Would You Think It?

Would you think it possible that you could be disappointed in the face of a woman whose shapely shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you shows disfiguring blotches and blemishes. In general the cause of these eruptions is impure blood.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the corrupt accumulations which cause disease. When the blood is cleansed, pimples, tetter, salt-rheum, boils, sores, and other results of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease eczema," writes Mrs. J. Koepp, of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their suffering."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. Jas. Murphy, of Fonda, Pocahontas Co., Iowa. "It has cured me of chronic scrofula of twelve years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

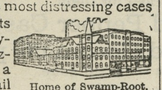

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

MRS. L. S. ADAMS,
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have $1.00 bottles. For any stomach, liver or bowel disorder Thedford's Black-Draught should be used.

THE GREAT JOKE, DEATH.

Funny Side of Dying Often Treated of In Literature.

"Death," said a publisher, "has been treated humorously in our literature often. Indeed I am quite sure that a collection of many thick volumes might be made under the title of 'Death's Funny Side.' Thomas Hood was one of our best writers of this sort of verse. Don't you remember his ballad on the young sailor who died heart-broken over his girl's unfaith? The last stanza was:

"His death, which happened in his berth,
At forty odd befell;
They went and told the sexton, and
The sexton tolled the bell.

"Hood did another ballad on the subject of a soldier who lost both legs in battle, who was in consequence jilted by his sweetheart and who then hung himself. Now, that is rather tragic, is it not? It has a bizarre but none the less poignant tragic note. Guy de Maupassant indeed once handled almost this same situation, but he handled it from the opposite viewpoint, and don't you remember how he narrated the first, the crucial, meeting of the lovers after Ben Battle's double amputation?

"But when he called on Nellie Gray
She made him quite a scoff,
And when she saw his wooden legs
Began to take them off.

"This treatment drove Ben to despair:

"So round his melancholy neck
A rope he did entwine
And for the second time in life
Enlisted in the line.

"And there he hung till he was dead
As any nail in town;
For, though despair had cut him up,
It could not cut him down.

"There is a tremendous literature of humorous epitaphs. There must be, I fancy, 10,000 of these, but two of them are all I can recall. The first goes:

"Here lies the body of mild Maria;
She went one day to start the fire,
But the wood was green.
So she used kerosene,
And now she's where the fuel is drier.

"The other is grimmer:

"Life is a lie, and all things show it;
I thought so once, and now I know it.

"Then there are songs on the side splitting aspects of death, some of which have caused tender hearted ladies to double up with mirth. 'Johnny Jones and His Sister Sue' is one such song, and I bet that six people out of ten in America know it by heart.

"Yes," the publisher concluded, "under the title of 'Death's Funny Side' an anthology of many, many volumes could be made. The anthology should be bound in black pigskin, with grinning skulls and crossbones tooled in gold on it."—Philadelphia Record.

A Matter of Principle.

"Why is it," says the girl, "that in giving an account of an accident they always give the age of the person injured? I can see the sense of their talking about blonds and brunettes, a mustache or full beard if it is a man or a red, green or blue gown if it is a woman, for that is a means of identification for acquaintances and friends who may be interested. They don't even put the age in the death notices now, but if you meet with an accident out it comes in all the papers in town. But they will never publish mine. I have it on my mind every time I cross the street, and when there is a particularly bad crowd I say to myself, "Now, remember, if you are run over here, no matter how badly hurt, you are to remember never to tell your age. It's a matter of principle."—New York Times.

Rejected Fortunes.

Professor Bell had a strenuous time over his invention of the telephone. He took the first working model of his instrument to John A. Logan and offered him a half interest for $2,500, saying that it would do away with the telegraph and that there would be millions in it. Logan replied: "I dare say your machine works perfectly, but who would want to talk through such a thing as that, anyway? I advise you to save your money, young man." Bell then offered a tenth interest to an examiner in the patent office for $100 in cash. It was refused. That tenth interest was worth $1,500,000 in fifteen years.—Pearson's.

Rather Airy.

"There is an acquaintance of mine," remarked the doctor, "who gives himself airs because he was given up to die thirty years ago and has kept himself alive till now by taking oxygen."

"How old is he now?" asked the professor.

"Over eighty."

"He's what you would call an oxygenarian, is he?" said the professor, looking at him with half shut eyes.—Chicago Tribune.

An Appropriate Name.

"It is a pretty name," the impressionable traveler murmured, "but tell me why do they call you Manita?"

There was an arch smile on the savage maiden's face.

"Evidently," she said as she signaled to her brothers, who were concealed in the brush with clubs, "you do not know our favorite food."

Suspected It.

Cashier—I can't honor that check, madam. Your husband's account is overdrawn.

Woman—Huh! Overdrawn, is it? I suspected something was wrong when he signed this check without waiting for me to get the hysterics.
