Kent News.

VOL. 67. CHESTERTOWN, MD., SATURDAY, JULY 22, 1905. NO. 8.

Down we Come

Our half yearly reduction sale of Men's, Boys' and Children's Clothing begins today.

In it we offer you a fairly good selection of thoroughly dependable merchandise—Suits that are made to fit, and put together, not for this special sale, but are goods left from our season's selling, made up in the most approved manner—best trimmings and best workmanship.

You will find them all marked in plain figures, and every penny reduction you receive from the original price, is that much taken from an honest and legitimate profit. No marking up and then marking down prices, but what's the use using all this ink to tell you that the word CLEARANCE SALE with our name beneath it ought to be sufficient, for they have been too well established in the past years for there to be any doubt as to the genuineness of our offers.

In this sale we have Men's Suits low as $2.50 the whole suit. Boys' Suits at prices calculated to interest any mother who has a boy to don them. Straw hats are also included in this sale. We're going to let 'em go.

Yours for business,

J. D. LUCAS.

The Chestertown Bank Of Maryland

WILL PAY

4 Per Cent.

Interest on Savings Deposits

And continue to occupy the field of usefulness in this community, so long and so successfully held by the "Farmers and Mechanics Bank," the "Kent National Bank" and the "Chestertown National Bank," from the early "Forties" down to the present time.

It proposes to keep abreast of the popular demands of the Twentieth Century, by its Savings Department, allowing interest on deposits, its Safe Deposit Boxes, for the use of its depositors; and its improved facilities for loans to its depositors on approved notes, bonds, stock, or real estate security. Its stockholders are among the most active, energetic business men of the community, and its officers are experienced and capable; and will take pleasure in executing your business at the bank with dispatch and satisfaction.

We invite your account, deposits and business. Respectfully,

W. T. Pippin has contracted to build eight small frame dwellings on Cannon street for Mr. L. B. Russell.

MID-SUMMER WEDDINGS.

A Runaway Couple Come to Chestertown on Wednesday and Are Married.

Miss Lottye M. Rodenhi left the home of her mother, Mrs. Louise Rodenhi, 534 West Barre street, Baltimore, to visit a friend, Mrs Samuel Armstrong, at Rock Hall. Last Saturday afternoon Mrs. Rodenhi received a letter from her daughter telling her that she had been married to Mr. George F. Akers, of Rock Hall, last Wednesday, by Rev. Henry Martin, rector of Chester Parish Protestant Episcopal Church at Chestertown. The letter went on to beg her mother's forgiveness, and she said that she expected to arrive in Baltimore on Monday, and if her mother was not angry with her for her to send her sister to the wharf to meet them. Mrs. Rodenhi stated while she expected the wedding would take place in the fall, she was somewhat surprised at the action of her daughter. She also stated that she was perfectly reconciled to the match, and she thought a great deal of the young man who was now her son-in-law. The license was issued in Chestertown with the request "don't" publish for a month."

Another romantic wedding was solemnized at the M. E. Church South parsonage in Chesterville late last Wednesday night. The contracting parties were Miss Bertha, the attractive daughter of Mr. and Mrs. Wm. Miller, and popular teacher at Urieville, and Mr. S. Tylden Cooper, son of Mr. Samuel F. Cooper and a successful farmer of Worton. This wedding was quite a surprise as there were but few who knew anything of it until after the ceremony was performed.

Other weddings are noted in Chesterville Breezes.

DEATH'S DOINGS.

Mrs. Sarah Greenwood and Mrs. William Green Numbered in the List.

Mrs. Sarah Ann Greenwood died at the home of her brother, Mr. Sam'l Hurlock, near Cecilton, Tuesday night, aged 82. She was a lady of fine talents and enjoyed remarkably good health up to within a few years ago. She was very active for one so old and did not give up until disease brought her low. She leaves one son, Mr. Frank H. Greenwood, of Chestertown; two brothers, Samuel and Wm. J. Hurlock, of near Millington. The interment took place at Smyrna yesterday.

Mary Lizzie Crew, the ten months old child of John E. and Ida Crew, died Tuesday in Quaker Neck and was buried Thursday at Still Pond, Rev. W. L. White officiating, J. E. Ferguson undertaker.

