NOTICE TO THE PUBLIC.

The Law Regulating the Use of Automobiles.

IN VIEW of the use of motor vehicles in Kent county, we deem it proper to call the attention of the public to the law governing same, so as to protect the traveling public and to forewarn owners. This is a State law passed at the session of the Legislature of 1904.

CHAPTER 518.

AN ACT defining motor vehicles and providing for the registration of the same, and uniform rules regulating the use and speed thereof.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That every resident of this State who is the owner of a motor vehicle, and every non-resident owner whose motor vehicle shall be driven in this State, shall file in the office of the Secretary of State a declaration duly verified that such owner is competent to drive the motor vehicle for which application for license is made, and a written statement containing the name and address of such owner, together with a brief description of the character of such motor vehicle, including the name of the maker and the manufacturer's number of the motor vehicle, if number there be, and the rated horse power of the motor vehicle, and shall pay to the Secretary of State a registration fee of one dollar for each motor vehicle; the Secretary of State shall issue fer each motor vehicle so registered a certificate, properly numbered, stating that such motor vehicle is registered in accordance with this section, and shall cause the name of such owner, with his address, the number of his certificate and a description of such motor vehicle or motor vehicles, to be entered in alphabetical order of the owners' name in a book to be kept for such purpose. This section shall not apply to manufacturers or dealers in this State of motor vehicles, except as to vehicles kept by such manufacturer or dealer for private use or for hire.

SEC. 2. *And be it enacted*, That the owner of each and every motor vehicle driving the same upon the public streets, public roads, turnpikes, parks, public parkways, public driveways or other public highways in this State shall have the number of the license issued as aforesaid by the Secretary of State upon the back of every such motor vehicle, in a conspicuous place, so as to be plainly visible at all times during daylight, such numbers to be separate Arabic numerals, not less than three inches in height, the strokes to be of a width not less than three eighths of an inch, and, excepting the numbers upon the lights, required by Section 3 of this Act, such owner shall not be required to place any other marks of identity upon said motor vehicle.

SEC. 3. *And be it enacted*, That every motor vehicle shall carry, during the period from one hour after sunset to one hour before sunrise, at least two lighted lamps, showing white lights, visible at least two hundred feet in the direction toward which such motor vehicle is proceeding, and shall also exhibit at least one red light, visible in the reverse direction: upon the side or fronts of the two aforesaid lamps showing white lights shall be displayed, in such manner as to be plainly visible when said lamps are lighted, the number of the license issued as aforesaid by the Secretary of State, the same to be in separate Arabic numerals, not less than one inch in height; every motor vehicle shall also be provided with good and efficient brake or brakes, and shall also be provided with suitable bell, horn or other signal device,

SEC. 4. *And be it enacted*, That the following rate of speed may be maintained, but shall not be exceeded, upon any public street, public road or turnpike, public park or parkway, or public driveway, or public highway in this State by anyone driving a motor vehicle:

(1) A speed of one mile in ten minutes upon the sharp curves of a highway and at the intersection of prominent crossroads where such road or highway passes through the open country.

(2) A speed of one mile in ten minutes where such street or highway passes through the built up portions of a city, town or village.

(3) Elsewhere except as otherwise provided in Sub-divisions 1 and 2 of this section a speed of one mile in six minutes; provided, however, that in meeting or passing a person driving or riding or leading a horse or horses or other animals, such speed shall be reduced to a mile in ten minutes, and that nothing in this section contained shall permit any person to drive a motor vehicle at any speed greater than is reasonable, having regard to the traffic and use of highways, or so as to endanger the life or limb or to injure the property of any person; and it is further provided that nothing in this section contained shall effect the right of any person injured either in his person or property by the negligent operation of a motor vehicle to sue and recover damages as heretofore.

SEC. 5. *And be it enacted*, That the person in charge of said motor vehicle, at the signal or request of any person riding a horse, or of any person leading or driving a horse or horses or other animals, or at the indication of such horse or horses or other animals be coming alarmed by said motor vehicle, shall go as far as practicable to the side of the road and remain stationary until the said horse or horses or other animals have passed to a safe distance, in the meantime making as little noise as possible with the steam.

