Hubbard's Fertilizers!

After a successful experience of 60 seasons in the manufacture of Fertilizers, we confidently refer you to our record, and earnestly solicit your patronage, and the fact we do more business all the time certainly ought to convince the most skeptical that our goods have superior quality and absolute uniformity and purity.

Are you going to grow Potatoes? Well, we manufacture a Special Potato goods that has been used in New Jersey for 20 years in competition with Mapes' and goods that cost $10.00 more per ton. This goods runs 10 per cent. Potash, and there is no better made, and one man from New Jersey has his orders in already for over 60 tons. Try it.

To Top Dress Your Hay this month. We have a cheap goods for this that works wonders.

There Are Your Peach Trees that should be helped, and you should use our FRUIT GROWER. We have told you before of its merits, and so can those who have used it. Just think, two cents per tree to dress them.

Asparagus—Are you going to do anything to it this spring? If so, we have a specially made goods for this purpose. Such men as James Bell, H. H. Klinefeter, C. H. Crew, John P. Nicholson and scores of others can tell you what it has done for them. It has Nitrate and fish as the source of ammonia, and runs high in Potash and Phosphoric Acid.

For Corn, use our Special CORN PHOSPHATE. Corn is a good price! You fertilize your wheat, why not your corn? it will pay. Mr. Ham. Crew says our Corn Phosphate beats them all. We sell hundreds of farmers this goods every year. Mr. I. R. Leaverton used last year several hundred dollars worth with the greatest success and buys again this year.

FOR TOMATOES

Well, you have heard of our PEERLESS TOMATO goods. It is a wonder. We confidently believe that we sell more Tomato goods than any concern in the country. Don't mean we sell more Phosphate, but more Tomato Fertilizer. Mr. C. R. Atkinson says Numsen claimed best tomatoes brought to his cannery was grown with this goods. He paid him $287.00 from 4 acres. Mr. D. F. Louse says one ton of this goods alongside an $18.00 brought him $96.00 more. Smith, Rouse and Webster, the large canners of Belair, heard of its merits, and bought of us.

We sold Baker & Morgan on one occasion $1200.00. We have several $1,000 customers in Delaware. Mr. J. R. Leager says he got 13 tons to the acre. Mr. Benj. Moore says he got nearly 13 tons, and that you could stand off a hundred yards and see the difference. Mr. G. W. Collins has bought as high as 50 tons per year, says his men on the choice farms got from 12 to 16 tons per acre. Mr. W. T. Money, unsolicited, said to us some time ago: I would like to know how Peerless is made, for I honestly think it is the best Phosphate I ever saw.

Now if you want to sow OATS, or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK or want anything in the FERTILIZER line please call on or correspond with us before making your purchase.

LIVING TOO HASTILY

AMERICAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and despondency. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain."—Mrs. Chester Curry, 42 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular menstruation, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

FRESH YEAST

Every Baking Day

The greatest plan ever devised for the busy housewife. Send for a ***free sample*** of Fulton Yeast and we will tell you of our method of supplying you regularly with yeast—fresh from the factory.

FULTON YEAST

is the product of twenty-five years' experience. You will have better bread, more of it, and just when you want it. Be sure to send for a sample anyhow.

FULTON YEAST CO., Inc.
Richmond, Va.

PETITIONERS' ROAD NOTICE.

To the Honorable Members of the County Commissioners of Kent County Md.

We, the undersigned subscribers, do respectfully petition your honorable body to lay out and condemn through the following described properties and route, for a public road. Beginning at a point for a proposed new road at Sewils branch in Queen Anne's county, Maryland, and running between the lands of the heirs of Thomas Pratt, deceased, and John Roberts, to a point on the public road leading from Millington, Md., to Hazel's Corner, Delaware. The proposed road would start at a point in Queen Anne's county at a bend in the road leading from Blanco, Del., to the Andiver Branch in Queen Anne's county. The whole route of said proposed road being a private road and kept open until about 10 years ago, when a portion of it was closed to the public.

