

Health is a magnet which irresistibly draws the man to the woman in life's mating time. A great many women covet beauty and are constantly seeking means to beautify themselves. Let a woman first seek perfect health.

There can be no general good health for women while there is disease of the delicate womanly organism.

$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mountjope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Everyone who knows me is surprised to see me look so well. In June I was so poor in health that at times I could not walk. To-day I am *cured*. I tell everybody that Dr. Pierce's medicines cured me."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume. Address World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

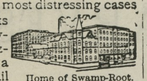

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

THEDFORD'S BLACK-DRAUGHT THE GREAT FAMILY MEDICINE

Thedford's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhœa, biliousness, piles, hard colds and headache. Every druggist has Thedford's Black-Draught in 25 cent packages and in mammoth size for $1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe Thedford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Illewara, La.

DO YOU WALK STRAIGHT?

Few People Do, Says a Fault Finder Who Notices Things.

"Have you ever noticed how few people walk straight?" said the man who finds fault. "I am not speaking in a spiritual sense, neither do I refer to their gait, which is certainly bad enough, but to the crookedness of their path. A straight road is not at all times possible, I admit, and when the streets are most crowded a fellow is excusable for darting around any old way, but when given a clear sidewalk I can't for the life of me see why he cannot walk straight.

"Watch any man—and women are just as bad—who starts out from home at an hour when other people in the neighborhood are busy on their own doorsteps and give him a clean sweep. Since there are no obstructions in the way, there is no reason on earth why he should not proceed in a straight line to the nearest corner, but instead of pursuing that undeviating course he zigzags most suspiciously. Now he is perilously near the curb, now brushing against the area railing, while occasionally he evens things up by taking a few steps in the middle of the pavement. The people who thus waver in their gait are perfectly sober and would be surprised if anybody should show them a diagram of their tracks. Naturally all that veering and tacking appreciably increases the distance traveled, which is another reason why people in a hurry should learn to walk straight."—New York Times.

Narrow Escape of Gold Seekers.

A small company of Alaskan gold seekers were walking across one of the great ice fields in that winter bound country when one of them noticed a difference in the color of the ice a few yards before them. Almost as he spoke, however, the treacherous coating of thin ice across a jagged crevasse gave way, and with an awful cry the two foremost men went down with the crumbling glittering surface. A third man would have followed, but his gun lodged crosswise in the crevice and saved him. The other two had sunk out of sight, only their voices guiding their rescuers. Blankets were torn into strips and all the available rope used as well to reach the unfortunate prisoners, to whom hatchets also had to be lowered to hack their way out, so tightly had they been jammed in between the ice bowlders by their fall of fifty feet or more. When they reached the surface again they were in a fainting condition, and it was many days before they recovered from the effects of the time spent in that icy tomb.

How a Statue Grew.

Very warlike is the aspect of a singular equestrian statue in Belgium, yet there is no cause for alarm since it is nothing but a tree. Some ten years ago a policeman retired from the force and went to live near Charleroi. Being an amateur horticulturist, he busied himself a good deal with trees and flowers, and one day as he was trimming a hawthorn in his garden it occurred to him that it would be a novel idea to train it in such a manner that it would eventually assume the figure of a cavalry officer. At once he went to work, and after ten years' labor he succeeded in transforming the tree into a perfect picture of a mounted soldier. The tree is known in the neighborhood as "General Hawthorn," and hardly a day passes that strangers do not come from a considerable distance in order to view this wonderful example of horticultural art.

Sherris Sack.

In Shakespeare's plays the term "sack" applied to wine is common. "Sherris sack," a term used by Falstaff, is "seco de Xeres," a name still well known in Spain, from which the wine comes. The epithet seco, or dry—the "sack" of old English authors and the "sec" of French writers—is used in contradistinction to the sweet malvoisies and muscadels which are made of the same grapes. Wine of this sort, it is said, was introduced into England about the time of Henry VII., whose close alliance with Ferdinand and Isabella was cemented by the marriage of his son with their daughter. It became still more popular in England under Queen Elizabeth, when Essex and those who sailed with him pillaged Cadiz in 1596 and brought home the fashion of drinking sherris sack.

Two Sunsets Per Day.

There is only one place in the world where the sun sets twice daily, and that is at Leek, in Staffordshire, England. The reason of this is that a jagged mountain is situated to the west of the town, and in the evening the sun sets behind it and darkness comes on. Then the first sunset occurs, the gas lamps are lit, and apparently night has set in. But it has not, for in the space of an hour or so the sun reappears again through the opening at the side of the mountain, and daylight again appears. Artificial lights are extinguished and daylight again prevails until the sun descends below the opening and the second sunset occurs and night comes to stay.

Used to It.

Manager—That young woman whom I placed at this counter a year ago already knows more about the business than you do, and I find that I shall have to put her at the head of the department, though I fear it will be rather unpleasant for you to be under her orders.

Clerk—Oh, no; I am getting used to that. We were married six months ago.

A Weakness Overcome.

Flossy—What a haughty air Alice has! She used to be so bashful.

Mayme—Yes. She's finally persuaded herself that she's somebody.—Exchange.

Take Nélaton's Remedy and be Cured!

Here is a convincing proof that NELATON'S REMEDY, the guaranteed cure, positively cures Rheumatism.

Read the stories of those who suffered and were cured--then ask yourself why you should put off taking NELATON'S REMEDY

Remember that our guarantee is wrapped around every bottle: "your money back if it fails to cure." At your druggist's.

Queenstown, Md., April 30, 1903.

It affords me great pleasure to recommend Nealton's Remedy to all sufferers of Rheumatism, and I always do so. My wife was a terrible sufferer for two years and was dropsical, not being able to do any work at all. She was attended by several doctors with no result, and I expected her death at most any time. After taking one bottle of Nealton's Remedy she was greatly improved, and before finishing the second she could do all her work and is now a well, strong woman.

Yours respectfully, W. A. WRIGHT.
