Hats and Hats

Well, 'tis hardly necessary to talk about Hats, as we have them right on top of the heads of so many, however, we'll say this: If we can't fit your head both inside and out, and your purse too, you better leave your measure at some large factory. The main trouble is keeping in sizes.

WASHINGTON COLLEGE WINS!

A Splendid Victory In The First Foot Ball Game Of The Season With The Strong University Of Maryland Team.

Washington College played its first foot ball game of the season last Saturday afternoon. The game resulted in a victory for the college over the strong University of Maryland. The University of Maryland averaged about 175 pounds each while W. C. could not reach 157 pounds. But it just shows what systematic work can do, together with brainy players and coachers.

The score of 23 to 0 in favor of Washington College, does not show how bad the College boys vanquished the University boys as several substitutes were played in the last half.

Dr. Cain and Prof. Burris deserve great praise for the team they have gotten together and the manner in which they play together. Moore is Captain of W. C. and handles his men like a veteran and is himself in every play. His partners behind the line—Hitch Shutz and McGinnis do fine work and later in the season should do a great deal quicker. The college has a good line also. Stephens at center is quick and active and the guards Voss with his 197 pounds, and White with his strength, are hard to beat. The tacklers Brice and Garey are very active and take advantage of every thing. Rasin and Long the ends, are good ones and get down the field like a "Doggie" Trenchard. Taken all in all Washington College has a foot ball team, barring all accidents that should give a good account of itself this year.

Hitch made a long run and his dodging was very good. Shutz also made good runs. It is said the University of Maryland were much disappointed over their defeat as they were willing to give odds that they would win by a big score.

Washington College will go to Baltimore to-day to play the Mt. Washington foot ball team.

The scholars and teachers of Chestertown Public School have purchased a set of knives as a wedding present for Prof. John T. Bruehl who recently had charge of the Manual Training Department.