OYSTER SUICIDE THE TOPIC.

Much is said in these days about "race suicide." Let something be said about the needless destruction of the humble bivalve says an exchange. W. H. Bennett, a dealer, of Philadelphia, gives his view of the wholesale destruction of the oyster in the waters of Maryland.

Mr. Bennett insists that the depletion of Maryland oyster beds is due very largely to the shucking methods. This gentleman was instrumentla in passing in this State of the two and a-half inch cull law; he now is convinced that it ought to be three inches, as it is the wholesale destruction of oysters about this size in the shucking industry that is now threatening the extinction of the seed oysters in Maryland. Here is an example that is startling. About 150 shucked oysters make a gallon which sells for about 90 cents. At least 150 little oysters are destroyed in securing this 150 for shucking purposes Allow these 300 oysters to lie on the bed for two years and you have 300 worth about $3.00, or $1 00 per bushel. He contends that if allowed to lay for two years that more than three times as much money will be made out of the same number of oysters. This being the case we call the present order of things in Maryland and Virginia so far as shucking business is concerned, "oyster suicide." The wholesale shucker is not to be condemned, for he pays the price, and the planter delivers the goods, but is not the planter short-sighted? Could he not so arrange to cut only the prime stock and not use the culls and with them destroy the future oyster crop? Think of the farmer selling his seed with no prospect of getting more. Mr. Bennett is willing to stand by the above facts. But the planter and the shucker like Boss Tweed of old say to us—"Well what are you going to do about it."

Booking His Dates Ahead,

A correspondant writing to the Middletown Era., from Warwick, says: "We know a school teacher not many miles from here who is making engagements for July. Some of them run like this: July 4th, baseball game; July 6th, horse race; July 12, Christian endeavor Convention; July 15th, at home in Elkton. We presume he sees the contrasts, but he conscientiously believes they are all for the best." Elktonians will probaly have no difficulty in guessing who the individual referred to may be—Cecil Democrat.

HAD SUCCESSFUL CRUISE.

State Game Warden Avirett Busy At The Fishing Shores.

State Game Warden John W. Avirett and assistants, Oregon M. Dennis and W. T. Giles, returned Saturday on the May Brown, Captain Sanders, after a successful cruise along the fishing shores of the upper bay and Susquehanna as far as Havre de Grace since Tuesday. They report having taken up and destroyed numerous pound nets and fykes, all illegal as to size or location, and convicted the seven fishermen arrested at Rock Hall for illegal fishing. Their fines aggregated $159, one-half of which was suspended during good behavior for 12 months; the other half was paid.

The State was represented by State's Attorney W. W. Beck, of Chestertown; Oregon Milton Dennis, counsel to the State Game Warden, and Mr. Giles, of Baltimore; the traversers by Richard D. Hynson and J. D. Urie Esqs., of Chestertown. There were more than 100 fishermen at the trial. Commander Howard, of the State fishery force, on April 13 issued a general order to his captains to notify all fishermen requiring licenses to at once take them out. If this warning has not been observed, arrests will at once follow, says Mr. Avirett.

Off Rock Hall Saturday a net that had been taken out by its owner Thursday was found again in position two miles from Swan Point. It was at once hauled out into deep water and destroyed. Assistant Warden Dennis and Deputy Warden H. T. Edel, of Baltimore, have been of great service to the State Warden.

Want Church Leaders Indicted.

Demanding the indictment for perjury of every churchmen in the last legislature who voted to legalize the sale of intoxicating liquors, Rev. Robert Watt, president of the Delaware Temperance Alliance, nearly started a stampede in the Delaware Temperance Convention in session in Dover Thursday. He said he had inquired of the Attorney General of the State whether such men were not subject to be indicted for perjury. He was informed that their position was one of perjury in one sense of the word, but that it would be difficult to convict them. President Watt declared that such men should be read out in churches to which they belong.

