Democratic Primaries.

Pursuant to the action of the State Central Committee, the Democratic voters will meet in their respective election districts and precincts on Saturday August 22nd, 1903, between the hours of 2 and 6 o'clock p. m. for the purpose of appointing six delegates from each district to meet in Chestertown on Tuesday, the 25th day of August, 1903, at 11 o'clock a. m., to elect six delegates to Democratic State convention to be held in Baltimore on a date to be named for the purpose of nominating a Governor, Comptroller and Attorney General. If there be any contest for the election of delegates and a desire is expressed for a vote, each district shall select judges and two clerks and shall open and close the polls at the hours herein prescribed, and when the polls are opened, shall receive the votes of all Democrats offering to vote, whose names shall appear upon the registration books and who shall vote in the districts where they are registered, and shall also receive all the votes of all young Democrats, who, on account of their age are not now registered but who will be entitled to registration and to vote at the ensuing November election. And, upon the closing of the polls at the hours herein directed, the judges shall proceed to count the votes cast; and shall certify to the person receiving the highest number of votes as delegates. Whereupon it shall be the duty of said delegates to proceed to Chestertown on said Tuesday in August, and cast the vote of the district in convention and elect 6 delegates.

Should no desire be expressed for a ballot, then the district meetings may select delegates by a viva voce vote, or by committee nominations. The mode of procedure here in prescribed will be strictly followed, any other method will not be legal, as this committee has full power so to decree.

GRAND JURY REPORT.

Evidence of Unwarranted Extravagance Specially on the Roads of Kent County—Floating Debt of Over $70,000—High Tax Rate for Coming Years.

The Grand Jury of Kent County comprised of the following citizens, T. Romie Strong, Wm. G. Smyth, Geo. W. Owens, Wm. E. Willson, Samuel Burgess, Chas. M. Brown, J. Page Gale, Arthur M. Brown, Geo. T. Williams, Geo. Spencer Boulden, Wm. T. Nicholson, W. Tylden Brice, Jos. W. Harper, James L. Beck, Edw. W. Emory, Wm. R. Price, Josiah Massey, Jr., James W. Wood, Richard Groves, Clifton Hurtt, Hiram M. Brown, Ellsworth Bowers and Walter Francis, met in the court house, Chestertown, Monday and after receiving a brief charge from Chief Judge Pearce, retired to consider Mr. John H. Blacklock's report. Mr. Blacklock is the expert accountant employed to examine and report on the indebtedness of Kent County. The Grand Jury's report is as follows:

To the Honorable, the Judges of the Circuit Court.

The Special Report of the Grand Jury respectfully shows: that a committee composed of Messrs. Richard Groves, Elsworth C. Bowers and Edward W. Emory, was appointed to employ an expert accountant to examine the books and Records in the office of the County Commissioners, and to furnish a complete Report of the financial condition of the county, this we felt constrained to do in deference to the expressed wish of a very large majority of the tax-payers of the county who believed that the public for some time past had not been fully advised of the indebtedness of the county—in fact that a large floating indebtedness had accumulated and was annually increasing.

The complete and comprehensive report of Mr. Blacklock, the expert accountant, employed by the committee of the Grand Jury is herewith returned to your Honorable Court.

It is not our purpose to give here more than a mere summary of some of the things shown in the report, which begins with the year 1892 and runs to the present time. The *increased annual expenses* of the county is one of the matters which we desire especially to call attention to. The figures hereinafter given are the date of making the levy.

For the year 1892 the total expenses were $79,627.82. For 1893, $66,355,92, while the average annual expenses for the year 1892 to 1903 both inclusive, were $78,486.04. When you compare these figures with the total annual expenses for 1902 and 1903 which are respectfully $94,326.55 and $92,588.40 the inquiry is natural, *what occasioned this increase of* $15,000 *in each of the last two years over the average for eleven years?*

We further find in 1902 by the expert's report the enormous expenditure of **$30,254.71** not including $7929.13 expended in Chester and Sassafras River bridges, for roads, making a grand total of **$38,183.34**, a sum exceeding any previous year. It seems to us with about 400 *miles of road in the county to keep in repair*, $30,254.71 *seems to us a fabulous sum to be expended; and if the present practice of mending our roads with man and shovel continues we need not expect any relief in that direction.*

We also find in the expert's report although the heavy rate of $1 35 has been fixed allowing for the usual expenses for this year, when we come to the levy of 1904 the county will still face a FLOATING DEBT APPROACHING **$70,000.**

The accountant reports the loss of the Levy Ledger from 1892 to 1902 and the removal of leaves from the Minute Book. The Ledger was known to be in the commissioners office within thirty days before the investigation began.

The custody, care and preservation of the Books and Records in the office are upon the commissioners; no valid excuse or explanation has been made by them for this loss and mutilation, and the severest censure of the people will be upon them, until some valid reason is given for misfeasance.

The total expenses of the expert accountant will be $402.

We desire to further report to your Honorable Body that we have examined five witnesses and further recommend that the summary of the report of the expert accountant on page 1 and the side note on page 24 be published 3 times in two of the county papers, and that the detailed report itself be placed in the Treasurer's office for the inspection of all interested parties. [The summary may be found in another column of the News.]

A committee to arrange for the publication of the summary has been appointed consisting of Messrs. Richard Groves, Ellsworth Bowers and Edward W. Emory.

The jury are very much gratified to find that there is no indications of misappropriation of funds of the county during the period covered by the accountant's report.
