The delivery clerk in the country post office has much to annoy him. There is a drummer who wants any letters that may come for him during the next ten days forwarded him at New York; the man who wants to know if a letter now will go east on the 2.50 train; the boss mailed a letter without a stamp an wants it back; six men who forgot their box keys and want the the mail handed out to them; the woman who knows there must be a letter for her, asks the clerk to "look again;" and then the man who gets angry and wants the smart clerk to "come out on the sidewalk just two minutes."

A friend asked us to multiply $5 by $5. We do so and announce the result as $25. Now multiply 500 cents, give the answer in cents, pure and simple, not as fractional parts of a dollar. We do and are surprised to see the figures climb up to 250,000 cents, which is $2,500. As $5 and 500 cents are equivalent, the result is puzziing. It cannot be urged that decimal marks should be used. A cent, as such, is as distinct a unit as a dollar, and as the result is to be announced in cents the decimal cannot be pleaded in extenuation of the rather surprising result. But there is clearly something wrong. Can any reader explain it.

New Ruling.—Accoring to a recent decision of the courts, a man who wants to go faster than his neighbor who is ahead of him on the road, has a right to pass. If he is prevented by the other and an accident happens because of the latter's interference, the obstructionist is responsible for the damage.

Hen-Raising Paid.—That chicken raising can be made to pay has been proved by a woman, Mrs. H. W. Socks, of Midvale, near Pen Mar, who by giving careful attention to her fowls made a remarkable record in the last year. Mrs. Socks had 38 hens that laid 369 dozen eggs, or a total of 4340 eggs, an average of 116 eggs a hen during the year. The income from each hen received by Mrs. Socks was $1.89½. The lowest price she received for the eggs was 15 cents a dozen and the highest price was 35 cents, during November and December. Mrs. Socks said she cared for her hens and fed them regularly, using a variety of food, often feeding them three kind of food in a day.

Vessels Floated.—As announced in the News The Ericsson Line Steamer Lord Balimore and the city iceboat Latrobe, which were aground off Poole's Island, were both floated Saturday morning at 9 o'clock after assistance from the iceboat Annapolis and the tug Baltimore.

The Lord Baltimore grounded on Wednesday during the fog while conveying the steamer Ericsson. When on Thursday the iceboat Latrobe went to her assistance she also went aground. Word of their predicament was sent back to the city by a passing steamer and the iceboat Annapolis was sent to to their assistance. The Ericsson Line had already dispatched the tug Baltimore with a lighter to the scene, and between the two the vessels were pulled off.

It is understood that the drifting ice had cut adrift several of the buoys in the bay and that this contributed to the grounding of the Lord Baltimore as much as the fog.

EDITORIAL NOTES.

The good suggestion made by the Emmittsburg Chronicle in a recent issue that a law be passed compelling railroads to publish their time-tables in the local papers, is opportune and excellent. The Legislature is in session, and if a bill be enacted carrying out this suggestion it will be of inestimable help and aid to people living in the country. The Westminster Advocate adds that railroads are ignorantly presumed to be public service corporations in the full sense of the word, but in actuality they render only such service for the public's convenience as is required of them by law. Let the law make them afford those members of the public who wish to patronize their roads a reasonable opportunity to know of the goings and comings of their trains. Not all of us have 'phones, and even those who have should not be subjected to the expense of calling up Baltimore when a journey beyond is contemplated. There should be no difficulty about the passage of such a law. Let every local paper take it up. Call on your representatives to secure for us this little relief from the many inconveniences to which we are forced to submit when compelled to travel. Such a timely suggestion ought not to be neglected, and no delay should be made in offering the bill.

United States Senator John Walter Smith a few days ago denied the report of a combination between himself and State Senator Gorman, by which Mr. Gorman is to run for Governor in 1911 and to succeed Mr. Rayner in the United States Senate.

One of the great things which the present Legislature will accomplish and for which it will be applauded by every thoughtful and humane taxpayer in the State and others will be ample State care of all the indigent insane people, many of whom have been kept in unsuitable quarters in the various almshouses. Conditions have been very bad with many of these unfortunates for years and the State has wisely decided to hasten to their rescue. Maryland has already done great things for its wards, but none have met a warmer response from the people than that which will be given to the one now in hand.

United States Commissioner of Education speaking of corporal punishment in public schools says: "It strikes me that it is better to have a boy whipped than to let him go to the devil."

WILLIAM W. BECK, ATTORNEY.

Order of Publication.

James T. Hurlock,
versus
Annie Hurlock.

In the Circuit Court for Kent County in Equity. No. 1734.

THE object of this suit is to procure a Decree "A Vinculo Matromonii" in favor of the plaintiff from the defendant, Annie Hurlock.

The Bill states that the plaintiff, the said James T. Hurlock, was on the 19th day of January in the year 1889, married to his wife, Annie Clendaniel, in Kent county.

The Bill states that though the conduct of the plaintiff towards his wife, the said Annie Hurlock, has always been kind, affectionate and above reproach, the said Annie Hurlock has without any just cause or reason, abandoned and deserted him and has declared her intention to live with him no longer and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final and the separation of the parties beyond any reasonable expectation of reconciliation.

The Bill states that the said defendant, Annie Hurlock is a non resident of the State of Maryland. and is now residing in the State of New York.

The Bill states that the said parties have had three children born to them from said marriage.

It is thereupon, this 7th day of February, 1910, ordered by the Circuit Court for Kent county, in Equity, that the Complainant, by causing a copy of this order to be inserted in some newspaper printed and published in Kent county, Maryland, once in each of foursuccessive weeks before the 14th day of March, 1910. give notice to the said absent defendant of the object and substance of this bill and warning her to appear in this Court in person or by solicitor on or before the 31st day of March, 1910, to answer the premises and show cause, if any she has, why a decree should not pass as prayed.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease And Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing in Oils and Liniment will not cure, affords only temporary relief at best, causes you to delay the proper treatment, allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatsim than paint will change the fibre of rotten wood.

Science has at least discovered a perfect and complete cure. which is called "Rhumacide." Tested in hundreds of cases, it has affected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poison out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In tablet form at 25 and 50c a package. Get a bottle to-day. Booklet free if you write to Bobbitt Chemical Co., Baltimore, Md. Trial bottle tablets 25c by mail. 15Jan4m.
