KEIFFER PEARS.

Bringing Better Prices Than Peaches—Crop is Small—Large Pears, With Color, in Demand at 40 Cents Basket.

Buyers are hunting for Keiffer pears and paying good prices for them. One farmer near town cleared 27 cents per basket on those he had picked off the ground, while the best ones off the trees brought 35 cents in the city. Messrs. Stewart & Co., Marcus Ascher, Chas. W. Kibler and others are in the county buying orchards. The highest price yet offered has been 25 cents per basket and take all, little and big.

The Keiffer pear crop, which has usually pulled our farmers through with a big profit when the peach crop failed entirely, as it did this year, is almost a failure. Some time in June the leaves on all the older Keiffer orchards began to show signs of disease, then fell until nearly all the lower branches were bare. A new growth of leaves appeared, then some trees burst into bloom.

These blossoms were then killed by the blight of the leaves, or were attacked by the belated frosts, and the trifling amount of fruit that has matured on the trees is small and defective. Where the farmers resorted to spraying, however, the trees are half full of well developed fruit and the foliage is restored. This has set all the farmers to talking in favor of spraying and to rigging machines to do this work. A well versed speaker and writer who grows large crops, says:

"The fruit grower who will not spray after this experience should apply to the Orphans' Court for a guardian over himself. Not only apples and pears, but peaches also, should be sprayed. The same is also emphatically true of quinces."

Oystermen, Attention!

The Republican Candidate for Governor, Mr. Williams, of Harford, Introduced the Haman Oyster Bill and Urged Its Passage.

DEMOCRATS KILL THE BILL IN COMMITTEE.

Actions speak louder than words is true in reference to the Republican candidate for Governor, Mr. Williams. This gentleman claims to be the friend of the oystermen and in his speeches professes te be opposed to leasing the oyster bars.

But what is his record? What did he do when he had a chance to prove his real self?

He was a member of the Senate in 1900 from Harford county, and WAS THE MAN WHO INTRODUCED THE HAMAN OYSTER BILL! He was the father of the very law that is now before the people and championed its passage with all the ability of which he is capable!

Mr. Williams is the Republican candidate for Governor. Is he the friend of the oystermen? *No.* No. NO.

How was Mr. Williams' bill killed?

By the Democratic committee. It has been the Democrats who have championed the oystermen's cause in the past and who will take care of them in the future.

The following is the record taken verbatim from the Senate Journal of 1900:

Tuesday, March 20, 1900.

Mr. Williams, of Harford.

A bill entitled "An Act to establish and promote the Industry of Oyster Culture in the State of Maryland," which was read the first time and referred to the Committee on Chesapeake Bay and Tributaries.

Friday, March 30, 1900.

Mr. Applegarth, from the Committee on Chesapeake Bay and Tributaries, reported unfavorably Senate bill No. 257, entitled "An Act to establish and promote the Industry of Oyster Culture in the State of Maryland," which report was adopted.

What Democrsts Will Do.

Isaac Gibbs (Dem.) at Massey, Kent county, in answer to a query from the Sun, says: "I am unalterably opposed to the leasing or selling of the oyster beds and bars under the waters of the Chesapeake bay and its tributaries. This great industry now fosters thousands of the citizens of this State, and so far as I am advised those persons in Kent county who are mostly interested in this industry are now content with the laws for its protection. And should I be elected a member of the next General Assembly my first concern shall be to represent, first, the best interests of the people of my county; secondly, the best interests of the people of my State.

"The Wabash Railroad or any like corporation wishing to enter the State and thereby enhance the transportation facilities of Baltimore city, should have its interests promoted by all proper legislation."

Messrs. Garrett Foxwell and Cecil R. Atkinson are friends of the oystermen and will be heard from later.

A thirteen-months-old child of Mr. W. H. Hall, of Fredericktown, died last Friday of croup. Interment was made in Galena cemetery, Rev. E. R. Creed officiating at the funeral.

About eighty would-be voters are put on the revision list for a hearing next Tuesday, which is "revision day" Most of these are colored people, who seem not to have satisfied the registrars that they were all right as to statements about residence, etc. Still it is the opinion that most of these will stand the test. A larger registration was made than for many years.