SEC. 6. *And be it enacted*, That any person driving a motor vehicle the owner of which shall not have complied with the provisions of this Act, or which motor vehicle shall display a fictitious number, the same being a number other than that designated for such motor vehicle by the Secretary of State, shall, upon conviction, be fined in a sum not exceeding fifty dollars, and, in default of payment thereof, be punished by imprisonment in the county jail for a period not exceeding thirty days; provided, this section shall not be construed to prohibit a motor vehicle displaying the proper number of its license from also displaying any other number for any lawful purpose.

SEC. 7. *And be it enacted*, That any person driving a motor vehicle upon any public streets, public highways, public roads, turnpikes, parks, public parkways or public driveways in this State in a race or on a bet or wager shall, upon conviction, be fined in a sum not exceeding fifty dollars, and, in default of payment thereof, be punished by imprisonment in the county jail for a period not exceeding thirty days.

SEC. 8. *And be it enacted*, That all motor vehicles used in this State shall be provided with a suitable lock to lock the starting lever, throttle or switch by which the vehicle is started, and no person shall allow any motor vehicle operated by him to stand or remain unattended on any road in said State, or street or road in any town or city in said State, without having first locked the lever, throttle or switch by which the vehicle may be set in motion.

SEC. 9. *And be it enacted*, That any person violating the provisions of this Act shall, except as otherwise provided herein, upon conviction, be fined in a sum not exceeding the amount hereinafter set forth: For a violation of Section 1, fifty dollars; for a violation of Section 2, twenty dollars; for a violation of Section 3, twenty dollars; for a violation of Section 4, Sub-division 1, twenty-five dollars; for a violation of Section 4, Subdivision 2, twenty-five dollars; for a violation of Section 4, Subdivision 3, fifty dollars; for a violation of Section 5, fifty dollars or confinement in the county jail for not less than thirty days, or both, in the discretion of the magistrate or court. In default of the payment of any of the above fines there shall be imposed an imprisonment in the county jail for a period not exceeding thirty days; provided, that any offender who shall have been guilty of a violation of this Act and sentenced therefor, and who shall be convicted of a second offense of the same violation, may for such second offense be fined in double the amount herein prescribed for the first offense, or may be punished by imprisonment in the county jail for a period not exceeding three months.

SEC. 10. *And be it enacted*, That whenever the term "motor vehicle" is used in this Act it shall be construed to include automobiles, locomobiles, and all other vehicles propelled otherwise than by muscular power, except the cars of electric and steam railways and other motor vehicles running upon rails or tracks; but nothing in this Act contained shall be construed to apply to or affect bicycles, tricycles or such other vehicles as are propelled exclusively by muscular power. This Act shall not apply to the vehicles known as motorcycles, but shall apply only to those mechanically propelled vehicles having more than two wheels.

FOR ELECTION CONTESTS.

Jackson-Smith Case One of Twelve Was Opened Wednesday.

EVIDENCE WEIGHS 700 POUNDS.

Is Only Third Recent Case of Like Proportions—What The Proceedings Will be in Detail.

Major Alexander McDowell, in his capacity as clerk of the House of Representatives, on Wednesday at 2 o'clock opened the testimony and depositions in the election contest case of William H. Jackson, contestant, against William H. Smith, growing out of the election last November in the First Congressional district of Maryland.

The depositions and exhibits in the Jackson-Smith case consist of six huge boxes, three large bundles and two sealed envelopes. The largest of these boxes weighs 53 pounds and consists of depositions and exhibits filed in behalf of Mr. William H. Jackson before Notary Public Murray G. Hooper. Apparently all the depositions and exhibits in this great mass of material have been filed in support of the contest of Mr. Jackson The various boxes, packages and envelopes are sealed and will not be opened until Wednesday, but the inscriptions on the outside indicate that all of the matter within is in support of Mr. Jackson's contest, except one box from Snow Hill, Md., in which the depositions and exhibits taken before Notary Public Horace Payne are in favor of both the contestant and the contestee.

