Mr. and Mrs. Charles Hall and Mrs. Charles Pitman and son, of Balt., have been visiting Mr. James Hall.

Mrs. Kelley has opened an ice cream parlor in the building opposite Osborn's store.

Mrs. G. W. Williams is on a visit to Baltimore friends.

Mr. George W. Moffit, wife and child, met with what might have proved to be a serious accident a few days ago. In coming down the Georgetown hill part of the harness broke, causing the horse to run away at the Cecil end of the bridge; the carriage was broken throwing the occupants out, Mrs. M. and child escaped unhurt but Mr. M. was severely bruised.

Mr. J. Frank Kirk and Miss Lillian Cohee were quietly married at the home of the bride, on Wednesday evening, May 28, at 8 P. M., by the Rev. John Daly, rector of St. Denniss Church, Galena. The parlor was beautifully decorated with plants and cut flowers. Mr. and Mrs. Kirk after a short trip north returned to their future home on Monday.

STEAMBOAT FOUNDERS

Loss of The Talbot off Sharp's Island—Crew Saved.

The steamer Talbot, used in carrying passengers from Cambridge to Chesapeake beach, foundered off Sharp's Island on Friday with all hands aboard. The crew saved themselves by swimming, as the vessel was but a short distance from shore when she listed and went to the bottom. There were no passengers. The Talbot, known also as the Thomas Blake from Coney Island, had been purchased by the Chesapeake Beach Company and had been in use only one week. She plied between Cambridge and the beach and made two trips a day. She left her moorings at 8. A. M. and landed at the new pier at the beach at 11 o'clock. At the request of some of the officials at the beach Capt. Cornelius Johnson was requested not to make the return trip at 5 P. M., owing to the heavy wind on the bay. A start was made, but the engineer, together with the purser, Mr. James Hill, soon found that the vessel could not reach her landing.

Hardly a minute's warning was given the men when the engineer signaled that the craft was going down. At once the helm was ported and the nearest landing was reached. After swimming ashore the crew passed the night in sight of the vessel and in the early morning signaled a tug, which carried them across the bay to the beach. Mr. Hill says when morning was breaking, no one having had anything to eat for 12 hours, the island was explored, and only one house could be seen. This was unoccupied, and they gained admittance by lifting the windows. Here they found plenty of beds and rooms furnished, but nothing to eat.

The Broome Wrecking Company, of Baltimore, has been engaged to raise the sunken vessel and will begin its work on Tuesday. Mr. Charles Popper, in charge of the beach, said that the service will be continued and a new steamer put on at once to accommodate the travel from the Eastern Shore.

Steamboat to Chesapeake Beach.—For a week or so the officers of the Chesapeake Beach Company have been on the lookout for a steamboat to run regularly between Cambridge and Chesapeake Beach. The propeller Lewis D. Black was purchased in New York by officials of the Chesapeake Beach resort for this purpose. The Black will carry 259 passengers as a day boat. She is a vessel of 66 tons gross register and 92 feet long, built at Rondout, N. Y., in 1883. The probability of this line has been considered for quite a while, and in the early part of the year the officials of the company come to Cambridge to size up the situation. It is understood that the company has option on two landing places in Cambridge, either one of which will be very satisfactory.

A VALUABLE PUBLICATION.

The Pennsylvania Railroad 1902 Summer Excursion Route Book.

On June 1 the Passenger Department of the Pennsylvania Railroad Company will publish the 102 edition of the Summer Excursion Route Book. This work is designed to provide the public with descriptive notes of the principal Summer resorts of Eastern America, with the best routes for reaching them, and the rates of fare. It contains all the principal seashore and mountain resorts of the East, and seventeen hundred different routs or combination routes. This book has been compiled with the greatest care, and altogether is the most complete and comprehensive handbook of Summer travel ever offered to the public.

The cover is handsome and striking, printed in colors, and the handsome book contains several maps, presenting the exact routes over which tickets are sold. The book is profusely illustrated with the half tone cuts of scenery at the various resorts and along the lines of the Pennsylvania Railroad.

On and after June 1 this very interesting book may be procured at any Pennsylvania Railroad ticket office at the nominal price of ten cents, or, upon application to Geo. W. Boyd, Assistant General Passenger Agent, Broad St. Station, by mail for twenty cents.
