To The Democratic Voters of Kent County.

Pursuant to the action of the Democratic County Executive Committee on Tuesday, May 16, 1905, notice is hereby given to the Democratic voters of Kent county, that the delegates elected at said primaries are empowered to select six delegates, with half a vote each, at the county convention which meets in Chestertown on TUESDAY, JUNE 13, to represent Kent county in the Democratic State Convention to be held at such time and place hereafter as shall be named by the Democratic State Central Committee, to nominate one person for the office of Comptroller of the Treasury of Maryland.

ADAM F. HUEY,
JOHN M. COMEGYS,
SAMUEL J. WICKES,
State Central Committee for Kent Co., Md.

THE United States leads the world in life insurance, with nineteen billions of risks. The human family to-day is insured for the gigantic sum of twenty-six billions of dollars! Rodman Wanamaker, with his $2,000,000 insurance, is the leader, and his risks are in seven companies. John Wanamaker carries $1,500,000; Miss Helen Gould $1,000,000, and there are a thousand others with policies of a hundred thousand and over.

WE have had many inquiries lately for farms in Kent. Some want to buy and others to rent. Kent lands are in brisk demand. The strange thing is that people are so slow to learn how to secure farms. It is to advertise for them. One dollar invested in a good newspaper will make the want known to thousands and frequently will give the choice of many desirable locations. And so with those having lands or anything else to sell—or if you want to buy a horse or cow or machinery—let the public know it. This is the way it is done in the large cities. Why should not such wise business methods prevail in Kent county?

It Can't Be Bought!

An intelligent gentleman from the Sixth district said to us Thursday: "I am told that Mr. Barroll's supporters are offering as high as $50 apiece in our district for votes—that one man had the money offered him in advance—and that as much as $1500 would be spent by that faction in our district. I want to say to you that our district is not for sale. It can't be bought, at least for that sum. We are going to give a good round majority against Mr. B. this time, *sure!*"

HON. JAMES E. ELLEGOOD has an able article in last Saturday's issue of the Salisbury Advertiser on the subject of bribery. It is characteristic of the distinguished writer in its portrayal of the great curse that spreads its hydra head throughout the country and especially on the Eastern Shore of Maryland.

Personal.—The malicious falsehoods heretofore circulated against us is a sufficient warning as to all future canards. Other charges on the eve of the primary contest may be expected. We are sure that nothing in truth can be said, and the falsehoods will fall of their own weight and return to plague their authors, as all previous slanders have done.

For Democrats Only.

Democrats alone will have the right to participate in the Primary election today, and both sides in the factional contest are in honor bound to discourage any attempt to vote Republicans. The organization Democrats will keep a strict watch in every district and take account of any unfairness or lack of strict observance of the terms of the call. The judges, we are sure will act impartially. They cannot afford to do otherwise.

Why They Judge Us.

The Barroll writers reiterate the statement that the KENT NEWS was not true to the candidacy of Mr. Pearce, Mr. Vickers and Mr. Slay in the memorable contests in which the party has been engaged in past years. Further, that Mr. Urie received the support of the NEWS editors in his contest for State's Attorney. Now, all we have to say in reply to each of these accusations is that they are malicious falsehoods. The authors, each and all of them, knew they were false when they published them, and the purpose of their publication is plainly apparent to every one. Their whole object is to poison and prejudice the honorable gentlemen they profess to defend.

Another statement is that Fred. G. Usilton and Mr. Urie were seen in the NEWS office at night "with their heads stuck together" plotting for Republican votes to aid the organization. There is no truth whatever in this, except that Mr. Urie was in our office purely on a business matter, not one word having been said about politics either then or at the imaginary "back door" interviews. The young gentleman who visited the NEWS office that night and saw Mr. Urie there, is as guilty of plotting treason against the Democratic party as were the two named when he found them there, and the "astonished look on the face of each" was purely in the imagination of our young friend and in his zeal to *report something*.

The further statement that we have been parties to "successful deals" with Republicans against Democratic candidates, or that we ever voted against Democratic candidates, are falsehoods, bald and unqualified.

We are sure that the gentlemen whose names are thus used as a foundation for such charges, will not thank these reckless slanderers for the liberty they have thus taken.

The secret of these charges against us—in communications all emanating from one source—is, that the scribblers are *themselves guilty* of the very sordid motives and acts that they attempt to lay at our door, and thus knowing their own weakness and meanness, they presume to guage others by the same low standards.

The People Will Not Forget.

We briefly referred in our last issue to some of the events of Barroll's autocratic bossism in Kent county during the little while he has been "on top." Everything we said then was literally true, let him deny as he will, but we would go no further along this line were it not for his continued attacks upon us. Because of this we again briefly recur to some of his personal dictations. First, he laid violent hand upon one of the best School Commissioners the county has ever known and *had him turned out of office* for no reason in the world except that he was not appointed by his imperial majesty—Boss Barroll. Mr. John P. Ahern was in every way qualified for the position he held and his appointment was universally acceptable. His character was above reproach and he was the acknowledged friend and supporter of the public school system; he was generous to a fault and a leader in every public enterprise; in short he was an ideal citizen and just the man for such a position as School Commissioner. But he had not knocked at the Boss's door and said "by your leave" So he was ruthlessly kicked out!

