

I Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who had suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Read Mrs. Kempson's letter and, if you are sick, follow her advice.

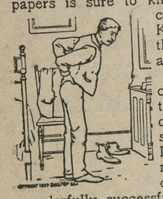

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson, of Cambria, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your 'Favorite Prescription.' When I think how I was five years ago, and then see how I am now, I say, God bless Dr. Pierce's works, and may he live long to help poor suffering women. I have never had any return of my weakness and am well and hearty. Can do all my own work without any pain. You saved me from the grave when all others failed. I advise suffering women strongly, to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

DO YOU GET UP WITH A LAME BACK?

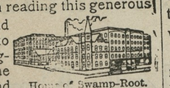

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

THEDFORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Thedford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Thedford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and $1.00 packages.

Morgan, Ark., May 25, 1901. I cannot recommend Thedford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

SHAD SEASON NOW ON.

Where the Fish in Our Local Markets are Caught—The Chesapeake Variety Comes Later.

The shad now being offered for sale Baltimore come from the waters of Florida and Georgia. The season has been open several weeks, but the fish are scarce and prices are high. As the waters of the Atlantic and its tributaries become warmer with the breaking up of winter, the fish migrate to the North. They are due in the Chesapeake Bay in March or April. Hundreds of fishermen on the Rappahannock, Piankatank, Potomac and Susquehanna rivers are preparing to handle the fish for which Baltimore, as a market, is famous.

With the coming of warm weather every tributary of the bay, from the Potomac to the Susquehanna, will swarm with shad that come to Maryland to spawn, the superior quality of the state's waters and the protection they afford making the water a mecca for millions of this species of the finny tribe. Next month will see all the steamboats trading to the Western Shore of the bay and later the Susquehanna boats will carry to Baltimore daily hundreds of packages of the luscious food.

More shad are found on the western than on the eastern shore of the bay, just why being a never-ending subject of discussion. It is claimed that the fishermen of the western shore put their nets farther out into the bay than those of the eastern shore, and that the waters on the western shore are shallower—the kind the shad chooses in which to deposit its eggs—than the waters along the eastern shore.

There is a controversy as to whether bay shad or the Susquehanna shad are the best, some claiming that the fish is at its best soon after it comes into the Chesapeake Bay from the sea, others holding that the shad suits the palate better after it has reached the waters of the Susquehanna. Each shad lays about 25,000 eggs, near the surface of the water, which slowly sink to the bottom. In the wholesale market Saturday roe shad were bringing from 70c. to $1.

WOMEN AND OBEDIENCE.

When And Why a Wife Should Obey Her Husband.

The law does not compel a woman to obey her husband. Instead, the law very wisely leaves husband and wife to get along together just as comfortably as they can.

A man cannot force his wife to obey him. The marriage service contains, or formerly contained, the word "obey," but did not mean to imply from that that a woman should be a vassal. The marriage service "obey" simply meant that she ought to do as her husband thought best, because of his superior wisdom and worldly experience.

A wife should obey to the extent of ministering to her husband's wants and looking after the home. She should regulate the household expenditure according to the wish of her husband, for he, being the wage-earner, has the best idea of their income. A man has a wider knowledge of the world than a woman; his should, therefore, be the ruling voice in the matter of friends and acquaintances. A wife ought not to be on intimate terms with the people to whom her husband objects. In the upbringing of their children it is for the husband to mark out the path of rectitude and for the wife to guide the tiny footsteps along it.

Obstinate women make the most tiresome of wives. They are often honest, affectionate and well-meaning; but get a false idea of their husband's position in the home and are constantly clamoring for their rights. Every wish of the husband's must be only a "suggestion" for their consideration. Should a man say, "Hurry with the coffee, dear, or I shall loose my train!" his better half resents it and considers herself relegated to the position of maidservant.

So many women forget that the problem to be solved in married life is that of living amicably together. Instead of even attempting this, it becomes with some couples at the outset a battle for rights. In every action of the husband's the wife sees an attempt to assume command and domineer her, while the husband believes that his wife's purpose is to get the upper hand of him. This daily antagonism leads to early quarrels and much unhappiness.

People who get along happily manage things in quite a different way. Neither husband nor wife turns obstinate. Each puts up with many little inconveniences in order to avoid a quarrel with the other.—New York American.