Mrs. Annie Green, beloved wife of Mr. Wm. Green, formerly proprietor of the Chestertown Laundry, died at the University Hospital, Philadelphia, at 1 A. M., Thursday, aged 55. Mrs. Green had been a sufferer from cancer for some years and determined last Saturday to go to the hospital for treatment. She was accompanied by Dr. Catlin. The operation was performed by Dr. Martin, but the cancer had grown so rapidly that the operation proved too severe a strain on the suffering patient and she lingered but a short time.

The deceased was a Miss Murphy, of Washington D. C., and leaves a husband and three children, viz., Harry, Miss Florence and Arthur. She was beloved by all who knew her, always ready to do a kind act to neighbors, always willing to serve her friends and her bright, cheerful life made those about her happier. She was a devout and faithful Catholic and loved her church. Chestertown has lost a good citizen, her neighbors a kind friend, her husband a faithful helper, her children a loving mother.

The funeral will take place today at 9 A. M., from Sacred Heart Church, Chestertown, J. E. Ferguson undertaker. Revs. W. J. Scott, E. F. Curran and J. J. McKenna will officiate. The pall-bearers will be James T. Dixon, H. L. Boyd, Wm. and Charles McKee, Foster Cannon and Wm. H. Lambert.

Accidents.—Little Miss Mary Garrett, daughter of Wm. Garrett, near Galena, met with an accident last Thursday evening while playing around her home she walked on a corn knife cutting her foot very badly. Dr. Latimer was called in and dressed the wound.

Mr. J. W. Chapman met with a painful accident near the Dodd farm on Thursday. His horse, worried by the flies, got down, and in getting up, Mr. Chapman was struck by the animal, knocked into the thorn hedge and injured his limb and shoulder. Dr. Hines attended Mr. C. and ordered him to keep quiet for a few days.

Mr. Robt. Latham had his eyes and head severely burned by hot oil and steam at the Electric Light Plant on Thursday night. Dr. Simpers dressed his wounds.

A COUNTRY NOSEGAY

Tenants Changing Homes—Farmers Busy Threshing Wheat—Some Good Yields—Fine Prospect for Corn—Poor Peach Crop.

Mr. Lewin U. Skirven cut over two tons of hay per acre off his field, near town.

Three well-known farmers in Chestertown Monday stopped a loaded wagon and got a sample of wheat therefrom. Two of them staked their reputation on it grading rejected while the third gentleman thought it *might* go steamer. The wheat graded in Baltimore as No. 2 and brought 91½ cents per bushel! This wheat belonged to Messrs. Aldridge and Everett and was threshed last week.

I. F. Walbert threshed nearly 25 bushels per acre off 58 acres.

John Gale Usilton, near town, says he got the biggest crop ever raised on that farm, about 38 bushels per acre! He says he did not use a pound of fertilizer—nothing but good stable manure! "Squire" has a good tomato patch, too.

A dispatch from Topeka, Kansas, to the American says: Stories from the wheat threshing show this year's crop to be a record-breaker. General Passenger Agent Black, of the Santa Fe, today received notice of a yield of 90 bushels per acre in Ford county. Of course, this is an exception, but many fields report a yield of over 50 bushels per acre. In hundreds of instances the wheat crop harvested this year is worth three or four times the present value of the land. The Santa Fe officials say the state's yield will be more than 80,000,000 bushels.

Some citizens in the News Building question this report and state that the average yield in the United States is only 12½ bushels. The average yield in England is about 30 bushels.

Sam'l G. Lee, Melitota, kept up his reputation and got an average of 26 bushels from 102 acres. He got over 30 bushels per acre off 15 acres.

Otho Fogwell has rented the Jarrell—McCauley farm near Galena.

J. Wesley McCleary removes from the Edw. Maslin farm to the Brice farm, near Lankford, Linwood Sutton going to "Big Meadows" owned by R. F. Parks.

Sam Maslin has rented T. W. Eliason's Bruff farm in the fifth district.

Geo. Sutton, near Kennedyville, got 30 bushels to the acre. This farm has averaged nearly 30 bushels for the past twenty years!

John Wood on the Island got about 20 bushels per acre on 72 acres.

Will Lee on the Wilmer Home farm got 25 bushels per acre.

John P. Nicholson was disappointed in his yield—not quite 18 bushels.