The public school trustees were the next prey. As soon as the opportunity offered, Mr. Barroll made a clean sweep of the trustees that were not to *his* liking. Men and women that had served long years faithfully, and to the satisfaction of their communities, were deliberately turned out and his own favorites elected!

His ruthless hand was thrust further still into this great institution of the people and his disposition seemed next to dictate the appointment of teachers. The late lamented Examiner Peterson came under his august frown because he would not do his bidding.

All of this occurs in the first two years of his term as Chief Boss. What earthly power could stay his destructive hand if it be possible for him to secure the endorsement of the people in the ballot of today?

The people cannot forget these facts, nor the further fact, that the issue—the plain, unmistakable issue in this primary contest, is simply Barroll and anti-Barrollism. We have not one word to say against Mr. McWhorter, Mr. Nicholson, or either of the other candidates named. We would gladly support them if we could do so without endorsing Barrollism. But *this cannot be done*. Barroll is the issue, pure and simple, and all the virtues of the candidates he names will not hide this issue.

Good News for Tax-Payers!

We have the gratifying statement to make that the board of county commissioners on Tuesday last declared the tax rate for the present year at $1.15 on the one hundred dollars. Last year the rate was $1.30, and in 1903 it was $1.35. This shows a reduction of *fifteen cents on the hundred dollars* for 1905 and of twenty cents over 1903! There was no holding back or pushing over of accounts to do this either. Every claim was paid or provided for by an abundant cash levy. Last year the cash levy was increased $16,000 and this year several thousand more were added. Thus the cash levy is being gradually raised, so that in a few years the commissioners hope the county may be on a cash basis.

This result in the effort of two years to reduce the tax burden certainly speaks in high praise of the economic management of the present board of county commissioners. The tax-payers of Kent county will appreciate this substantial lessening of their heavy burden. Better still, this is only the beginning of a steady annual reduction of taxes. The county's financial affairs are now on a solid basis and next year, with the same good management, the tax rate will be *under one dollar!* For all these great results we should give credit where it is due. The careful oversight and economy practiced by the present board of commissioners has brought about these great results.

What is the lesson we should learn of these grand results? Certainly it is to recognize the faithfulness of the present Board by endorsing their official tenure.

Trying to Fool the People.

The popularity of R. D. Hynson, Esq., has met the Barrollites at every turn. The "handwriting on the wall" was seen some weeks ago, and the Chief Boss determined to call a council of war on the subject. So the telephone rang:

The Boss—"Hello, is this my newspaper office? Is Echo in? Tell him to come to the phone, quick." Echo answers—"Here am I." Boss—"Come down here at once—but come in the back way. See Judge Sam and bring him along. The thunder is to play if we don't *do* something."

The three noblemen were soon together and thus they conferred:

The Boss—Boys, we are licked sure as fate unless we can get rid of Dick Hynson. We can't buck against him.

Echo—You are right, Boss. But it would be nice if we *could* lick him.

Judge Sam—I don't want to fight Dick, but we've got to, 'cause he's agin the Boss.

The Boss—That's all so, but he's too strong for us. I have a plan to eliminate him. Just see. Echo, set your tune to this music: "Dick Hynson is simply *being used* by others to catch their fish. Cut 'em all out but Usilton. He's out of the county and has been for six months. He don't see our paper. So just give it to him like blazes. Say anything at all. We must make the people believe he's a Republican and an awful bad man anyway."

Echo—That's the tune. You're right, Boss. Kill the Usiltons. We can't kill Dick, though we may want to.

Judge Sam—Hold up there, now. I don't know about that. How can we fool people that way. Don't everybody know that Mr. Hynson is the head and front of the anti Bossites?"

Echo—But, Judge, we are going to pull him out by giving him some taffy.

Judge Sam—Yes, if you catch him with your taffy I am mistaken.

The Boss—O, botheration, don't talk so much, Act. Tune my organ to that music. We may fool some votes by this, and we must try everything. Wade in, Echo. Tell the people that Dick Hynson is not in the fight.

Judge Sam—But why tell such a bald lie? Everybody will laugh at us.

The Boss—O, no. They'll believe anything I say, and they know Echo only says what I tell him.

Echo—That's so, Boss. It's a go.

We know that this program has been literally carried out and, further, it is an absolute fact that one of the candidates on the Barroll ticket reported that his candidacy was "in the interest of Dick Hynson!" This is not rumor, but a fact, that comes to us on the very best authority. A gentleman, whose veracity cannot be questioned, will face the one who made the declaration.

A Fact Verified!

A Barroll member of the Convention from the Fifth district upon reaching home was heard to remark, "Well, I left the Hynson-Wickes wing because I thought they were trying to boss, but I think now that I have jumped from the frying pan into the fire!"

This statement has been denied by some gentlemen *who were not present*, but the NEWS is informed by Mr. Johnny Brice, an estimable gentleman of the Fifth District and one whose veracity is as unquestioned as any of the men who signed the denial, that Mr. Charles Miller made the above statement to him! Next.

THE Democracy of Talbot county have a factional fight on hand to-day equal to that in Kent, the leading contestants being Gen. Joseph B. Seth and Hon. Wm. Collins for the State Senate.
