Mill Sold.—Mr. James Patten has purchased of Prof. T. H. Topping the elegant grist mill near Chestertown which has been successfully operated for several years by the latter. The price paid is reported to have been about $6,000. The high standard of the mill's product will be continued by Mr. Patten.

The "Imperial."—Mr. W. W. Hubbard has rented the restaurant and hotel apartments in his new building on High street to Mrs. J. B. Burchinal who will personally conduct the same. The new cafe will be known as the "Imperial" and will be furnished in the most artistic manner.

Great Improvement in the Sassafras.—The Sassafras River Line fall schedule goes into effect on and after October 13th. Steamer Sassafras will be hauled off and the Kitty Knight will run in her place while the Steamer Sassafras will go to ship yard for attention to boiler and engine, W. E. Woodall & Co. have the contract. 23 feet will be added in the middle of her which will make her nearly as large as the Emma Giles. It will take about one month to make the change, the iron frames are all made now ready to put in, it is thought she will not be on the railway over three weeks. Some other changes will be made which will make her one of the most desirable excursion boats the company has.

Horse Stolen.—Mr. Stephen Boyer lost his valuable driving horse last week. He drove over to Middletown on Saturday and left his team under the shed of one of the hotels, when he went for his team it was gone. Only two weeks ago a team was stolen from Middletown and now this is the second one in such a short time. The horse is a beautiful cream with white mane and tail.

Fine Sport.—Mr. W. C. A. Thompson takes the prize for catching fish with hook and line. He has repeatedly gone down the river and anchoring off Mr. J. Raymond Bowers' shore caught fine fish. Wednesday he returned with five dozen rock and perch, some of the latter measured thirteen inches while one rock was eighteen inches long. Van Worrell, the well-known Worton fisherman, says Mr. Thompson's catch of 109 dozen at Plum Point some years ago has never been surpassed.

Trolley Franchises.—The Kent, Cecil Light, Power and Railway Company have been granted a franchise by the city of Newark to use certain streets for their trolley line. This now makes it possible for the line to be constructed from Newark to Chesapeake City, a distance of 15 miles. Newark at the same time granted a franchise to the Cherry Hill, Elkton and Chesapeake City Railway Company, an opposing line.

A Battle Marker Unveiling.—Next Saturday, October 18th, at 10.30 a. m., is the time set for the unveiling of the battle marker on Caulk's Field. Dr. D. L. Greenfield, pastor of Christ Methodist Protestant Church, Chestertown, will make the opening prayer, A history of the movement will be read by Rev. Chris. T. Denroche, rector of Old St. Paul's and I. U. A chorus will sing "My Country, 'Tis of Thee," with Mr. W. W. Chapman leader. Col. Wm. M. Marine, of Baltimore, will be the orator of the day. Capt. Columbus A. Leary will make an address, while other addresses will be made by the presidents of the societies—Sons of the War of 1812 and the Daughters of the American Revolution.

A Big Sale.—The sale of personalty last Monday on the Tolchester plantation, by Mr. J. W. Woodside, was one of the largest and best attended sales that has occurred in Kent for many years. The unusual feature was that cash was required for everything, and notwithstanding this fact every head of stock and all the cattle and implements sold well. Horses sold from $42 to $125, cows from $22 to $42, hogs from 6½ to 10½ cents per pound, alive; hay $16 per ton, threshing rig $300, corn harvester $40, etc. Auctioneer C. H. Hurlock cried the sale in fine style, while Mr. E. H. Beck, of Smyrna, managed it in a business like manner, being ably assisted by his stenographer, Mr. Lecompt. The total amount of sales probably footed up to $3,500.

Mr. Henderson Crosby, who has been tenant on this place, says he will remove to Baltimore, but has not decided what special line of work he will engage in.

Auctioneer Greenwood was in the stand at the sale of Mr. James T. Ireland on Churn Creek farm and faced a big crowd. A pair mules brought $230; horses from $80 to $100; cows from $27 to $35.

Kent, Delaware, Ahead.—The Clayton Call says that Horace Pugh, proprietor of the Leipsic Hotel has picked 22 tons of tomatoes to the acre and expected the total to reach 25 tons.

Mr. Bishop, of Lambson's Station will harvest over eleven tons per acre on three acres.

Broad Neck also has some big yields but nothing that compares to the above. Mrs. Strong will get about 12 tons to the acre as will Mr. Boyd, but Delaware takes the prize for——.

For Rent.—The Stam Hall Co. advertise the hall for rent in this issue. Messrs. Hope H. Barroll, W. B. Usilton, Jr., and John S. Vandegrift have been the lessees of this hall for three years but have decided to give it up. These gentlemen have tried to give Chestertown the best entertainments on the road but of course in some instances they were humbugged. It is hoped the next tenants will have better success.

THE address of Dr. Wm. L. Morgan is published in this issue at 220 W. Franklin street, Baltimore, when it should be 202.

STATE W. C. T. U.

The State Convention held last week in Baltimore was marked by unusual enthusiasm and noted as among the best ever held. Co-operative work has been a special endeavor, and addresses on the subject were made by Mr. H. N. Hanna, of the C. E. Society; Rev. Chas. Guthrie, of the Epworth League, and Mr. M. E. Reddich, of the co-operative committee. Never before, it was said, had there been such a desire in the State of Maryland for co-operation on matters of temperance and missions. A great meeting contemplated and the greatest temperance revival this State has ever seen, was the prophecy of Rev. Chas. Guthrie. The address of welcome and closing remarks of the pastor of Grace Church were characterized by a fearless summing up of the situation that left no doubt of his being counted in the number of preachers who are praying for the temperance cause and are willing to take an oar also. The reports from county presidents on local work was highly interesting and showed active work. Workers were very much encouraged by the fact that the expenses of State work and White Ribbon Herald had all been met previous to the convention. The two addresses of Miss Belle Kearney were forceful and engaged the untiring attention of vast audiences. The music on the last evening by the C. E. chorus, composed of upwards of 200 voices, was an inspiring feature. The resolutions showed larger plans of work for another year.