FISHING SEASON OVER

Herring In Abundance, But Shad Not Plentiful.

All seines and floats have been "cut out" and the Susquehanna river fishing season of 1905 is over. Messrs. Coulehan & Hogan, Havre de Grace, were the last to "cut out" on Thursday. The gillers, however, will continue fishing for shad several weeks longer. The season as a whole has not been very profitable; while the price of shad has been unusually high the catch has been small, and by no means equal to the demand.

The run of herring has been good and more taken than could be cared for. In many instances fish were set free even after being "seined." The pack of salt fish has been good, but the packers are holding their product for a rise in the market.

To Hear Corkran-Baker Appeal On June 13.

The appeals of Rev. Drs. Wilbur F. Corkran and Chas. S. Baker, the one suspended and the other deposed from the ministry at the recent Wilmington Conference after conviction of engaging in stock gambling deals, will be heard by the tribunal of the church known as Triers of Appeals, in New York City, on June 13. Bishop Berry, presiding. No witnesses will be heard by the Court of 21 ministers elected by three annual conferences and the question to be passed upon will be whether the findings as to the appellants were in accordance with law and facts. Counsel for the appellants will state the grounds of appeal to which opposing counsel will reply. The testimony offered will be matter of record in typewritten form.

[CROWDED OUT LAST WEEK.]

STILL POND NEWS.

Mr. William Medders is visiting his wife who is visiting her father in New York.

Sunday being a fine day our church services were well attended. The teachers were all present at their classes and all the scholars were at their places, this made our Superintendent, Mr. A J. Hackett, very happy. He felt as they were helping him to do his work. Our pastor preached a very nice sermon both morning and evening. The Epworth League was led by Miss Jennie Coleman.

Mrs. A. Jones, of Philadelphia, is visiting her children, Mrs. W. Clark, Mrs. J. Crowding, Mrs. Johnson.

Mr. Watson who has been visiting the Misses Rasin, has returned to his home in Wilmington.

Mr. Harry Severson who has been visiting friends in Philadelphia, Wilmington and Middletown and elsewhere has returned to his home in Colorado.

Mr. Julian Gale has been visiting Dr. and Mrs. Kelley.

Mr. George Covington visited his daughter, Mrs. Allston, who has been quite sick at her home in Middletown.

Messrs. George Atwell and William Medders are having their homes prettily painted.

Mr. Clarence Thompson has returned to his home in Rock Hall after visiting his parents here.

Miss Mary Anderson and little daughter, Miss Daisy Ford, spent Saturday at Cecil.

Mrs. Sadie Severson and son, Linsey, Miss Daisy Severson and Mr. Harvey Severson spent Monday in Baltimore.

Miss Jennie Bowers went to Baltimore Tuesday to have her eyes treated.

Dr. and Mrs. J. W. Urie will move from the city to their home in the country.

Mrs. Mattie Gale will make her home with friends in Baltimore.

The Daily Bread Problem

There are many ways of making bread. Every woman has her own particular method, but the rule of all is.—"good yeast, good bread." Most bread troubles can be traced directly to the yeast, for stale yeast can never make light, palatable, nutrious bread.

Yet the majority of housewives are compelled to make their bread with yeast which has probably been lying on the grocer's shelf for weeks—lifeless and totally unfit for leavening bread,

The modern method is to have your yeast sent every baking day, just as you want it. It comes direct from the factory—clean pure and fresh. A simple method of supplying yeast in this manner has been worked out by the Fulton Yeast Company of Richmond, Va. This is certainly a boom to every woman who values the health and happiness of her family.

This yeast has been on the market for twenty five years and is well known in this locality. The makers however, will send free samples of Fulton Yeast and explain their plans more fully to all who address them at their factory.

THERE are ten bankers in the Columbus, Ohio, jail—enough at least to do all the clerical work!
