CHESTERTOWN, MD., AUGUST 23, 1902

DEMOCRATIC PRIMARIES.

The Democratic Voters of Kent county are requested to assemble at their respective polling places in each election district, on SATURDAY, the 23rd day of August 1902, at 2 o'clock P. M., for the purpose of selecting six delegates from their respective districts to meet in convention to be held at the Court House in Chestertown, on Tuesday, the 26th day of August, 1902 at 12 o'clock noon, to select delegates to the First District Congressional Convention which will be held at Ocean City on Thursday, the 4th day of September, 1902 for the purpose of nominating one candidate for Congress. Where there are two precincts each precinct will be entitled to three delegates.

WHEAT is quoted at 70½c. in Chestertown this week.

TOMATOES are bringing nearly as much as peaches this season.

ONE of the churches recently had a notice urging its membership to attend the prayer service. The pastor wrote it "come praying." The printer had it "come paying!"

SCHWAB, the president of the world's greatest corporation, is broken down in health at the age of 40. A Maryland man, Mr. James T. Gayley, of Cecil county, may succeed him if he resigns.

THE congressional primaries in Kent will be held to day by both parties. The Democrats are perfectly harmonious, and only desire that a good delegation be selected to aid in bringing out the strongest possible candidate by the Ocean City convention, which meets on Thursday, Sept. 4.

The Republicans have been actively canvassing and it was thought at one time they would have a lively factional fight for delegates. It seems now, however, to be understood that Mr. Wilbur Eliason will get the delegation without much of a contest. There will be no opposition to Congressman Jackson's renomination.

The delegates from Kent to Ocean City will likely be Messrs. Wilbur Eliason, Frederick Wilson, J. T. DeCorse, Jos. W. Harper, Morris Bramble and Frederick Walls. There may be a contest in one or two districts.

THE managers in Washington of the Democratic Congressional Campaign Committee declare that a question which will enter into the campaign in the congressional districts in Maryland will be the failure of the delegation to properly press the case of Rear-Admiral Winfield Scott Schley.

FAVOR LEASING OYSTER BEDS.

The Vansville Farmers' Club of Southern Maryland Want Water Lots Leased For Planting Oysters.

The Vansville Farmers' Club of Southern Maryland met at Beallmont, the home of Mr. Samuel Beall, near Laurel, on Saturday evening The following members were present: Lloyd Dorsey, Luther Brashears, George E. Loweree, James R. Owens, Charles H. Stanley, Laurie Burk.

Among the guests were Messrs. E. H. Brinkley, W. E. Bentz, W. R. Bentz, H. J. Patterson, Laurence Cassard, Reuben Johnson, J. B. Wilson, Fillmore Beall and Harvey Stanley.

Following resolutions were adopted:

"*Resolved*, By the Vansville Farmers' Club, in regular meeting assembled, that they have long viewed with alarm the rapid depletion of the oyster beds of the Chesapeake bay, their dedication more and more to favored sections of the State, and the increased burden of protecting the same with a decreased revenue therefrom.

"*Resolved*, That a radically different system of developing and protecting said oyster supply is immediately demanded by the people of the State, to whom alone the oysters belong, and that it is the sense of the club that the best results will be obtained by the enactment of a law which shall provide for the leasing of the barren beds of the Chesapeake, the proceeds from said leases to be equitably distributed among the several counties of the State for the permanent improvement of their highways.

"*Resolved*, That this is an economic, not a party, issue, and that every proper means should be used to elect a General Assembly in the fall of 1903 pledged in good faith, irrespective of party, to the passage of an act along these lines.

"*Resolved*, That our delegate to the State League of Farmers' Clubs be, and he is hereby instructed, to urge that a campaign of education upon this all-important question be conducted under the auspices of said State League among the farmers throughout the State."

The club adjourned to meet at the residence of Mr. Laurie Burke, on September 13.

THE Prohibition Party convention will be held at Still Pond next Tuesday Aug. 26. Delegates will be elected to the congressional convention and an address will be made by Rev. S. P. Shipman.

Jackson's Novel Campaign.

Congressman Jackson expects to have a walkover for the Republican nomination for Congress in this district and is now making his arrangements for the fall campaign. It is said that he intends to equip his steel yacht so as to accommodate about twenty-five people, and then proceed along the coast of the tide-water counties, stopping at every point and holding impromptu meetings. The best spell binders on the Eastern Shore are to be impressed into service, and from the beginning to the end of the campaign the oyster question will be pushed for all it is worth. This method of campaigning will be more effective and less expensive than if speakers were sent overland.

OUR neighboring town, Easton, suffered another great loss on Monday last in the destruction by fire of its large furniture factory. The loss is $70,000 and insurance $35,000. The company was doing a very large business and employed about one hundred hands.

THE Atlantic City tidal wave prophet says he didn't fix any certain date for the "wave," and still insists that it is sure to come. He is close kin to some weather prophets, the prediction will come true—in time.

CONGRESS at its recent session appropriated the enormous amount of $1,063,335,961.55. Thus it is shown that the Republican Congress is fairly over the first half of the road to the two-billion-dollar mark. The expenditure of this sum is far in excess of the revenues to be derived during the year, and the result may be a bond issue.