S. Dewberry, one of Queen Anne's best farmers, threshed 2100 bushels off 70 acres.

Wm. Kirby, flourist, has rented C. T. Westcott's Rosen creek farm, near Chestertown, now tenanted by Mr. Faulkner.

The peach crop in Kent county for 1905 is estimated at 7,500 baskets.

Mr. T. G. Wroth got 22 bushels per acre on his Worton farm.

Sam Mann, on J. W. Chapman's farm got 2800 bushels off 125 acres.

W. T. Nicholson got an average of about 25 bushels off "Fancy" farm.

The description of grades of wheat established by the Baltimore Chamber of Commerce are as follows:

No. 2, shall be dry, sound, reasonably clean red winter wheat, of prime quality, and may contain a limited number of white grains.

Steamer No. 2, shall include all winter wheat not inferior to the grade of No. 2 Red in quality, except it may contain a limited amount of sprouted grains, garlick, or smut, and in condition may be slightly soft or damp, but must be cool and suitable for steamer shipment.

Rejected, shall consist of very damp, musty and damaged wheat.

Seven hundred and fifty-three loaded cars of vegetables and fruits, grown on the Delaware peninsula, were successfully and speedily moved up through Delaware and into Pennsylvania, New York and New England on Monday.

Peaches, although only a slight side issue in the business of the peninsula this year, were in evidence all through the enormous freight shipments, and while each peach grower averaged but fifty baskets or less there was a sprinkling of fruit in ice cars on almost every train.

Edw. Lusby got 25 bushels.

J. W. Lambert on Hendrickson farm got 24 bushels to acre.

Geo. S. Biddle got about 20 bushels to the acre.

Geo. D. Lofland on Jake Shriley farm got about 25 bushels to acre.

J. K. Aldridge got about 25 bushels per acre off the Everett farm, near town.

STORM AT BETTERTON.

A New House Moved From Its Foundation—Stable Blown Down—Trees Demolished, Etc.—Other News At The Resort.

A terrific wind storm accompanied by hail visited Betterton and vicinity Wednesday afternoon. The new house being erected by Mr. John W. Jester was moved off its foundation, while Mr. John Warram's stable was completely demolished, the roof being blown a hundred yards away and landed in the basaball lot. Capt. Harvey Brice's place was robbed of four or five fine shade trees while about Betterton several other trees were blown down. Mr. R. T. Turner's hay ricks were uncovered and in Mr. Will Jarrell's orchard his ripe fruit was knocked off while a late variety was untouched. His corn was badly damaged. Mr. Max Price's corn was damaged to a large extent, the wind breaking the stalks off near the ground. Hail by the quart could be picked up in Mr. Price' front yard. The storm covered a narrow vein fortunately.

Prof. Percival C. Norris, formerly of the Wilmington High School, has taken a number of the High School boys on a camping trip to Betterton, for six weeks. There will be three clubs, each to accupy two weeks at the camp. The clubs are the Chanatecha, Mokano and the Vaqners.

A large cargo of crushed stone and brick from the burnt district is being landed by an Ericsson Line steamer at Betterton, to be used in road construction. The big hill on the public road leading to the bay resort has been graded and widened, and hundreds of tons of the crushed material will be used to make a roadbed which heavy freshets will not affect. Oyster shells have been used on the public roads in many parts of Kent county, but the county commissioners believe that brick and stone will be more durable.

Mr. Atwell, our local crack shot, made a fine showing in the shooting contest held here last week.

The experts expressed themselves as well pleased with Betterton at a shooting-grounds. Certainly the hospitality shown by the Kent county people could not have been excelled. Mr. Louis E. Mordecai, who had a tent on the grounds, had an example of it which he tells of incessantly. It made a hit with him. The help wanted to cook their meals on the grounds and one went to the farm house and asked if a little cooking might be done on the farmer's stove. The genial farmer had a team hitched up and sent his stove to the shooting grounds during the tourney the kind-hearted Kent county family did their own cooking over a wood fire in their yard.

KENT COUNTY COMMISSIONERS.

Commissioners met Tuesday, July 18. Full board present. The following business was transacted:

W. F. Melvin, road work, 2nd D.	$ 16 35
J. A. Spry, do	7 00
