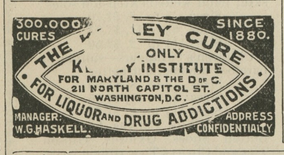
We also handle SALT MEATS.

CHARLES W. COPPER
The Up-Town Butcher,
Opposite N. C. Crow.



A CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chestertown, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:—

"I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass She is daughter in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always helpful to ailing women.

R. GROOME PARKS,

ATTORNEY-AT-LAW

Will practice in the Kent courts and also Baltimore City. jy10

We take all kind of Country Produce for the highest market price. Eggs 18c per dozen.

ABE COHEN, Sandy Bottom Department Store

SHAVE WITH HOT STEEL.

An Old Cutler's Advice to Men Who Use a Razor.

"Whenever I hone a razor," said an old English cutler, "I always give some advice with it, free, gratis, and I take great satisfaction in knowing that I have made shaving easier and more comfortable for more than 10,000 men. Almost every barber will tell you how to strop a razor, but it takes a cutler to tell you how to care for your strop and how to get the best work out of your blade.

"A swing strop, canvass on one side and horse hide on the other, is the best. Always hold it taut and draw the razor lightly, but swiftly, from heel to point. If you let the strop sag you will put a round edge on your blade. Don't forget to cover your strop or put it away in a drawer after using. If it hangs in a bathroom near a window the dust and grime get into it and soon take the edge from your razor. Whether you keep the strop covered or whether you don't, rub your open hand over the two surfaces to free it from dust.

"But what I consider my most valuable advice is how to do away with shaving paper entirely and at the same time improve the cutting quality of the razor's edge. Nine men out of ten shave themselves in a room where there is running hot water. Now, the way to get a most gratifying result is this: Lather thickly and well and let it remain on the face half a minute before you begin to shave. If you have time wash it off, for with it will come the grit and dirt that you have loosened up in the pores of the skin, and then apply a second coat. It will be as soft, smooth and clean as new velvet.

"Now turn on the hot water faucet and let it run. Hold the razor under the stream until it is heated. Then take a slanting, or diagonal, stroke, like a farmer does with a scythe, not a square pull, and you will be amazed to find how beautifully and easily the hot blade cuts the beard.

"When it is filled with lather hold it under the running hot water instead of using shaving paper. This will wash off the lather and at the same time heat the blade again. Don't be afraid of taking out the temper. That would be impossible if you put the razor in a kettle and boiled it. Try the hot blade and you'll never shave with the cold steel again."—New York World.

POISONS IN TOBACCO.

Tobacco destroys the taste, smell and digestion.

Tobacco kills mental, moral and physical vigor.

Tobacco paralyzes the mucous membranes and glands.

Tobacco's most dangerous poison, nicotine, is without antidote.

Tobacco contains prussic acid, ammonia, carbonic oxide and nicotine.

Tobacco contains stronger poisons than opium, alcohol, absinth or chloral.

A single leaf of tobacco or a single cigar contains enough of this poison to kill a man if applied properly.

Nicotine is the most deadly poison known to the pharmacopoea. A single drop or a grain will kill a large animal.

Nicotine resembles prussic acid in appearance, effects and activity. Nicotine's victims die in violent convulsions.—New York American.

No Answer Handy.

This is only worth the telling, writes a correspondent, because it contains a retort which, though a triumph of inconsequence, seems to me quite unanswerable. I happened to be reading some obvious newspaper proofs in a train when the good natured man next to me, with the intention no doubt of making himself agreeable, asked, "Ah, are you connected with the press?" I intimated briefly and perhaps not overcourteously that it was none of his business. He persisted that it was a quite civil inquiry, which I met with the remark that I had not asked him whether he was a clerk or a shop assistant. As he was obviously neither, this nettled him. "If I knew," he said, "what newspaper you belong to I would never buy it again."—London Chronicle.

Buffalo Calves.

Buffalo calves, as a rule, are born in April and May. They are active, vigorous little creatures, mild eyed as domestic calves, but possessing much greater strength and endurance. In a few seconds after birth they can get on their feet, and in twenty minutes they are fit to fight for their lives. Usually it is unnecessary for them to defend themselves at this tender age, as a buffalo cow is quite capable of attending to any business which may arise in connection with the defense of her precious baby.—Washington Star.

Pleasant Thoughts.

"Make yourselves nests of pleasant thoughts," counsels Ruskin. Bright fancies, satisfied memories, noble histories, faithful sayings, treasure houses of restful and precious thoughts which care cannot disturb or pain make gloomy or poverty take away from us—houses built without hands for our souls to live in—these things are not for earth alone; they are a part of the treasure that may be sent over.

Artful.

Young Mr. Fitts—What are you smiling at, dear? Mrs. Fitts—I was just thinking how you used to sit and hold my hand for an hour at a time before we were married. How silly you were! Mr. Fitts—I wasn't silly at all. I held your hand to keep you away from the piano.

The Regular Count.

The heart of a man who has lived to be seventy has beaten 260,000,000 times—not counting the times when he got scared and it worked overtime.—Somerville Journal.

CASTORIA

for Infants and Children.

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles and cures Constipation. It regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
