ROCK HALL, MD.

THIS ADVERTISING is a sort of mutual affair, which has a tendency to strengthen the confidence which must exist between the seller and the buyer. Little profits and judicious advertising is the foundation upon which a successful business can be built. We call the KENT NEWS readers attention to our special sale of MEN'S AND BOYS' CLOTHING. A summer suit at reduced prices right in the height of the season is somewhat of an innovation, yet a call for these goods will convince you that they are extra values at our reduced prices. Then our SHOE BUSINESS is a hobby of ours. We try to keep the Shoe to please each and every patron. This necessitates us to carry a very large stock of shoes, and from this stock the most fastidious can be suited.

We carry a full stock of MEN'S HATS, LADIES' AND GENTS' FURNISHINGS, DRY GOODS OF EVERY DESCRIPTION, CARPETS, MATTINGS AND OIL CLOTHS. A nice line of GENERAL MERCHANDISE.

We hope to receive a liberal share of your patronage in the future.

We are yours for business,

M. KRAMER, = ROCK HALL, MD.

Now For Your Feet

When you want a shoe for any occasion you want one that is "Just Right" not "nearly so" nothing but "just right" suits and nothing but giving satisfaction suits us, that's why we take pleasure in offering you our new spring styles, made on custom shaped lasts with the "Just Right" details that make them a winner. We have all kinds and grades in great variety in Pat Colt, White Canvass and Russett in Oxfords and high cuts. The only place in town where you can buy the celebrated W. L. Douglass Shoes for men and boys. White Canvass, Tan Shoes and Oxfords are the "right thing" this season. My stock in these is all new, every pair of them.

SWEPT BY RELIGIOUS FLOOD

Armory is the Scene of Remarkable Demonstration at Christian Endeavor Convention in Baltimore.

A rush of enthusiasm that swept men off their feet and brought them sobbing and trembling to the front of the great C. E. hall, there to stand before 10,000 persons and declare their intention of leading a better life and giving themselves to Christ, swept over the men's great meeting at the Fifth Regiment Armory, in Baltimore Sunday afternoon. The demonstration was the most remarkable of its kind that has ever occurred in Baltimore, and was as sudden and unexpected as it was overwhelming. With no preparation and no thought of making the meeting a revival, nor of giving it an evangelistic flavor, at its close it developed into a scene so stirring and solemn that it will remain forever in the memory of thousands of those present. A great wave of religious emotion seemed to flood the hall, and 500 or more men—not delegates to the convention, not members of the Christian Endeavor Society, not churchmen of any kind, but men of toil, members of the labor unions, sturdy workers in many lines of trade—rose in their seats in prompt response to the eloquent and impassioned appeals of Rev. W. E. Biederwolf, of Monticello, Ind., and declared their wish to be saved, crowded around the speakers' stand and struggled to grasp the hand and speak a word to the man who had so thrilled them.

Several hundred of these men stood for minutes, while the great audience looked on, and sang and prayed and shouted with a religious zeal and fervor that fairly seemed to shake the great building. Many of the men and boys who had come forward in response to Rev. Mr. Biederwolf's appeal did so with the tears streaming from their eyes and their voices broken by sobs and husky with suppressed emotion.

JOY AMONG THE LEADERS.

The clergymen and workers on the platform looked on in wonder and were uplifted with enthusiasm and joy at the spectacle, which came as the most unexpected kind of a climax to a great and glowing meeting. The Christian Endeavor workers got right down in the crowd and distributed to the men who had signified their desire to lead better lives, by raising their hands or leaving their seats, cards upon which were printed the words "I want to be a Christian," and more than 200 of them signed their names and put their addresses on these cards.

"It is the greatest men's meeting in all our history," said Mr. Wm. Shaw, who has attended all except two of the international conventions in the last 24 years. "This demonstration was as marvelous as it was unexpected, and is the most striking thing that has occured during the whole convention."

The revivalistic part of the meeting was directly brought about by Rev. Mr. Biederwolf, who was the last speaker. There were fully 10,000 men in the hall, and many were in their shirtsleeves, the heat being intense. Rev. Edwin Forrest Hallenbeck, of Binghamton, N. Y., presided, and Mr. F. H. Jacobs, of Brooklyn, N. Y., led the musical part of the services, which was rendered with a vigor and enthusiasm that in itself stirred the crowd and prepared it for the great emotional upheaval that followed. There had been a beautiful cornet solo by Mr. Walter F. Plummer, followed by an address by Rev. Charles Stelzle, of Chicago, in which he directly appealed to the workingman.

