Hubbard's Fertilizers!

After a successful experience of 60 seasons in the manufacture of Fertilizers, we confidently refer you to our record, and earnestly solicit your patronage, and the fact we do more business all the time certainly ought to convince the most skeptical that our goods have superior quality and absolute uniformity and purity.

Are you going to grow Potatoes? Well, we manufacture a Special Potato goods that has been used in New Jersey for 20 years in competition with Mapes' and goods that cost $10.00 more per ton. This goods runs 10 per cent. Potash, and there is no better made, and one man from New Jersey has his orders in already for over 60 tons. Try it.

To Top Dress Your Hay this month. We have a cheap goods for this that works wonders.

There Are Your Peach Trees that should be helped, and you should use our FRUIT GROWER. We have told you before of its merits, and so can those who have used it. Just think, two cents per tree to dress them.

Asparagus—Are you going to do anything to it this spring? If so, we have a specially made goods for this purpose. Such men as James Bell, H. H. Klinefeter, C. H. Crew, John P. Nicholson and scores of others can tell you what it has done for them. It has Nitrate and fish as the source of ammonia, and runs high in Potash and Phosphoric Acid.

For Corn, use our Special CORN PHOSPHATE. Corn is a good price! You fertilize your wheat, why not your corn? it will pay. Mr. Ham. Crew says our Corn Phosphate beats them all. We sell hundreds of farmers this goods every year. Mr. I. R. Leaverton used last year several hundred dollars worth with the greatest success and buys again this year.

FOR TOMATOES

Well, you have heard of our PEERLESS TOMATO goods. It is a wonder. We confidently believe that we sell more Tomato goods than any concern in the country. Don't mean we sell more Phosphate, but more Tomato Fertilizer. Mr. C. R. Atkinson says Numsen claimed best tomatoes brought to his cannery was grown with this goods. He paid him $287.00 from 4 acres. Mr. D. F. Louse says one ton of this goods alongside an $18.00 brought him $96.00 more. Smith, Rouse and Webster, the large canners of Belair, heard of its merits, and bought of us.

We sold Baker & Morgan on one occasion $1200.00. We have several $1,000 customers in Delaware. Mr. J. R. Leager says he got 13 tons to the acre. Mr. Benj. Moore says he got nearly 13 tons, and that you could stand off a hundred yards and see the difference. Mr. G. W. Collins has bought as high as 50 tons per year, says his men on the choice farms got from 12 to 16 tons per acre. Mr. W. T. Money, unsolicited, said to us some time ago: I would like to know how Peerless is made, for I honestly think it is the best Phosphate I ever saw.

Now if you want to sow OATS, or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK or want anything in the FERTILIZER line please call on or correspond with us before making your purchase.

WILBUR W. HUBBARD,
Manufacturer of Standard Bone Fertilizers,
March 1, 1905. CHESTERTOWN, MARYLAND.

Grass Carpets!

The popularity of these goods is founded upon a Substantial Basis, for they exclusively supply a very important demand for something between a matting and a carpet they are both, yet, strictly speaking neither. Their use is in no wise restricted to the warmer weather—they're serviceable and desirable alike for summer and winter, these splendid goods are made of specially selected Tough and Wiry Northwestern PRAIRIE GRASS, woven with a sturdy cotton chain warp, they are clean, cool and attractive, thoroughly sanitary and very durable. In addition to mattings these goods are also made in RUGS, from 18 inch to 9x12 foot carpet sizes. Because of our large purchases and advantageous arrangements, we can actually supply these goods in small quantities at lower prices than you would pay were you to buy direct from the makers.

A FAITHFUL PASTOR.

Rev. C. K. Morris, Of Golts, Retires From Active Work—An Efficient Minister Of The Gospel.

