The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it,

as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases? Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

$500 REWARD! FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

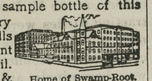

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing, it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

THEDFORD'S BLACK-DRAUGHT THE GREAT FAMILY MEDICINE

Thedford's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhœa, biliousness, piles, hard colds and headache. Every druggist has Thedford's Black-Draught in 25 cent packages and in mammoth size for $1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe Thedford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Illewara, La.

A DARING FEAT!

It is appalling to think of any wheelman who has the temerity to ride down an incline nearly one hundred feet high and after traversing a few feel of almost horizontal planking, detaches himself from his wheel and dives 105 feet through the air to a shallow tank. Yet this is done almost daily by Mr. A.M. Schreyer, in New York.

The chute is a light wooden structure measuring 98 feet in height at its top and 35 feet high at the lower end, or what in this instance might be called the "jumping off place." The total length of the structure is 215 feet. The floor of the raceway is formed of slats placed three inches apart. A stripe of black paint indicates the center of the path. There is a slight curve at the lower end of the incline and this curve in turn gives way to a nearly horizontal pathway which is slightly tilted. The dive begins about 20 feet from the end of this section. The pool of water is 78 feet away and is 38 feet long, 8 feet wide and 4 feet deep.

Before riding Mr. Schreyer gives himself half an hour of quiet and then mounts the lower end of the pathway. Here he studies the position of a flag beyond the pool, which is adjusted to meet various conditions of the wind. He then mounts to the top where his helper holds his wheel. He carefully observes every feature of the landscape, cheers himself up, and when he feels his nerve is at best he releases himself and pedals down the incline at railroad speed. He holds his wheel to a painted stripe and looks out for a mark a little beyond the curve which designates the spot where he springs from the wheel. When he reaches the mark on the pathway he reverses his wheel instantly, and by a supreme effort he raises himself over the handle bars and hurls himself forward to the pool, never taking his eyes off the little flag. His dive really begins from the pedals and handle bars of the machine. He sails through the air, his body twisted and temporarily deformed, he swings himself around and gracefully descends into the tank amid the applause of thousands. The wheel drops near the tank and is usually caught by men with a rope. The sensation from the time the dive actually begins is beyond description. He laughs and sometimes talks to the men while in midair, although as we are dealing with minute fractions of a second the word is liable to be chopped off rather suddenly. Mr. Schreyer often carries a bucket of red fire and the effect is waird in the extreme. His present weight is 148¼ pounds; the bicycle weighs 24½ pounds, and the average length of the entire trip is 3½ seconds.

Work Progressing.—About 40 workmen are engaged in grading on W. Main St., Middletown for the Middletown and Odessa trolley road, and that end of the quiet town is the centre of great attraction for the people. During the early part of the week a large traction engine was used to pull the plow through the crushed stone and while the work was finally accomplished, the workmen found it a very hard task. The rails have been laid as far East as the Middletown Hotel, and if the weather permits they will be laid on East Main street during the coming week, and then continued on to Odessa, a distance of about four miles, where the road will terminate for the present.

State Teachers' Association.—The annual outing of the Maryland State Teachers' Association will be held this year at Ocean City June 29 to July 2. These gatherings usually bring together all the educators of the State system of public schools, of which Mr. M. Bates Stevens is the head. The headquarters at Ocean City will be the Atlantic Hotel and the meetings will be held in the casino of that hotel.

INTERESTING READING!

THE EARTH IS FULL OF GOOD THINGS and each century puts on record many new and useful things for our benefit and enjoyment. The 19th Century, among other things, gave us the New Metal, Barium, which by the manipulation of Oliver D. Goodell, of Baltimore, Md., produced what is now known as CARRARA PAINT, which is surely and fast superceding our old pain (White Lead). See cut below.

Poor White Lead—CARRARA killed him. White Lead has been a faithful servant for 150 years—**But Carrara is no Superceding it as a House Paint.**

Chestertown Endorsement of Carrara Paints.

Mr. Joseph Guest, Dear Sir:—Upon the recommendation of Mr. John Marshall, of Baltimore, Md., builder of John Hopkins Hospital, whom I know to be a thoroughly truthful man, I used your Carrara Paint on my dwelling and found it to be all that is claimed for it, and I take pleasure in recommending it to everybody. I can say I am especially pleased with the Paint. Yours truly, CURTIS E. CRANE.

CARRARA PAINT is therefore our subject for consideration at this present time.
CARRARA PAINTS will not Blister, Peel, Chalk, Crack, Powder or Fade.
CARRARA PAINTS are not affected by Acids, Gases, Grease, Salt or Temperature.
CARRARA PAINTS hold their color, are elastic, non-porous, bear scouring without destroying gloss, and is non-poisonous (no more Lead Colic). And last, but most important, it covers more surface than Lead Paint, and is therefore cheaper. Try it for yourself and be convinced.
