WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—
"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—
"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. "My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

THE ASTERIA.

Interesting Data About the Magic Star Gem of Ceylon.

Familiar to some of the ancient writers and credited with supernatural powers, the asteria, or star gem, was highly valued for the benefits supposed to be conferred on the wearer. Its bright, six rayed star, ever changing and shifting with every play of light and especially shooting out its flames in the direct sunlight, would seem to be something more than an ordinary crystal, and to the superstitious mind it could readily be believed to embody some tutelar spirit. The particular virtue attributed to this gem was the conferring upon the wearer of "health and good fortune" when worn as an amulet, and to those fortunate to be born in the month of April, with which the stone was associated or represented, the wearer was insured from all evil. The star stone is found principally in Ceylon, invariably in soil peculiar to rubies and sapphires. Indeed it is composed of the same constituent "corundum," its chatoyant, or star rays, being caused by the pressure of what the natives call "silk." It is found in many different colors, from pale blue, pink and white to deep dark blue, ruby and purple. The blue are termed sapphire stars, the red ruby stars. It is always cue en cabochon, the star dividing into six rays at the apex. It is next in hardness to the diamond.

The "Moorman" of Colombo, with tools as rude and simple as his forefathers used 1,000 years before, with no training or instruction except the unwritten mysteries of the craft handed down from father to son, will produce the most wonderful results in cutting and polishing gems and in many instances rival the more educated lapidary of Europe for judgment in cutting gems to the greatest advantage.—London Graphic.

QUEER THINGS IN POLAND.

Superstition Plays a Leading Role With Young Men and Maidens.

It is customary in Polish villages to strew straw over the Christmas eve supper tables and for the young people, blindfolded or in the dark, to pick out each a straw therefrom. Should the straw be green the lucky maiden expects to wear a bridal wreath or the youth to lead a blushing bride to the altar during the approaching year, but a dried straw foretells to either long waiting, possibly even until death.

In other rural Polish districts on the "Christ's eve" wine, beer and water are placed by a girl between two candles on a table. She then retires into a corner or an adjoining room to watch the result reflected in a mirror hung for this purpose. If as the clock strikes midnight a man enters and drinks the wine she is happy, for her wooer will be rich. Should he drink the beer, she may be content, for the wooer will be well to do. If the water be chosen, her husband will be very poor. But if as the clock strikes no man comes to her table the anxious maiden shivers with more than midnight terror, believing that she is doomed to be early the bride of death.

Poland is peculiarly rich in these observances, spreading themselves throughout the year, both sexes being equally superstitious in this respect. On New Year's eve the young unmarried men place themselves before a fire and, bending down, look beneath their legs. Should a woman appear in the background it is the one they will marry, but if they see a shape as of a coffin it forebodes for them death during the year close at hand.

Birds' Names.

There are some odd names for game birds on the Chesapeake. A small shy snipe that flies with a twittering noise is called the horsefoot snipe because of its fondness for the horsefoot or horseshoe crab. It is called also the turnstone from its habit of overturning pebbles in search of food. The telltale snipe bears that name because it always sounds a note of alarm at the sight of a gunner. Chesapeake gunners believe that a single telltale can clear a whole region of game birds. The widgeon is locally called the bald pate, and the willet is so called because of its cry—will-will-willet.

Classical Advertising.

It seems curious to American ideas to know that there is a firm of house decorators in London which has been mentioned by some of the most eminent English writers. It started in 1695, and Jane Austen, Thackeray and Lord Lytton are among the many writers who have placed their heroes or heroines in rooms decorated by this firm. This might be called classic advertising.—New York Tribune.

Trade Superstitions.

Dressmakers will not "fit" with black pins and regard it as unlucky to tack with green cotton. Milliners regard as of happy augury the drop of blood falling on a hat from a pricked finger.—Notes and Queries.

Mutual.

Old Smithers—You're a disgrace to your family, sir. I'm almost ashamed to call you my son. Young Smithers—Say nothing, dad. I'm as much ashamed of it as you are.—Boston Transcript.

When Love Began.