MESSRS EDITORS,

Dear Sirs: I wish to give you a short statement of the work of one of the Local preachers of the Wilmington Conference now retired from active work. On February 27-1867, at the fourth quarterly Conference of Hillsboro circuit, held at Hillsboro, Rev. T. J. Thompson P. E. of Easton District, licensed C. K. Morris, to preach the gospel, and at the following Conference in March, appointed him as Junior preacher on Hillsboro circuit, with Rev. J. W. Hammersley as preacher in charge in 1868 he was appointed to Dulanie's and Massey's mission consisting of the two appointments. The following June he saw the necessity of organizing the third appointment in the forest near Vansants, now known as Golts Station, this was started with a Sunday School

held in a beautiful grove, with some rough logs used for seats, he and his good wife, who was ever ready to assist in the good work, conducted this Sunday School through the warm weather, until it became too cool to worship in the grove. In the Summer of 1869 the school was reorganized with some 40 pupils. The people then began to realize that a house for church and school purposes was really needed. So in the winter 1871, the hewers of wood went into the forest and hewed the timbers for a building 16 x 20 ft. which was the first house of worship in this vicinity, and was occupied as such for 14 years. Then the people determined to rise up and build a church 26 x 40 ft. which was dedicated in October 1887. He served this mission from 1868, to 1888, a period of 20 years on an average salary of $50 a year. In 1877, he was appointed assistant on Galena Circuit, in 1882, assistant on Millington Circuit, in Connection with the Mission work. In 1883, 84, this P. E. Rev. F. E. Martindale sent him as a supply to Townsend where he preached morning and evening, and on the mission in the afternoon, giving him about 30 miles drive, and 3 sermons every Sunday, with 5 days in the week in the week in the School room. In 88, 89, 90, he served Silverbrook in the City of Wilmington, 1891, 1892, 1893, 1894; Westover 95, 96, 97, 98, Wye and Starv 99, 1900, 01, 02, Piney Nerk, 1903, 04, Golt and Dulane's 38 years in the active work, have remodeled 4 churches, built three new churches, and one parsonage, and left no debts for another to pay. Was ordained Deacon in 1888 by Bishop Foss, since that time have Baptized over 800, children, married 115 couples and preached over 5000 sermons.

Now for the salary, for these 38 years. The lowest Salary for one year was $7, the highest Salary for one year was $400

Salary secured from each charge as follows:

Hillsboro Circuit, one year ($120)	$ 120
Mission Work, 20 years ($50)	1,000
Galena, six months, ($250)	250
Millington, one year ($80)	80
Townsend, 2 years, ($215)	430
Silverbrook, three years ($280)	840
Westover, four years ($350)	1,400
Wye and Star: four years ($400)	1,600
Piney Neck, four years $250)	1,000
Golt's and Dulaney's, two years ($250)	500

An average of $190 per year.

Good Prices For Wheat.—Secretary of Agriculture Wilson is reported as saying unless changes are made in our method of growing wheat the United States will become dependent upon other countries for its bread. This is a sorrowful prediction in view of the fact that millions of acres of wheat producing land in this country is yet to be brought under cultivation Secretary Wilson thinks there must be a greater rotation of crops. Lands must not be seeded to wheat so often, but kept longer in grass. In reference to prices he says: "I do not mean to frighten the people by saying that their will be a great shortage in wheat, but I am confident that there will be a large increase in the price unless the methods are changed. At present the per capita consumption of wheat in this country is from six to seven bushels and we are consuming nearly all we raise. You can see at once what will happen when their is a further decline in the yield. Of course, when the price rises enough to justify farmers in other sections of the country to grow wheat they will do so, but they will not begin raising this staple product in the Middle West until the price of wheat rises to such a figure as will make it profitable."

A REPRESENTATIVE SHOE

Queen Quality

BOOTS $3.00 $3.50 $2.50 $3.00 OXFORDS

Taking on a new line always means more or less hard thinking, doubt, &c., on the part of the dealer. In fact the reputation of this business may depend upon It. When we decided to put in a new line of Women's Shoes We went carefully over the whole list and finally selected

"*Queen Quality*"

as being the representative Women's Shoe. In fact we had no alternative since we wanted the best. (As of course we did) We had to take

"*Queen Quality*"

for it is universally acknowledged as being THE BEST WOMEN'S SHOE FOR THE MONEY. We have a carefully selected assortment of this famous shoe and invite your inspection of same.
