THE "Uncle Tom's Cabin Co." which played at the Hall last Tuesday night was, strange to say, greeted by a large audience. Had this been a first class attraction it is likely the company would have met with a "frost."

W. W. HUBBARD has a large pumpkin in his office window labeled "grown on Rev. D. L. Greenfield's farm. Hubbard's fertilizer was used." The parson's "farm" consists of a garden in the rear of the parsonage on Maple avenue.

The Kennedyville W. C. T. U. held its regular monthly meeting Friday evening of last week, October 2nd in the M. P. Church. With Mrs. Annie S. Redmile at the organ, the meeting opened with singing, "Rescue the Perishing," and prayer by Rev. R. S. Rowe, after which a very profitable scripture reading was given by Mrs. James Weer. The president Mrs. Shafer gave a brief talk on "Narcotics." We were very fortunate in having with us Miss Scarborough, of Washington College, who gave us several recitations in a most acceptable manner. A very fine recitation was also given by Mr. Geoege Medders, and was highly appreciated. Duets were given by Misses Ada Hurlock and Flora Johnson, also Miss Lillie Rowe and Mrs. Mary Lane and a solo by Miss Lillie Rowe. The president announced that meals would be served on Election Day as usual, and the meeting adjourned to meet the first Friday in November. Our delegates Miss Ellen Copper, Mrs. Emma Godwin and Miss Lillie Rowe, left Tuesday morning to attend the State Convention to be held at Rising Sun, Mrs. Shafer having gone the day before.

VIEWS OF "OUR BOYS."

In reply to queries sent out by the Sun as to the position of candidates for Legislature on the oyster question and the Wabash railroad the following will be of interest to our readers:

No Edulvocation Here.

Clarence W. Perkins, Democratic nominee for Senator, Second Legislative district, Baltimore city:

"There is no measure of greater importance to the people, irrespective of political affiliations or geographical location, than not only the preservation, but the proper development, of the oyster industry by wise and progressive legislation. It should, and I believe will, be considered and disposed of as a purely business and not as a political question. Something must be done to save this great treasury of wealth, and that something must be done promptly. I am in favor of a system of leasing or oyster farming of the barren bottoms of the waters of the State, or any other line of procedure consonant with the best interests of the whole people, with proper legislation for the protection of those at present engaged in the industry and with prohibition against monopolies.

"I do not know at this time what privileges and rights the Wabash Railroad Company may ask of the next General Assembly, but so far as my position may be toward this company or any other enterprise within the city and State they will receive my earnest support so long as they do not trespass on the constitutional prohibition against special privileges to individuals or corporations."

Extremely Cautious on Oysters.

J. Henry Baker, Republican nominee for Senator, Second Legislative district, Baltimore city:

"I desire to say that if elected to the State Senate my position will be as follows:

"First, in regard to the oyster question, I am convinced that some remedial legislation is absolutely necessary to retain and restore the oyster industry of our State. I shall, however, in attempting to vote to that end be extremely cautious to avoid the establishment of any condition having a monopolistic tendency. This question is perhaps the most important of the purely economic matters liable to come before the General Assembly. I am compelled to say, however, that at this time I do not know as much about it as I intend to know before voting.

"I can emphatically say that I think the entry of a new railroad system into Baltimore will be of vast benefit to our people. So, believing, I shall approach with favor the consideration of any reasonably necessary legislation tending to aid the Wabash system to enter and establish its terminal here."

Stands on Platform.

Thomas W. Trew (Rep.), Kent county: "In the Republican platform my ideas are better expressed on the oyster question and I fully approve the platform.

"Concerning the rights of the Wabash Railroad Company, I have not given it any thought whatever."

James H. Baker (Rep.), nominee for Senator, Pomona, Kent county: "I opposed the 'Haman bill' at the last session, believing it to be detrimental to the interests of the oystermen of Kent county, and if elected I shall endeavor to act and vote what I consider to be to their interest."

Take Nélaton's Remedy and be Cured!

Here is a convincing proof that NELATON'S REMEDY, the guaranteed cure, positively cures Rheumatism.

Read the stories of those who suffered and were cured--then ask yourself why you should put off taking NELATON'S REMEDY

Remember that our guarantee is wrapped around every bottle: "your money back if it fails to cure." At your druggist's.

Queenstown, Md., April 30, 1903.

It affords me great pleasure to recommend Nealton's Remedy to all sufferers of Rheumatism, and I always do so. My wife was a terrible sufferer for two years and was dropsical, not being able to do any work at all. She was attended by several doctors with no result, and I expected her death at most any time. After taking one bottle of Nealton's Remedy she was greatly improved, and before finishing the second she could do all her work and is now a well, strong woman.

Yours respectfully, W. A. WRIGHT.
