Children's Day services were held last Sunday night. Notwithstanding the fact that the weather was unfavorable, the audience room was filled to the doors. Nearly every scholar, officer and teacher were in their places. The church was prettily and tastefully decorated with potted plants and cut flowers, which together with the happy smiling faces and lovely attire of the little ones, presented a scene that was beautiful indeed. The music under the skillful management of Mrs. Jos. W. Harper was well rendered and delighted the audience. Mrs. John Schofield presided at the piano in her usual characteristic manner. LYNCH ITEMS.

Mrs. Dr. J. T. Twilley and Miss Lillie Bramble spent Tuesday with friends at Lynchs.

Mrs. Wm. Hepbron was taken suddenly ill at midnight last Tuesday. She is much improved at this time.

Mr. Beck is able to go out, after several weeks' illness.

Mrs. Sallie Rousse Jones, near here, says she guesses she will have to get an automobile, as she has had such a time with horses lately. About two weeks ago she was in a runaway and smash-up with Mr. Jones and his fine young driver, and yesterday, accompanied by Mr. Schieff and other friends from Baltimore, took a drive up to Spry's home farm, on Chester river, and a young horse they were driving became much frightened at a shepherd dog, and if the corn there hadn't been so big, nearly 4 feet high, they would have been hurt, but they were all spilled out on soft ground. Mr. Hubbard Brinsfield is the very excellent tenant on this fine farm.

Mr. Oliff Scheiff, of Baltimore, formerly of Copenhagen, in the northern part of Europe, is visiting his uncle, Mr. J. C. Jones, near here, and is much pleased with Kent and its people.

We have decided to hold the Children's Day services here at Lynchs next Sunday evening, 14th, beginning at 8 o'clock. We hope all our friends will come out, as the children are noted far and wide for their fine speaking and the singing by the choir is a treat also. We hope to be able to have Mr. Scheiff, of Baltimore, with us, as he is a noted pianist and singer of merit. We hope also to have with us on this delightful occasion Mr. Frank Beck and wife, of Washington, D. C., who are both very fine singers.

Resolutions of Esteem.

Inasmuch as our faithful and highly respected President and teacher, Dr. CHAS. W. REID, Ph. D., is about to leave off duty at Washington College; inasmuch as he has ever acted a kind and helpful friend to us as students, and inasmuch as he has always been a true friend to us as members of the Mt. Vernon Literary Society,—

Be it resolved, that we, as members of the above named society, do express our deepest regret on account of his departure.

And be it further resolved, that we extend to him our best wishes for his future success, hoping it may measure up to his standard while with us.

Furthermore be it resolved, that a copy of these resolutions be entered on the journal of the society and be published in the papers of Chestertown, Md.

ROCK HALL LOCALS.

Purse-net fishermen—some of them, at least—have been quite lucky in their pursuit of the finny tribe lately.

The Chester River Steamboat Company are about to repair their wharf at Deep Landing. Contractor Andrew Stevens will do the work.

Our crabbers are out now in large numbers, but don't seem to be "in it" as they would like. Crabs are slow coming on and small in size.

Our seine haulers have laid aside their rigs for the present. They find fish too scare to justify them in continuing the business. Later on they hope for better success.

The recent rains have made it finely seasonable for tomato planting and our growers have been rushing them out as fast as plants can be procured. Plants are still very scarce.

The present week has given all the boys of our neighborhood a fine opportunity to gather in a few dollars by corn thinning, and hordes of boys have grasped the opportunity.

The gasoline skip-jack, "Bye," of Grey's Inn, in command of Capt. Chas. Kendall, is engaged in running baskets from Leary's factory to Anne Arundel county truckers. She carried 8,000 on Monday.

Mr. Johnson, chief sawyer at G. E. Leary & Sons' factory for the past five years, and who recently secured a position on the lower Peninsula, will return to Kent and resume his position at the old place. Thus it ever is—Kent is the garden spot of the Shore—and when one seeks to better his lot in life he will find himself mistaken in going elsewhere.

Mr. Frank Maslin came up to Grey's Inn on Saturday and reported the looting of several arks along the shores of East Neck Island, among them his own, from which the bed and bedding, stove and cooking utensils and other articles were stolen. There is no direct clue to the identity of the looting party. Suspicion, it is said, points to a colored man.

South Rock Hall was in a state of excitement Sunday afternoon owing to the attempted suicide of a young man. It seems that Mr. F. T. Hogan went to his corn house to get feed for his hogs, and upon entering he saw his grandson, Earle Hogan, lying apparently asleep. Mr. Hogan called him, but received no answer, and upon further attempts to arouse him the grandfather became alarmed and called for his son, John, the young man's father. Then it was found that an attempt at suicide had been made, as there was evidence of laudanum and red drops being taken, and a note left for a young lady bidding her good-bye. Dr. Selby was at once summoned, and after the usual methods of relieving the stomach of poisonous drugs, the young man was soon restored to consciousness and is now in a normal condition. There is no explanatory reason why Earle should want to go the 'overland route,' except a dread of being reprimanded for some disobedience to his father's command on Saturday night. There is evidence that the young man is sorry for his act and in the future will exhibit a much wiser aim in life.

CHURCH NEWS.

Rev. W. N. Sherwood, of Chestertown, has been appointed pastor of the church in Baltimore that the late John Collins named for Christ Church, Chestertown. The congregation will soon make the last payment on a lot costing $3,400, and begin the erection of a new church.

Rev. W. M. Poisal will fill the pulpit of Christ Church next Sunday morning and will conduct the twilight services. Rev. D. L. Greenfield will attend the commencement exercises of Western Maryland College.

Rev. J. M. Gill, of Washington, D.C., received 20 new members into church last Sunday.

Rev. J. Wilson Sutton preached in Emmanuel P. E. Church Sunday.

Children's Day service will be held at the Asbury M. E. Church, Millington, on Sunday evening, June 14th. A very fine program is being arranged for the occasion.

Rev. Chas. M. Elderdice, son of Rev. J. L. Elderdice, of Edesville, has been appointed pastor of Rowlandville M. P. Church, Cecil, to succeed Rev. Jas. E. Maloy, who has been sent elsewhere.

Mrs. W. J. Vannort on behalf of the Flower Mission sent to Baltimore hospitals this week a beautiful donation of flowers. Mr. Allen A. Harris, purser on the Emma A. Ford, kindly delivered the flowers free of charge.

Children's Day services will be held at St. James next Sunday morning.

The regular Sunday morning services at Sacred Heart Church will take place at 10.30 o'clock.

The feast of the Sacred Heart will be celebrated on Friday morning. A solemn high mass will be sung at 9.30. The Rev. Wm. Temple, D. D., of Easton, will preach the sermon.

Mowbray chapel on Pomona charge celebrated Children's Day on Sunday eve, June 7th, The chapel was crowded and everybody was pleased with the exercises. The decorations were fine and the program did credit to those who had the training of the children in hand. The program will be published next week.

GOOD FISHING is being enjoyed at Tolchester. Under Capt. Bacon's direction on Tuesday several men in about four hours caught 3 rock and 85 perch. One of the rock measured 32 inches in length.

A Family can Live on It.

There's a good deal more in bread than appears on the surface. There's a much larger per centage of nutriment in selected Spring wheat of highest grade than in Winter wheat. GOLD MEDAL FLOUR is made from the best Spring wheat of Minnesota and Dakota. It is the strongest flour made. It makes more bread, better bread and more uniform bread than any other flour. The family that insists on having
