

Jim Dumps had tried some time in vain
To ease an after-dinner pain
Which gnawed at him his belt below,
And filled his world with indigo.
Dyspepsia now can't bother him,
For "Force" has made him "Sunny Jim."

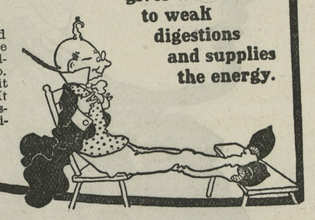

"Force"

The Ready-to-Serve Cereal

A Foe to Indigestion.

"Every summer I have had to take tonics, but now I use 'Force.' I am enjoying excellent health; it has built me up. I eat 'Force' at night and it gives me a restful sleep. It builds up, satisfies and is pleasant to eat and a foe to indigestion.

A NEGRO EMPIRE.

A Scheme being Devised in the North—To be no Penitentiaries.

That negroes are planning a propaganda to found a national society which shall have as its aim the creation of a negro empire in the Caribbean sea, probably in Haiti, ruled by educated negroes from the United States, became known in New Haven Sunday through an effort made to induce William Pickens, a Yale junior, to become secretary of the society. Pickens jumped into prominence recently by winning the Henry James Ten Eyck prize in public speaking at Yale.

N. L. Musgrove, of Sturgis, Ky., is said to be the head of the movement, which is to be known as the "Society of the sons of Freedom." The scheme is for a co-operative society, all the members to be stockholders. An army, equipped with modern munitions, a cruiser, transports and provisions are to be secured by funds to be raised throughout the United States, for it is contemplated to quiet the frequent revolutions in Haiti. If the negro domination is made effective, it is proposed that Haiti shall be put under the protection of the United States.

Other features of the scheme are that land titles and franchises shall be vested in the State and that there are to be no penitentiaries, but criminals are to be set adrift. Pickens is asked to proclaim this gospel for the negro race in America.

It is sincerely hoped that the orators will lose no time in coming to Kent.

THE Circuit Court for Anne Arundel County, Judge Thomas, Tuesday decided that the writ of mandamus will not lie to compel the Board of School Commissioners of Howard county to keep open the colored schools of that county as long as the white schools.

The petitioners in this case are Amos Smith et al., who claim that the action of the Howard County School Board in closing the colored schools on April 14, while keeping open the white schools for the full terms, is contrary to Maryland Statute law and also to the Fourteenth Amendment to the United State Constitution. The court, however, holds that whenever the funds by which any particular class of schools is maintained become exhausted the School Board for the county cannot be compelled to require a new levying of taxes to continue the sessions of this class, but may close the schools comprised within it at the board's discretion.

Notice of appeal was given by the petitioners' attorney, Ashbie Hawkins, of Baltimore. Mr. John G. Rogers, of Ellicott City, appeared for the School Commissioners.

This question has been before the Kent County Board more than once and the decision noted above will be noted with interest.

Money Galore.—Lying along and near track 3 of the Philadelphia, Baltimore and Washington Railroad, in Elkton, were found portions of $20, $10, $5, $2 and $1 bills amounting in all to about $200, Wednesday morning by various persons. Sheriff William P. McAllister found a portion of a $20 bill, Charles Denny several bills amounting to about $30, and John E. Alexander and others smaller amounts. All the money was being blown along by the wind. It is believed that some person on a train passing through Elkton early Wednesday morning dropped his pocketbook and it fell under the carwheels.

INTERESTING READING!

THE EARTH IS FULL OF GOOD THINGS, and each century puts on record many new and useful things for our benefit and enjoyment. The 19th Century, among other things, gave us the New Metal, Barium, which by the manipulation of Oliver D. Goodell, of Baltimore, Md., produced what is now known as CARRARA PAINT, which is surely and fast superceding our old paint (White Lead). See cut below.

Poor White Lead—CARRARA killed him. White Lead has been a faithful servant for 150 years—**But Carrara is now superceding it as a House Paint.**

Chestertown Endorsement of Carrara Paints.

Mr. Joseph Guest, Dear Sir:—Upon the recommendation of Mr. John Marshall, of Baltimore, Md., builder of John Hopkins Hospital, whom I know to be a thoroughly truthful man, I used your Carrara Paint on my dwelling and found it to be all that is claimed for it, and I take pleasure in recommending it to everybody. I can say I am especially pleased with the Paint. Yours truly, CURTIS E. CRANE.

CARRARA PAINT is therefore our subject for consideration at this present time.
CARRARA PAINTS will not Blister, Peel, Chalk, Crack, Powder or Fade.
CARRARA PAINTS are not affected by Acids, Gases, Grease, Salt or Temperature.
CARRARA PAINTS hold their color, are elastic, non-porous, bear scouring without destroying gloss, and is non-poisonous (no more Lead Colic). And last, but most important, it covers more surface than Lead Paint, and is therefore cheaper. Try it for yourself and be convinced.