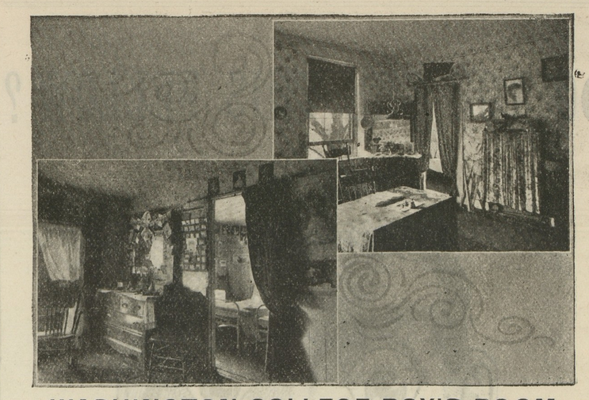

Much for Which to be Grateful.

The summer season with genuine summer weather is now present and all nature revels in the rich fullness of life. What a treat it is to leave the duties and cares of business and get out among the trees or down by the placid waters, or ripple and splash along the sands while the summer winds stir. The summer season is a fitting one for relaxation and we of the country can thus feel the coveted superiority which we enjoy over the less fortunate ones who must live and swelter between the oppressive walls of brick and mortar of a crowded city. After all life has many compensations for those of the quiet country home. The fresh air from mountian top or dreaming water courses, the rich green woods and fields with their promise of bountiful returns in earthly blessings, are indeed things to be grateful for in this life of ours.

WASHINGTON COLLEGE BOY'S ROOM.

WE, FOR THE 60TH SEASON PRESENT

...Our Fertilizers...

TO THE FARMERS AND PLANTERS OF KENT and adjoining counties. With pride we say that we are better equipped than ever, this year to give you your money's worth.

Many cannot understand why, after so many years doing business here, that Wilbur W. Hubbard's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

First the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, if making a dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid proof bags and sent out in splendid shape. We are often asked, "why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods, and in first class mechanical condition it pays to go to extremes as it is impossible to make a first class fertilizer otherwise, and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

The Fertilizers for 1905 are the best we have ever put out. Each year has its experiences. We learned something in 1904—the users of Wilbur Hubbard's Fertilizers will get the benefit of it. A poor article may sell rapidly for a time if it is pushed energetically, but a record of steady gain over a period of 60 seasons among the same people, can only be achieved by a good, reliable article. You can only judge the future by the past. If you have used Wilbur Hubbard's Fertilizers in the past you may be assured they will give you satisfaction in the future. If you have not tried them, we ask you if a record of Thirty (30) successful years with the farmers of the Middle States is not a sufficient guarantee to justify you in using the goods.

Soliciting your patronage, and thanking all our friends for their substantial support in the past, we remain

Very truly yours,

Wilbur W. Hubbard,

Manufacturer of Standard Bone Fertilizers,

July 15, 1905. CHESTERTOWN, MD.

GRATITUDE

Is the sweetest flower that blooms in the human heart, that may be true and it may not, however, I am very gratified to the farmers and public generally for their liberal patronage during the spring trade. I am now ready to serve your wants for the fall work.

JUST RECEIVED A CAR LOAD OF THE

Superior Grain Drills

And DISC HARROWS, on wheels. Also the EVANS DISC HARROWS, none better SPRING TOOTH and SPIKE TOOTH HARROWS. I can furnish you with a Hoe Drill, single or double disc, in any size. I am also agent for the Light Draft Ontario Drill. Come and see it.

Corn Harvesters

If you need a Corn Harvester, don't forget that the McCormick is the best in more ways than one, it is the strongest, lightest will pick up down corn better and carry more corn than any other Harvester made. It is not necessary to bind the corn to carry it 40 hills before dumping. A large line of repairs on hand, though few needed.

Fertilizers

Piedmont Mt. Airy Guano Co.'s goods are sold by me at very close prices. Some of the best farmers are using these goods with very satisfactory results. I ask a trial.
