Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

ROCK HALL NOTES.

Sowing Time and Harvest. "He that observeth the wind shall not sow, and he that regardeth the clouds shall not reap," Ecc. 11: 4. This life is the sowing time if we would reap a spiritual harvest. There is great need to sow if we want a bountiful harvest. The principle of the text is duty and activity. Man is most dignified and useful when active and he ought not to be deterred from duty by the obstacles in the way. The difficulties in the way of duty are represented by the cloud visible and by the wind invisible, and the latter is the greater, which is carnality. The sowing time is short makes it of great importance that early sowing take place. Gen. Grant when on his dying couch was asked by Bishop Newman, "Gen. what about the future?" He replied, "Dr, I am willing to meet and associate with those gone on with whom I associated here". The Bishop not being satisfied said "Gen., what about your personal experience with Jesus Christ?" Alas! Gen. Grant had but little and was compelled to seek a closer acquaintance in the few short hours of remaining life. "I am looking forward to a reaping time, a genuine revival that shall mightily stir this whole community and gather in the material that shall be a stability of the church, of the town and vicinity and the power of God. I shall not be satisfied until such a harvest is had and to that end we must sow good works. Holy lying, prayer, and show to the world the traits of a godly character in our business as well as in the church on Sunday", &c. The above is the subject, the text and some of the truths brought out by parson Burr in his Sunday morning sermon before a large congregation who enjoyed it immensely.

The Epworth League will hold a box social in the K. of P. Hall this Saturday evening, no admission will be charged at the door but there will be boxes, cake and cream for sale and of course a generous public will cheerfullly patronize the affair as the proceeds are for the purchase of a bell for the church.

We understand that Messrs T. B. Durding and B. H. Coburn have purchased the cannery property.

Mr. T. R. Reiche has launched his fine new pleasure boat. Pat says he is going to ship Tom to other parts.

Mr. Reybold Wilson returned from the hospital last week very much improved. He is now doing business at the old stand under K. of P. Hall and his friends and patrons are delighted.

Capt. J. R. Downey since the close of dredging season is at his old tricks running in cull law violations. What Downey fails to do the J. P. takes in charge.

Mr. Geo. W. Venable is on the sick list and under care of a physician.

Mrs. Warren Burr returned from Conference Wednesday of last week, since which time she has been quite sick, but is now convalescent.

Of course it goes without saying that the M. E. Society gave their Pastor Mr. Burr quite a warm reception on his return from Conference.

Mr. Frank McClosky who accepted second mate position on one of the Chester river steamers a few weeks ago has resigned. According to present arrangements the officers and crews of these steamers, find their positions anything but a picnic these days. So it may be said of the oyster business, it is about as low down and unsatisfactory to catchers and buyers now as it has been for many years. Merchantable oysters are exceedingly scarce, and prices are 30 cents on the bar, and 45 cents in the city, many tongers and some buyers have quit, would it not be about as well for all to stop short and then save our oysters for next season? Many of the young growth of oysters are dead, the cause it is presumed is owing to the catchers' implements coming in contact with the tender shells, rather than the severity of the past winter. There are immense patent tong fleets working the dredgers' grounds of the bay. These fleets are from various tide water sections of the State. There are many more engaged in the work than ever before, and this will have an injurious effect for next dredging season.

It has been a most remarkable month for lamblike behavior. The March lion must have been annihilated, or perhaps April has him snugged away for use as a joke further on.

The power packet of this port is of great convenience to our oystermen in towing them in from the bars after their day's work is done.

Mrs. Wm. M. Miller on Monday night succumbed to the demands of the grim monster death. Hers was a most beautiful life and was greatly endeared by our whole community. Many prayers go up to a throne of Grace in behalf of the bereaved husband and children. Someday they will understand and realize that all things work for good to them who love him.

SASSAFRAS ITEMS.

The Maryland Society Colonial Dames of Baltimore has presented to our Public School four photographs of paintings one of each Cecilious Calvert and his wife Lady Anne Arundel and two representing the dealings of the Colonists with the Indians. Mr. Lewis Dreka is making quite an improvement by cutting off the grove of trees near the creamery, it gives Sassafras a much more enlightened appearance and at night it was especially dark to travel through this lonely road.

SPARKS & JEFFERSON have the biggest line of millinery ever shown in town Miss Katie Wheatly, Miss Kidel, and Miss Mann will be sure to please you.

JOSEPH GUEST, of our town, will have his 1905 advertisement of Ruberoid-steel and Felt Roofing, Carrara Paints in next week's paper look for it.

IN MEMORIAM.

HOGAN.—In loving remembrance of our dear daughter Florence M. Hogan who departed this life nine years ago to day. April 1st., 1896, Rock Hall Md.

Gone from us is the one we love,
Nine years have passed away
Since her happy spirit winged its flight
To realms of endless day.
She's safe at home with Jesus now,
The friend she loved so well;
The glories of that land unseen
No mortal tongue can tell.
With friends and loved ones gone before
She walks the streets of gold.
Until we meet in Heaved above.
We'll bear our griefs untold.

BY HER PARENTS JAS. A. AND MARY C. CASEY AND SISTERS.
