THE Amendment, if passed, will permit EVERY WHITE MAN in Kent County to vote.

THE issue is WHITE SUPREMACY and he who votes *for* the Amendment does it knowing what it means.

THE Southern States have tried this Amendment and find it a perfect success.

THE THING IN A NUTSHELL.

Vote It.

DEMOCRATIC TICKET.

To the writer of the editorial column in the Enterprise of last week denying the right of appeal under the Constitutional Amendment we would refer them to chapter 202 of the Acts of Assembly of 1896, section 23 which says. "Any person who feels aggrieved by the action of any board of registry in refusing to register him as a qualified voter, *or* in erasing or mis-spelling his name or that of any other person on the registry, *or* in registering or failing to erase the name of any fictitious person, may at any time," prior to the Saturday preceeding the election appeal to the Circuit Court, &c. &c.

It will be seen by reading the first clause of the paragraph *that any person who feels aggrieved by the action of the registrars in refusing to register him, may appeal from that decision.*

The language of the Act plainly gives the applicant the right, to appeal if he feels aggrieved by being refused registration.

The idea that the proposed Amendment should have contained the right of appeal clearly set forth, and because it does not contain it, there can be no appeal, is perfectly absurd. The Constitution as it now stands does not specifically provide for it—so why should an Amendment?

The right of appeal is given by statute and exists in the present election law, and even if no further legislation should be passed concerning it, the applicant for registration would be thoroughly protected. The proposed Amendment is silent upon that point, does not forbid it, therefore the statue would be in full force and effect.

To contend in one breath that the right of appeal is conferred only by statue and in the next that an Amendment to the Constitution should contain it, shows how uncertain the opponents of the Amendment are of their ground.

Senator Rayner's Fall!

Isador Rayner has disappointed the fondest hopes of even his most ardent admirers by his late somersault into the Republican camp. Here is what Hon. Joshua W. Miles, the man who did more than any other man on this Shore to elect him Senator, says:

"I charge you with absolute insincerity now, because when this interparty quarrel over the amendment was at its beginning after it had been indorsed by a democratic caucus, and while its provisions were perfectly well known to you and to every lawyer of standing in the state, so far were you from protesting against the passage of this amendment that you offered to enter into a written agreement to take the stump in advocacy of it and to declare yourself in the national convention and throughout the country as favoring the nomination of a gentleman for the presidency whom you now denounce as a party 'dictator,' seeking unlimited power by means of this very amendment, providing that gentleman would lend his aid in securing your election as United States senator. You know I have personal knowledge of the fact that you voluntarily made this offer, and you also know that I am not the only person who knows the fact. The fact is you made this offer in my presence. I was not impressed by its trading feature, but so great way my interest in the question of the adoption I was impressed with the idea that the way was opening by which the party might secure the benefit of your great eloquence in a cause that commands my profoundest interest and sympathy."

He denies the above just as the criminal always denies his crime and he is exposed to public derision and contempt. He has dealt double with his friends and tries now to deal his party a solar plexis blow.

THE list of nominations as they will appear on the official ballot will be found in the supplement of the NEWS to-day, published by order of the Supervisors of Elections of Kent county. To vote the Democratic ticket it will be necessary to place a crossmark in the square opposite the name of each Democratic candidate, just above the *dark* line. The two amendments to be voted on also appear in same column. To vote to eliminate the negro from politics in Maryland place your crossmark in the square opposite the words "For the Amendment," just above the *dark* line.

ISADOR RAYNER.

On the Negro Issue. "They Must be Cut Out," He Cried.

At Broadway Institute, Baltimore, October 26, Isador Rayner said: Stevenson A. Williams (the republican gubernatorial candidate) wants party emblems restored. He wants this, not in the interests of reform, but because the negro can vote that emblem—not vote principles at all but just for the emblem of his blind, unreasoning adherence to the party bosses who every year drive 65,000 voters in black hoardes up to the polls.

You don't know what this race issue is. You can't understand in Baltimore city what it means in 15 Maryland counties. It isn't a political question at all, but a business one. The Democratic party has not raised this issue. GOD MADE IT AND THE REPUBLICAN PARTY HAS DRAGGED IT TO THE FRONT UPON THE SOIL OF MARYLAND.

Prosperous towns on the eastern shore will be ruined.

Ruination and Disaster.

At Music Hall, October 24, Isador Rayner said: "I am about the last person on earth to raise the race issue. * * * Here in Maryland we are met with the fact that in a large number of counties the negro vote comprises, by an overwhelming majority, the republican vote; and in some of the counties alone, and in other counties added to the white republican vote, can be made to control and does control the political affairs of their people. IT CAN BE FURTHER STATED THAT NEGRO DOMINATION IN ANY PART OF THE STATE MEANS RUIN AND DISASTER TO THE PERSONAL COMMERCIAL AND POLITICAL INTERESTS OF THE PEOPLE WHO WOULD SUFFER THEREBY.

"Now, aside from politics, is this right? Is it the natural order of things? Should this State be dominated by illiteracy, by ignorance, and by a party of voters who have very little concern, if any, in the interests of Maryland? I say emphatically; no! And I proclaim it here tonight that it is our bounden duty—not alone as Democrats—but as citizens, to protect every county of this State from negro domination.

Negro Domination the Whole Question.

"This is the whole question, and it deserves the serious consideration of every right-thinking man in Maryland. The republican leaders realize that their cohorts consist of some 60,000 negro voters in this State, and they throw them against the Democratic party at all hazards and at every circumstance."

