people in the United States live in the cities and towns of over 4,000 population. This is 37.3 per cent. of the entire population, a gain of almost 5 per cent. since the census of 1890, when the percentage was 32.9.

Hats For Horses.—The Washington Humane Society has been advocating bonneting of draught horses, and has been so far successful that most of the horses used by large business firms in that city are now going about with bonnets on their heads. This commendable innovation is not alone confined to Washington, it has reached Chestertown and several horses have been seen with the hats. The headgear in question is of straw, shaped like a farmers hat, with two holes for the ears of the horse, and a brim wide enough to shade the eyes. It is tied neatly under the the throat and may or may not have a damp sponge in the crown to keep the head of the animal cool.

old-fashioned farmers may be incline to laugh at this innovation, and declare that when he has any old hat to throw away he will put them on his scarecrows, but after all it is cheaper to buy a ten-cent hat (actual cost) than to convey the horse to the stable when it has a sunstroke, and such an occurance is by no means uncommon in any city during the hottest part of a summer day. The hat will last for a considerable time, not being likely to go out of fashion or blow into the river, and it may save serious injury to a valuable animal.

Shortage of $225,257.—The Endowment Rank of the Knights of Pythias has a deficit of $225,267. This announcement was made Tuesday by Supreme Commander Ogden H. Fethers to the Supreme Lodge of the order, which has been assembled in Chicago for the purpose of looking into the affairs of the Rank. The announcement of Mr. Fethers was based on the official report of the insurance Commisioners of Illinois, Connecticut and Kansas, who made an exhaustive examination of the financial condition of the order, and copies of these reports were placed in the hands of the representives. Before the Rank can legally continue doing business as an insurance institution this deficulty must be made good. That there has been misappropriation of the funds of the organization by past officers of the Endowment Rank was fully charged in the reports, as well as in the meetings yesterday and there was said to be little doubt that after the Sepreme Lodge had finished dealing with those who are thought to be responsible the evidence will be laid before the state's attorney with a request that it be submitted to the grand jury. It is stated that charges of reckless financiering, juggling of accounts, and misappropriation of funds were made by the report of the board of control. On July 1, it is asserted, the Rank found itself with half a million death claims and only $135 in bank with which to pay them, and little more was available from $480,000 of investments, most of the properties represented by them being in the hands of receivers. The Knights of Pythias, however, regard themselves as legally responsible, the Endowment Rank being a part of the order its control being vested in the Supreme Lodge, and will devise plans for making good the deficit, poying off the claims, and putting the insurance rank on a firm basis, with adequate rates, and a good business system. John A. Hinsey, of Chicago, president for twelve years, is accused of causing the losses. H. D. Stoite, former secretary, and W. D. Kennedy, publisher of a Pythian paper, are charged with being accessories. The losses were due, it is alleged, to bad and unwarranted investments.

COOL SEA BREEZES.

During the heated term life is worth living down by the sea at Rehoboth or Cape May. The cool sea breeze is always refreshing and the weary can employ a vacation at either of these summer resorts. The Queen Anne's Railroad Company run special excursions to these places several days each week. At Rehoboth first class meals can always be obtained at the Casino at 50 cents. Go early before the rush in August.
