R. F. PARKS & SON,

CHESTERTOWN, MARYLAND

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of **Swamp-Root** is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEW HEADQUARTERS
FOR THE RELIABLE

Paint and Paper

HOUSES.

I HAVE removed my STORE AND PAINT HOUSE on Cross Street, next door to Davis & Satterfield's blacksmith shop, where we would be pleased to submit prices, show samples and estimate on papering your house.

A LARGE LINE OF WALL PAPER

Be sure you get the best workmen and the best material. Don't waste good money on bad material. Masury's Paints are the best on the market. We are sole agents for this district, and are always ready to show you sample cards and quote prices.

and guarantee satisfaction or no money If you want your Pictures Framed, call and see our selections of mountings before going elsewhere. They are the finest in town.

WM. L. FOWLER,
CHESTERTOWN, MD.

The extra vitality required to digest the Cow's winter foods is drawn from her milk secreting organs, weakening them and cutting down the milk supply. Fairfield's Milk Producer makes winter foods digestible, strenghens all organs and increases milk in quantity and quality. Sold under written guarantee by dealers named in adv. on page 1.

1909 COAL 1909

STOVE, EGG and NUT.

I have on hand an entirely new stock o Lehigh and Mahoney Coal—bright, clean and new, and not a lump of old stock. All coals cover. Oak and Pine wood sawed and split, and length and size desired. KINDLING, short and fine, as you want it. With thanks,

A. P. MATTHEWS,
Chestertown.

Fairfield's Blood Tonic for Horses Only neutralizes poisons, produced by undigested foods fermenting in the intestines. It strengthens digestion, purifies the blood, perfecting the health and increasing the animal's working ability. Sold under written guarantee by dealers named in adv. on page 1.

T. D. FRANCE

(Successor to J. T. Twilley.)

Dealer in Coal, Wood, Lime, Cement and Hay

We have newly stocked our yard and guarantee to please the public both in quality price and delivery and ask a trial. COAL AND WOOD UNDER COVER, which together with LIME, HAY, &c., will be delivered in any quantity on rail or water.

THOMAS D. FRANCE,
May-10. Cannon St. Chestertown, Md

Simple Remedy For LaGrippe

LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Sold by all druggists. J. T. Power, Millington, Md.

Foley's Kidney Pills

What They Will Do for You

They will cure your backache, strengthen your kidneys, correct urinary irregularities, build up the worn out tissues, and eliminate the excess uric acid that causes rheumatism. Prevent Bright's Disease and Diabates, and restore health and strength. Refuse substitutes.

SOLD BY ALL DRUGGISTS AND
J. T. POWER, Millington, Md.

RESOLUTIONS OF RESPECT

WHEREAS it hath pleased Almighty God in his wise providence to remove from our midst our brother, W. D. Pennington. We most heartily deplore the loss which the Grange and the community at large have sustained in his death. We, the undersigned committee, on behalf of Still Pond Grange testify to the worth and excellence of the deceased. An honest man, an upright citizen, a tender and devoted husband and parent, a true friend and neighbor.

WHEREAS the Grange deeply and sincerely sympathize with and hereby tender its sympathy to the bereaved family. Therefore be it

Resolved, That these resolutions be spread upon the minutes and a copy sent to the bereaved family, and to each of the county papers.

J. H. BEAUCHAMP.
J. HORTON KELLEY,
OLLIE H. MEDDERS.

THE HAMAN LAW

Chestertown, Feb. 9, 1910.

MESSRS. EDITORS—

I read in a recent issue of the Baltimore Sun more of Mr. B. Howard Harman's notions relating to new or amended legislation in connection with the oyster law. He, now, is very anxious to have *all* shells placed back on the barren bottoms, also, to have the privelege of taking five acres in the tributaries and thirty acres in the bay so enlarged as to give somebody the privelege of gathering up *thirty* acres in the tributaries and *five hundred* acres in the bay. We foresaw this movement two years ago and did not hesitate to say so in the strongest language at our command in some of our letters about that time. We then asked, and do now ask, who is to receive the benefits to be derived from these jumps, leaps and bounds into big acreages? As to putting shells back on barren bottoms many things must be taken into consideration. In the first place, does Mr. Haman really mean to place the shells on barren bottoms? His constructions as to what constitutes barren bottoms may well be suspected inasmuch as he is now contending for more acreage. Nature never grew any oysters on barren bottoms and why advocate placing *shells* there?

