CHESTERTOWN, MD. . SEPT. 14, 1901

JUDGE STUMP was an able lawyer and as a judge was a peer of any in this State. His demise is regretted by a host of friends and admirers in this circuit. A full account of his life is noted elsewhere.

A meeting of the bar of Kent County was held yesterday for the purpose of taking action upon the death of Hon. Frederick Stump. Hon. James A. Pearce was elected chairman of the meeting and Lewin W. Wickes was made secretary. The following committee was appointed to prepare suitable resolutions on the death of Judge Stump, to be presented at the October term of Court for Kent County: Eben F. Perkins, Esq., Harrison W. Vickers, Esq., Marion deK. Smith, Esq. The following committee was appointed to attend the funeral of Judge Stump, to take place at his late residence, Perry Point, Cecil Co., Md., on Saturday, September 14th, 1901: Hon. James A. Pearce, Harrison W. Vickers, Esq., Hope H. Barroll, Esq.

ANARCHISTS have no place in America. No measure is too severe to rid the country of all such villains as have gained a foothold here, and positive prohibition of all such comers.

THE Schley inquiry was begun in Washington Thursday. Rear Admiral Howison, one of the judges, was challenged by Schley because of prejudice and because he had formed an opinion, and was disqualified.

IT IS now time to take action against all perjurers, for that is the charge against every anarchist in this country. They become citizens of America by pledging their allegiance to our government, etc., and yet we find a score or more in a meeting in New Jersey rejoicing over the assassination of McKinley and toasting the villain who fired the shots. It is such characters who are sapping the life out of our government and all free institutions. Away with them to the country from whence they came.

LOCAL buyers were paying 70c for wheat yesterday and 50@52c for corn, Nov. and Dec. delivery.

GEORGE WARFIELD, ESQ., President of the Chester River Steamboat Co., will be the candidate for sheriff of Baltimore city on the Democratic ticket. We congratulate the city, the party and Mr. Warfield. He should win easily.

THE attempt to assassinate President McKinley, as fully reported elsewhere, was a dastardly act regretted by every good citizen. President McKinley's home life has endeared him to every husband in the country and his beloved wife has won the admiration of every woman. The suffering through which they have passed has knit this country into a bond of love and friendship never to be broken we trust.

THE death of Judge Stump makes a vacancy on the bench that will have to be filled at the next election. A judicial convention will be called at once and a candidate selected who shall serve a a full term of fifteen years from the date of his election. The names of Hon. John S. Wirt and Hon. W. H. Evans, of Cecil; P. B. Hopper and Edwin H. Brown, Esqs., of Queen Anne's, are mentioned for the Democratic nomination; Messrs. Haines, Urie and Russum by the Republicans.

KENT COUNTY now occupies the very front rank on the turf. For many years Queen Anne's held this honor but Kent has gradually pushed her way to the front. Bedsworth, Jr., record 2.14¼, Numa, Free Silver, Henrietta, Reddy Russell and others head the list of racers and uphold the reputation of Kent in fine style.

HOPE OF RAILWAY DESTROYED

The Demand of the County Commissioners is Said to Handicap the Company.

In our last issue we stated that the prospects for the building of the Electric Road from Chestertown to Rock Hall were very promising, but it seems that the County Commissioners in the new agreement asked so much that the Railway Company decline to accept the terms.

The commissioners demanded the right to name 4 of the 12 directors, and when we consider that the citizens of the county are not asked to subscribe for a single dollar's worth of stock, neither does the county nor are the commissioners expected to subscribe for a single share, nor is the county asked to endorse or guarantee any of the bonds that the company may see fit to issue, this is a large demand. It is no defense of the commissioners' position to say that the demand was right for the reason that the county's interest in the public road should be protected, for it is not in the power of the four directors to protect the highways. The law makes it the duty of the commissioners to preserve the full use of the highways for the public.

The parts of the roads to be occupied by the Railway bed is amply provided for in the agreement, as the following extract from the agreement will show; "The location along said public highway of the track or railway bed shall be determined by the Board of County Commissioners when any controversy shall arise as to the proper location of same," * * * "the said Railway Company hereby agreeing to save harmless the said County Commissioners and to indemnify the said county for any loss or expense which said county may suffer by reason of the exercise of the rights and privileges granted the said Company."

When the road bed is once located, there can be no further shifting or changing of same. Should the company attempt such a move, the County Commissioners alone would have the authority to interfere. Certainly there could be no power in the hands of the directors appointed by the commissioners to interpose. We are advised that this demand of the commissioners will destroy all hope of the road.

The enterprise would have caused an expenditure of $100,000 or $200,000 for labor and material in this county and the annual taxes paid by the Company would be $3000 to $6000. This, to our minds, looks like reasonable compensation for the use of twenty miles of the public roads of the county, without considering the improved facilities of travel and increased value of property in Rock Hall and the section between that village and Chestertown.

We have not a word to say against Messrs. Urie, Smith, Russell and Casey, the men named by the comissioners, but it is the large representation that seems unreasonable. The Company agreed to the Commissioners naming one or two directors, but when they demand four of twelve they were compelled to withdraw.

No one is more concerned in the protection of Kent's interests than the NEWS and in this matter we are urging the Commissioners to act in a way that we believe is to the county's advancement and financial benefit with safeguards sufficient for every emergency.

JOHN CLEVELAND WHITE, one of the nominees for the Legislature in Wicomico, is a son of John H. White, Esq., and a grandson of the late Senator George Vickers, of Kent. He is a young man of decided ability.

In another column will be found a full account of the dastardly attempt to assassinate President McKinley. Gov. Smith issued a proclamation setting apart Tuesday as a day of prayer for his recovery and it was universally observed. All nations of the world have sent messages of sympathy and at this writing his recovery is assured and a day of national rejoicing is being planned.

A telegram from Buffalo on Thursday says: After a good beginning, today has ended unfavorably for President McKinley, but no alarm is felt.

The beef juice which the doctors gave him on Wednesday had been relished so keenly that he was given solid food Thursday morning for the first time. He was bathed and then enjoyed a breakfast of chicken broth, toast and coffee. The President felt so well after this somewhat substantial meal that he asked for a mild cigar, which had to be refused.

A slight reaction soon followed the buoyancy of the morning and he complained of being tired.

A telegram at 1.14 yesterday from Mr. H. S. Brown, of the N. Y. Herald says: "The President is critically ill."