At Chestertown, October 19.—"Mr. Rayner said he had nothing but the kindest feeling for the colored race, but he was not willing to turn over the government of southern Maryland and many of the eastern shore counties to that race."

"Must Disfranchse Them."

At Westminster, October 17.—"Mr. Rayner discussed the race issue at considerable length, reading that portion of his speech in order that if it should get into the newspapers it might not be misrepresented. The danger of negro domination, through the large negro vote in southern Maryland and on the eastern shore, was portrayed in the graphic language of which Mr. Rayner is a master."—Dispatch to a Baltimore paper.

At Westminster.—"The question is: What is the duty that the State of Maryland owes to the counties in which this condition (negro domination) prevails? I believe that we should protect the negro population of this state, accord them every human right, educate and civilize them, but I will not accede to the proposition that we must commit the destiny of any part of this State into the hands of a mass of voters who, as a rule, have not interest or concern in our institutions, or in the progress of the State we love."

IS A NEGRO YOUR EQUAL?

Are you in favor of the negro having the right to vote?

That is the sole question contained in the proposed suffrage Amendment.

If you want the negro to have the privilege of walking up to the polls with you and exercising just as much political power--then vote against the Amendment, and you will continue to enjoy your degredation.

If you are of the opinion that after forty years of freedom and thirty-five years of voting privilege, during which time the State of Maryland—that is the white people of the State—have spent thousands of dollars upon his education, the negro is qualified to exercise the right of suffrage then vote against the Amendment, and continue him in his special privilege as your equal.

If you think, that after all that has been done for him he is a worthy and eminently desirable social and political element, then encourage him by voting to continue his privileges.

If, on the other hand you do not want the negro to have the right to walk up to the polls with you and kill your vote with his—VOTE FOR THE AMENDMENT.

If you think that the negro is ignorant of the principles of government, does not understand what he is voting for, but simply that he is to vote the Republican ticket, that he pays no tax and should have no right to say how or by whom your money shall be expended—then VOTE FOR THE AMENDMENT.

If you believe that the negro at present constitutes a menace to society, is indolent, insolent and altogether undesirable, and that the political privileges now accorded him in this State will have a tendency to increase the number and make them more imprudent and disagreeable then VOTE FOR THE AMENDMENT and put a check upon it.

If you believe that this is and should be a white man's state, that the time has come when the negro should be forced to the rear and that his political power should be curtailed--then VOTE FOR THE AMENDMENT.

In short, if you are opposed to the negro voting, help to stop him by VOTING FOR THE AMENDMENT. Do more than that, talk for it and get others to vote for it, and help Maryland to put the negro in his place and keep him there—and that place is not equal to yours or along side of you at the box.

INSTRUCTIONS TO VOTERS.

How To Proceed To Cast A Ballot Under The Election Law.

Attorney-General Wm. S. Bryan, Jr., has prepared the following instructions to voters as directed by Artice 33, Code of Public General Laws, and amendments thereto:

1. TO VOTE. Enter room, step up to guard-rail, give name and registered residence to the judges. Wait until your name is found upon the registers, then get ballot from the judge in charge of the ballots. See that he has written your name and number on the coupon attached to the ballot and his own name or initials on the back of the ballot itself.

2. Upon receiving your ballot, retire to one of the booths or compartments and prepare your ballot by marking with an indelible pencil after the name of every person, or persons, for whom you wish to vote, and to the right thereof in the blank space provided therefor, a crossmark, for example (X); and in case of a question submitted to a vote of the people, by marking likewise in the appropriate space a cross-mark(X)against the answer you desire to give.

3. In marking the ballot you may take with you into the polling place any written or printed memorandum or paper to assist you in preparing your ballot, except a fac-similie of the ballot to be voted, You must prepare and deposit your ballot without undue delay. Before coming from behind the curtain in front of your compartment you must fold your ballot in the same way as it was folded when you received it, so that the marks you have made upon it shall be entirely concealed. You then hand your folded ballot to the judge at the ballot box, give him your name and registered address, and wait until he tears off the coupon containing your name and number, and strings it, and deposits your ballot in box. You must then leave the polling room and cannot again go behind the guard rail during the day.

4. A voter must not go into any compartment occupied by another or converse with any other voter while engaged in a compartment, nor can he occupy a compartment more than seven minutes if others are waiting.

5. You must not take any ballot outside the guard rail. If you spoil a ballot you must deliver the spoiled ballot to the judge in charge of the ballots and you can receive another from him. IF YOU SPOIL THREE BALLOTS YOU LOSE YOUR VOTE.

6. A voter who is physically disabled from marking his ballot, must make affidavit to that effect if he desires assistance. The two polling clerks after such affidavit has been made, can accompany him into one of the compartments and there mark his ballot as he instructs them, marking only the names of the candidates whom he shall name. The clerks are not allowed to read the ballot to him.

7. Any voter who shall allow his ballot to be seen by any person with the apparent intention of letting it be known how he is about to vote, or place any distinguishing marks upon his ballot, or who shall make a false statement as to his inability to mark his ballot, or who shall interfere or attempt to interfere with any voter when inside the closed space in the polling room, or when marking his ballot, or who shall endeavor to induce any voter before voting to show how he marks or has marked his ballot, shall be punished by a fine of not less than five ($5) dollars nor more than one hundred (100) dollars, or by imprisonment in jail for a period not exceeding sixty days, or by both find and imprisonment in the discretion of the Court.