The question of putting shells back on *any* grounds is a big problem, and Mr. Haman should acquaint himself with some of the particulars. Anyone, of course, knows the State would have to buy the shells, pay freight charges on them and pay to have them shoveled out somewhere in the bay or tributaries, or, would he have the oystermen who is the real toiler in the industry, receive two to four cents less per bushel from the packer and which sum is to pay the expense for returning the shells to barren bottoms or grounds owned and controlled by the fellow who can pay for his *five hundred* acres? Is the object in this new or amended legislation to have the State multiply the "Shell Fish Commission's" duties so as to keep them forever in the State's employ, so one may lounge about the various packing houses to keep an eye on the shell pile, another or two to go on shell-laden vessels, or may be on State steamer at big cost to the tax-payer in order that the vessel might be unloaded on the *five hundred* acre lot?—make sure of it. Does anybody for a moment believe that the legislature, or at least those members who have some knowledge of this vast interest can be whedled into the idea that any Tom, Dick and Harry who owns or sails a vessel is going to take these shells out and spread them for the fun of it?

The whole business, from the purchase of the shells, the freighting and shoveling of them on barren bottoms, would be a waste of the State's money. Millions of dollars could be thrown overboard in this way, from which the State would never receive one dollar's return, and why? Simply because the territory known as barren bottoms, it is safe to say ninety-nine per cent. of it, is absolutely worthless for the propagation of oysters, even after the State has thrown millions of bushels of shells thereon. The writer undertakes to say without fear of successful contradiction, if the State engages in this business it will prove to be worse than throwing the peoples money away. I trust these theorists will fail utterly in their attempts to pursuade our representatives along this line, because it is the safe and sane opinion of practical men that it would be a contract surpassing the "Panama Job" from a financial standpoint. If those gentlemen whom we define as theorists would apply their ability to a careful study of nature and her laws relative to the propagation and cultivation of the oyster, they would find that old Nature beats theory every time and has been doing it for hundreds of years right here where so much agitation has challenged her prerogatives.

It is a well-known fact that she has let alone this vast area of territory, called barren bottoms as being unsuitable. Nature does not make any mistakes, for the wisdom of the Almighty directs her.

There are so many hundreds of honest, hard-working men toiling for a livelihood in this industry, it would seem a pity that any of us should keep still and wait for those who work the theory system, while nothing is accomplished but a continued unsettling industry and the spending of the toilers money after he is taxed.

Mr. Theorist, lets get back to nature's laws and form that point of view—seek to do a legitimate business. Nature's laws will not be consigned to fogyism. After years of agitation, we hope the legislature of Maryland has cut its wisdom teeth and will proceed to uncover the unselfish thing.

J. FRANK WHEATLEY.

Weather Forecasts.—From Rev. Irl R. Hicks, we obtain the following regarding the weather for the month of February: "A reactionary storm period on and touching the 11th, 12th and 13th, promises some very severe storms. A regular storm period covers the 15th to the 20th, being central on the 17th. A reactionary storm period is central on the 23nd, 23rd, and 24th having the full moon on the 23rd. Within three days of the 23rd many severe winter storms may reasonably be expected, bringing low barometer with heavy rain and thunder southward, turning to snow and blizzards northward. A regular storm period is in progress as February passes into March."

For Lame Back

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates—without rubbing—through the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

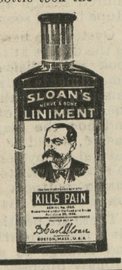

Here's the Proof.

Mr. JAMES C. LEE, of 1100 9th St., S.E., Washington, D.C., writes: "Thirty years ago I fell from a scaffold and seriously injured my back. I suffered terribly at times; from the small of my back all around my stomach was just as if I had been beaten with a club. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much ladder work as any man in the shop, thanks to

Sloan's Liniment

Mr. J. P. EVANS, of Mt. Airy, Ga., says: "After being afflicted for three years with rheumatism, I used Sloan's Liniment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

Prices, 25c., 50c. and $1.00

Sloan's book on horses, cattle, sheep, and poultry sent free. Address
