Are You An Up-To-Date 20th Century Farmer?

IF SO, YOU WILL USE

T. R. HUBBARD & SON'S

MODERN FERTILIZER BRANDS

MANY cannot understand why, after so many years doing business here, that T. R. Hubbard & Son's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

"First, the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, if making dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid-proof bags, and sent out in splendid shape. We are often asked, "Why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

"We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods and in first-class mechanical condition, it pays to go to extremes, as it is impossible to make a first-class fertilizer otherwise; and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

"Now, in order that we might continue to be an up-to-date concern, it was necessary to have our own acid chambers and an acid phosphate plant, so as to be entirely independent of the trust, and we have gone in with another concern and erected one of the most modernly equipped phosphate factories in the East, located at Canton. This will make our

Dissolved Phosphate

and supply the Chestertown factory, and instead of closing up our old factory, as many supposed, we will be in better shape than ever before, and will be worked harder than ever. We tell you all this, for when you know what we know about our business, you will not buy any ordinary fertilizer, but

T. R. HUBBARD & SON'S BONE FERTILIZERS

the Fertilizers that have made T. R. Hubbard & Son's Fertilizers famous. If, therefore, you are going to sow wheat this fall, and want a good goods and want to save money on your purchases, it will pay you to see us before placing your order. Respectfully,

Wilbur W. Hubbard,

INCOME NOW $50,000 A YEAR.

Has Captured Many of the Turf Classics This Season—First Winning at Lakeside.

Ten months ago Grover Cleveland Fuller was a stable boy earning $30 a month.

To day he is one of the star jockeys of America, with an income approximating $50,000 a year.

That is to say, he has in 10 months by his own skill and perseverance lifted himself from obscurity to a position on the American running turf where his talents earn for him as much money in a year as is paid in salary to the President of the United States.

In one short season he has won the Futurity and the Suburban and Excelsior handicaps, besides a number of lesser stakes, and achieved a prominence that few other boys have attained even after years of hard and conscientious effort and which no living jockey has equaled in so short a time.

Fuller rode his first winning race at the Lakeside track in Chicago in Nov. last. Since then he has flashed first past the judges' stand many times, and he now has nearly 300 winning mounts to his credit, a record unparalleled for a jockey in his first year.

It is estimated that Fuller has won $250,000 for the owners of the horses he has ridden. For winning one of the big races of this season he recieved $8,000 out of the stake, a sum probably never equaled as a gift to a winning jockey in the history of the turf. So quick was his leap into the ranks of the star jockeys that early in the year Tim Sullivan engaged the first call on his services at a fee larger than the annual salary of hundreds of bank presidents through this country. And Frank Farrell paid a sum nearly as large as this as a retaining fee for the second call. Both are such fees as big corporation lawyers receive as retainers.

MR. WELLINGTON AS A PROPHET.

Says Williams Will be Defeated and People are Tired of McComas.

"The better element of the republicans in Maryland have had enough of McComas," said former United States Senator Wellington Saturday while seated in his office in the Citizens' National Bank, of which he is president.

He made this remark during an interview on the gubernatorial situation and used it as a preface, which was followed by a prediction that Mr. Williams will be defeated.

"This will happen," said the senator "Mr. Warfield will be elected Gov. of Maryland beyond a doubt. He will have a large majority ,too."

When asked what causes had induced him to predict the defeat of Mr. Williams, he said:

"There are several reasons, any one of which is sufficient to defeat the republicans. I know the people at large are tired of McComas. They will settle with him in the coming election. Mr. Williams was not nominated because he was wanted by the people, but because McComas pushed him to the front. Men receiving such nominations should be defeated. Personally, Mr. Williams is a fine gentleman. He is above reproach. It so happens that he is in bad company in this fight. Had the republicans nominated a man to represent the entire party in the gubernatorial fight, I believe he would have had a fair chance of success."

Mr. Wellington concluded his talk on the gubernatorial campaign by switching off on former Governor Lowndes and his friends. He disposed of the matter in two sentences. He said:

"Governor Lowndes is lost in the political game. He has been lost ever since I left him."

Mr. Wellington says he will not participate in the campaign on the gubernatorial end. He will use his influence in defeating David A. Robb, the republican candidate for state's attorney in Allegany county. He declares Mr. Robb's nomination was secured by improper methods. Beyond this end the former senator says he is not mixing in politics. He devotes most of his time to his banking interests.

Marlboro Times, the personal organ of Congressman Sydney E. Mudd, has in its issue of last week three bitter editorials on the action of former Chairman P. L. Goldsborough in appointing the McComas committeemen in Prince George county after saying that he would leave the appointments to Chairman Hanna. Following is one of the extracts from the editorials, which are said to have been written by Mr. Mudd himself:

"We always favor any republican ticket in preference to any democratic ticket, provided, however, that ticket shall be nominated by anything that can firmly be considered to be legality of action. The ticket which our friends of the opposition here, however, are seeking to put into the field is the product (which every fair-minded man, we think, will now admit) of the arbitrary action of Phillips Lee Goldsborough, taken just before he went out of the chairmanship of the republican state central committee of our state.

"It was a desperate, dastardly and unwarrantable, and in the face of his personal pledge to Mr. Mudd, a dishonorable and disreputable action. What the result will be, time only can tell.

"It has been claimed for the credit of the superserviceable friend of McComas called Goldsborough that when McComas asked him to violate his pledge to the convention and appoint a central committee for Prince George county, he did for a little time at least, hesitate and undertake to beg off from breaking his word so soon. Just what class of credit a man of this kind takes from a mere hesitation to do a disreputable act we do not quite understand. Goldsborough is entitled to a monopoly of this class of feeling."

Ten Thousand Churches

In the United States have used the Longman & Martinez Pure Paints.

Every Church will be given a liberal quantity whenever they paint.

Don't pay $1.50 a gallon for Linseed oil (worth 60 cents) which you do when you buy thin paint in a can with a paint label on it.

8 & 6 makes 14, therefore when you want fourteen gallons of paint, buy only eight gallons of L. & M., and mix six gallons of pure linseed oil with it.

You need only four gallons of L. & M. Paint, and three gallons of Oil mixed therewith to paint a good sized house.

Houses painted with these paints never grow shabby, even after 18 years. These celebrated paints are sold by

F. H. HARPER & SON, Still Pond
J. W. IVENS, Worton.

Dry Goods, Notions, Millinery!

Some at 1-3, some at 1-4 off the regular prices. One more week of our—

CLEARANCE SALE

The balance of our Summer Stock must go. You know our policy is to carry no goods over from one season to another.

We do this for 3 reasons:

—1st—

It keeps our stock free from old and shop-worn goods.

—2d—

It gives us ready cash to buy more goods.

—3d—

It pleases our cutomers to get such bargains within their grasp.

Come and See and we will convince you of the above.

All Summer Millinery at 1-2 price,

SUCCESSORS TO R. BERGEN.

CLOSING OUT ALL STOCK!

Special Low Prices

—ON—

SHOES

We will close out all our Summer Stock in order to get ready for our Fall and Winter Stock.

If you want some REAL BARGAINS now is the time to call and get what you want in

Shoes, Underwear, Matting, Etc.
