We are glad to hear that there is to be a festival here on the 28th of this month.

SEVERAL cases of diphtheria are reported in Kent, one in Morgnec and several in Piney Neck.

ROCK HALL ITEMS.

Last Sunday being a delightfu Autumn day and traveling good, quite a large assembly in K. of P. Hall, greeted Rev. Mr. Burr who though weak and nervous from his late illness, was on hand to deliver the devine message. He came filled with spiritual fervor and preached a warm, cheering sermon on the Disolution of the body, from the text "We all do fade as a leaf." Isa. 64: 6. Although this was the second time the same sermon was preached to us by the reverned gentleman in the last two years, it was just as interesting and soul stirring as it was at first, and is worth repeating even a third time.

The entertainment held in K. of P. Hall on Monday evening was a brilliant affair. The program follows:

Song and Music
Prayer .....Rev. Mr. Burr
Song.....All hail the power of Jesus name
Recitation..... Miss Edna Durding
Graphophone Selection
Song.....Miss Clara Downey
Recitation..... Miss Ida Joiner
Graphophone Selection

Then followed the breaking of the 150 banks which had been distributed some weeks before, for the collection of funds for church bell. The aggregate amount received from banks was about $138.00. This amount added to the receipts from the late bazar and supper $190.00, makes a total of $328.00, which fully pays for bell and placement in the bellfry. The new carpet for the church is also paid for. Therefore the collection of funds for frescoing and varnishing the interior of the church and plastering the outer walls, has a clear field. The "Modus operandi" of gathering funds for this new work is the contribution of one good day's income from each member and friend of the church. Rev. Mr. Burr is doing his level best to secure sufficient funds to meet the cost of new work and let the old debt remain as it is till next year but some urge the wiping out of the whole indebtedness and be done with. Why not do this? If every male member and friend who attends the church services, or sends their children to the Sunday School will contribute the amount of one day's work, the thing can be done, then let's give this one day's work. one full good day, not Saturday, when we only put in about half of it, nor the cripple day, by reason of wind or other unfavorable cause, but the good day when wind and tide favor us when we strike the oyster rich and role them in. If we do this we will feel the better, those beyond our dominion will think the better of us. Then we will all join in and sing "Praise God from whom all blessings flow," &c.

Not less than one hundred acres of land was washed away along the shore line between Huntingfield Point and E. N. Island during last week's storm. Fishing traps also suffered in large degree.

The oyster business for a week past has been booming so far as prices goes. The lumpers have been well. It is passing strange that however favorable the weather and high the prices, so many tongmen scarcely put in half the time they might, along about noon they go in and spend the remainder of the day in ease.

Whooping cough is prevailing to an alarming extent in our vicinity, several deaths among children have occurred. Undertaker Casey has been kept quite busy in his line.

Mr. S. M. Taylor who has been sick for two weeks, we are glad to state is able to be about again.

The funeral service over the remains of Capt. S. D. Sewell was of a most imposing and interesting character. A very large gathering of friends from among the employers, fellow workmen and secret society organizations of the deceased, witnessed the ceremonies. The floral tributes was profuse, costing not less than $1,000, all furnished by the companies and orders. Among the designs were a representation of a tug boat, a large wheel with one missing spoke. a galvanized chair richly burnished, a clock and many other smaller and most beautiful wreaths, crosses, mottoes &c.

THE shipment of Keifer pears have exceeded any crop heretofore harvested in Kent. Thousands of baskets are dumped in cars and boats and shipped to canneries in the cities.

CLIFF CITY, OCT. 16, 1905.

FOR THE KENT NEWS:

Whilst out doing a little missionary work I met with a surprise, although everything is apparently quiet. I found that our friends the enemy had been freely abroad and instilling into the minds of the people that each and every citizen of the State was liable to disfranchisement and subject to the whims of any Registration board. In one case a man who himself has voted in this county for nearly or quite fifty years, held me up on the plea that he would be disfranchised because he could not demonstrate the Constitution of the State, I told him he ought to be disfranchised but unfortunately the Poe Amendment would not reach him, that a citizen for 70 years certainly had sometime in which to learn the laws of the State in which he lived, this man is a Republican with a certain dislike to the worst element of the negro voting.

I found men of 25 to 35 whose fathers were well known in the county and in most cases even their grandfathers, had been stuffed with the idea that they would have to go through the ordeal of an examination and probably disfranchisement. It now comes to the point that our friends have not been sulking nor sleeping in their tents but have been "out of nights."

It is up to the KENT NEWS to disabuse these people and it will require the utmost missionary work to see every man in the county and learn how much he has been impressed with such ridiculous yarns. For the sake of our whole ticket, it is time that we were up and at them.

Get wise and go to work *all* white men. Let something be doin'!