The other matter consists of a package which came by express from Elkton, Md., containing depositions and exhibits taken before Thos. S. Miller, Clerk of the Orphrans' Court, in favor of Wm. H. Jackson; a package which came by express from Baltimore, containing depositions and exhibits in behalf of Mr. Jackson before Examiner in Chancery James G. Carr; a large wooden box of exhibits and depositions taken before Notary Public Elma Fleming, at Easton, Md., in favor of Mr. Jackson; a package which came by express from Centreville, Md., containing depositions and exhibits taken by Notary Public Alfred Tucker, Jr., in favor of Mr. Jackson; a large box of depositions and exhibits in favor of Mr. Jackson, from Denton, Md.; another large box of depositions and exhibits from Somerset county in favor of Mr. Jackson; a large box of similar depositions and exhibits from John H. Simpers, judge of the Orphans' Court at Chestertown, Md.; a sealed envelope of similar depositions from G. Vickers White, notary public at Salisbury, Md., and a similar envelope from John B. Robins, examiner in chancery at Crisfield, Md. These boxes and packages weigh in the neighborhood of 700 pounds.

This testimony has been sent to Clerk McDowell, in accordance with the provisions of the act of March 2, 1887. On the receipt of the testimony Clerk McDowell notified the contestant and the contestee by registered letter to appear before him at the Capital in person or by attorney for the purpose of being present at the opening of the sealed packages of testimony and of agreeing on the parts of the testimony to be printed.

HOW CASE WILL BE CONDUCTED.

As soon as the testimony is printed Clerk McDowell will forward by mail two copies to the contestee and two to the contestant, and will notify the contestant to file with the Clerk of the House within 30 days a brief of the facts and the authorities relied on to establish his case. Similar notice will be sent to the contestee.

On the receipt of the contestee's brief the clerk will forward two copies of it to the contestant who may, if he desires reply to new matter in the contestee's brief within like time.

All briefs will be printed at the expense of the respective parties, and 60 copies of them must be filed for the use of the Committee on Elections.

Organizing Oystermen—A local association of the Oystermen's Protective Association was organized in Cambridge by Mr. William Trickett Giles, secretary and counselor of the association. The meeting was called to order by Senator W. F. Applegarth, president of the Oyster Protective Association, and was addressed by Mr. Giles. The following officers were elected:

President, George T. Johnson; vice-president, Henry Stevens; secretary and treasurer, Alexander W. Goslee.

This makes the seventh branch association organized by Mr. Giles, and he proposes to organize numerous branches throughout all the tidewater counties. Some half dozen more will be organized in Dorchester county alone, beginning with Secretary.

The objects of the association, as announced by Mr. Giles, are threefold. First, to protect the interest of those engaged in oyster industry; second, to increase the oyster supply; third, to secure a better enforcement of the oyster laws. No specific plans are proposed at present, but on the third Wednesday in November next a State convention will be held in Baltimore, to be composed of delegates from all the branch associations, and then and there the methods and manner of best securing the above object will be formulated.

WHEN a man and his wife start to go anywhere, says an exchange, he tells her to get out his new suit, fix the buttons on his shirt, get his cuffs, good shoes, tie his necktie and a few other little jobs. Then he puts on his hat and says: "Great Scott! Ain't you ready yet?"—Rocky Mountain News.

Fortune for Colored Woman.—It is said that the wife of Perry Cooper, colored, is heiress to $250,000. Cooper and his wife left Thursday for Baltimore to see the lawyer who wrote to them about it. The woman's half-brother went some years ago to California and purchased a small farm which was afterward found to contain copper. He died this year leaving more than $1,000,000 to his four half-brothers and sisters and the Cooper women is one of them. If the story is true it will make her the wealthiest person in Talbot county below Easton, and one of the wealthiest persons in the county.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." Mrs. Emma Sawyer, Conyers, Ga.

The person in charge of said engine, at the signal or request of any person riding a horse, or of any person leading or driving a horse or horses attached to any vehicle; or at the indication of such horse or horses becoming alarmed by said engine, shall go as far as practical to the side of the road, and remain stationary until the said horse or horses have passed to a safer distance, in the meantime making as little noise as possible with the steam.
