Rock Hall Locals.

A Great Festival.—The M. E. supper and festival here on Friday and Saturday evenings was, to say the least, a grand success, socially, financially and otherwise. The net receipts aggregating $175 and over. The crowd on Saturday evening was never known to be larger at any former affair of the kind here. The politicians, big and small, and the candidates of all parties, were on hand, and some made telling scores in behalf of their interests. Mr. J. T. Arthur, our baker, furnished the ladies with a mammoth $10 cake for the sum of $5, upon which the ladies instituted a voting contest between the friends of Messrs. Fletcher and Davis, the opposing candidates for Sheriff, the winning man to get the cake. The contest resulted in a majority for the former. "Tom," that bout was not the end, look out for "Bud Henry" on the home stretch, he is hustling. Mr. Fletcher's friends realized they had a cinch on the cake but thought this a good way to help the church and paid over $30 dollars toward the cake. It was cut and served to the ladies. Misses Clara Jones and Ada Joiner electioneered for Mr. Fletcher and Misses Downey and Middleton for Mr. Davis.

Accident.—The Schooner Hardcastle as she was bound down the Chester river on Sunday morning during the heavy N. W. wind, when off the mouth of Lankford bay, had her foremast blown off, but her plucky Skipper gathered in the wreckage and continued on his way to the city. About three weeks ago during a squawl in the bay, the Hardcastle had her topmast carried away.

That Big Oyster Catch.—Our tongmen note some big blowing about a champion oysterman catching in one day 30 bushels of oysters and selling them for 65 cents per bushel. As a matter of fact Mr. Dickerson caught 14 bushels on the bar and the other 16 bushels were taken from the bottom near the shore where he had previously deposited them. So say those, who know whereof they speak.

Locals.—A big frost greeted the oystermen Monday morning and hand beating and feet stamping was in order for several hours of the early morning, and to cap the climax, oysters took a tumble in prices on that day.

Miss Marcie Legg, is the guest of Miss Maggie E. T. Ryan this week.

Rally Day services will be held in the M. E. Sunday School all day tomorrow. The Church this evening is being decorated with the "Star Spangled Banner," autumn leaves, cereals, fruit, vegetables, products of the briny deep, flowers, plants, etc. An interesting program will be rendered and speakers from home and abroad, have been engaged for the occasion.

There are a number on the sick list, among the worst cases are Mr. Frank E. Ashley and Mr. Goldie Wilkins with typhoid fever. There are numerous cases of fever of less degree.

Several teams were badly damaged during the festival on Saturday evening. No person was seriously hurt however.

The registration of voters in this precinct is about as large as it has been in former years. There were 23 registered on the first day and 18 on second day. This includes transfers.

Rock Hall Council No. 149 Jr. O. U. A. M. will hold their sixth anniversary sometime during this month, the exact date will be announced later. The committee on arrangements are at work on the affair and will announce at the next meeting the sub-committees. They promise to have one of the best anniversaries they have ever had and are after good speakers for the occasion. They are now in communication with the Rev. Maurice Penfield Fikes, the popular pastor of Brantley Baptist Church, Baltimore, and if they are fortunate enough to secure him the visitors can rest sure of being well entertained.

Miss Ida Ayres is visiting relatives and friends in Philadelphia.

Health Failing.—Rev. Mr. Chairs, pastor of the M. E. Church has been sick nearly the whole of the present conference year, and on a number of Sundays he has been unable to fill his pulpit. It has been rumored that at the next conference he will retire from the ministry to recuperate his health. We are sorry to lose Rev. Chairs as a citizen of our town and the conference will lose an able and efficient worker. We trust that he may steadily improve before conference, so that he may be able to continue with us.

Galena Items.

Local Notes and Personals.—Our farmers are very busy just now seeding wheat, several expect to finish this week. They could not ask better weather for seeding.

The M. E. festival held the three last nights of last week was a decided success they having cleared between $60 and $70.

The Registration office was kept busy at their setting at Golts, last Tuesday. We understand that there were sixty suspects, it will keep the Registers busy at the next meeting.

Dr. and Mrs. Dulany, of Washington, D. C., are visiting at Mr. J. F. M. Woodal's, at Georgetown, they called to see their old friends in Galena, all were glad to see them, and looking so well, for they both looked remarkably well.

The health of our community is good.

As the nominations are now all made for the different offices, we presume the campaign will now open in earnest. Our people are well satisfied at the nomination of Mr. Brown for Judge. Both parties here are claiming the Election by a good majority. The colored voters are attending night school regularly so they may be able to vote intelligently the Republican ticket.

The Odd Fellows are beginning to talk of their annual anniversary, they have not set the time yet, but it will be some time in the winter, while they are not strong in numbers they are zealous in the cause.

Mr. Henry Gray, has been laid up for the past two weeks, but at this writing he is improving some and soon expects to be out.

An Italian was taken on board the B. S. Ford at Kent Island last Tuesday in a bad condition of illness, to go to the City Hospital, but died just as the boat reached the Baltimore wharf.
